Sincerely,
GARY L. POULSON
Deputy Revisor

Supreme Court of Wisconsin
Director of State Courts
Madison

September 28, 1992

To the Honorable the Legislature:

Section 9110(2q) of 1991 Wisconsin Act 39 requires that I submit the Court Automation Support Plan by October 1, 1992. Pursuant to that requirement I herewith file the plan with the chief clerk of each house of the Legislature for distribution to their respective members as provided by sec. 13.172(2), Wis. Stats.

The Court's biennial budget submission for FY 93-95 contains costs and quantitative analysis of the resources necessary to phase in the CCAP Support Plan. If you have any questions or require any further information, please feel free to contact my office.

Thank you for your assistance in helping us disseminate this plan.

Sincerely,
J. DENNIS MORAN
Director

State of Wisconsin
Legislative Audit Bureau
Madison

September 30, 1992

To the Honorable the Assembly:

We have completed a financial and compliance audit of the University of Wisconsin System as required by s. 13.94, Wis. Stats., and as requested by the University of Wisconsin System Administration to meet the audit requirements of the federal Office of Management and Budget Circular A-133. Our audit period was July 1, 1989, through June 30, 1991. We also included the student financial aids programs for the prior fiscal year at seven campuses.

Our compliance report 92-24 contains the auditor's statements on the internal control structure, and statements on compliance. It also identifies our concerns with controls, instances of noncompliance with federal requirements, and questioned costs totaling \$136,479. A separate financial report 92-25 contains the University of Wisconsin System financial statements, supplementary schedules of federal financial assistance, and our auditor's reports on the statements and schedules for the audited period.

Our reports are lengthy and detailed. We are, therefore, limiting our initial distribution to those required by law to receive copies and to those who have an obvious and direct interest in our detailed findings. However, if you are interested in receiving copies of these reports, please contact our office and request numbered 92-24 and 92-25.

Sincerely,
DALE CATTANACH
State Auditor

State of Wisconsin
Department of Health and Social Services
Madison

October 1, 1992

To the Honorable the Assembly:

The attached report is submitted in accordance with section 49.45(2)(a)21 of the statutes, which directs the Department of Health and Social Services to report annually on Wisconsin Medical Assistance (MA) recipients' access to obstetric and pediatric services. The report outlines the variety of Federal and State mandates and initiatives that have been established to encourage increased provision of these important services by physicians and other mid-level health professionals, and increased use of care by pregnant women and children who receive Medical Assistance.

I am pleased to advise you that for the third consecutive year, Wisconsin's State Plan amendment, which assures the federal Health Care Financing Administration (HCFA) that Wisconsin's Medical Assistance recipients have access to pediatric and obstetric care equal to that of the general population, has been accepted. As this report indicates, pediatric and obstetric care for Wisconsin Medical Assistance recipients was provided by at least 50% of the total number of pediatricians, obstetricians, and family and general practitioners practicing in each of the 12 regions developed for Federal State Plan reporting.

Access to pediatric and obstetric care for MA recipients will continue to be a focus of Departmental efforts.

Sincerely,
GERALD WHITBURN
Secretary
