COMMUNICATIONS

State of Wisconsin
Department of Public Instruction
Madison

September 30, 1992

To the Honorable the Legislature:

The department is pleased to submit the 1990 and 1991 Annual Reports on the Status of Bilingual-Bicultural Education programs, as required under section 115.996 of Wisconsin's Statutes.

The reports provide a review of the state's administration and funding of bilingual education in Wisconsin and highlight factors contributing to program expansion and lower reimbursement rates. The number of pupils served from minority language groups, the locations of the state funded programs during the regular school year and summer school programs, and staff related data are included in the report to assist those with responsibility for ensuring the continued success of bilingual education programs in Wisconsin. I am confident that you will find the report both informational and useful.

With the completion of these two annual reports, the department will have cleared up a backlog that developed due to staff vacancies. The 1992 report will be submitted on schedule by December 31, 1992.

If you should have any questions on any aspect of this report, please contact William J. Erpenbach, Director, Bureau for Educational Equity Programs, 267-1072. He
