abuse of controlled substances constitutes a serious problem to develop acceptable alternatives to drug abuse; users and experimenters should be such as will best induce endeavors and restore them to legitimate and socially useful activities, and protect the public from their pernicious predators acts; however, persons addicted to or dependent upon controlled substances should, upon conviction, be sentenced in a manner which will deter further trafficking by them, protect the public from their pernicious activities, and restore them to legitimate and socially useful endeavors.

(2) Persons who habitually or professionally engage in commercial trafficking in controlled substances and prescription drugs should, upon conviction, be sentenced to substantial terms of imprisonment to shield the public from their predatory acts. However, persons addicted to or dependent on controlled substances should, upon conviction, be sentenced in a manner most likely to produce rehabilitation.

(3) Upon conviction, persons who casually use or experiment with controlled substances should receive special treatment geared toward rehabilitation. The sentencing of casual users and experimenters should be such as will best induce them to shun further contact with controlled substances and to develop acceptable alternatives to drug abuse.

SUBCHAPTER II
STANDARDS AND SCHEDULES

161.11 Authority to control. (1) The controlled substances board shall administer this subchapter and may add substances to or delete or reschedule all substances enumerated in the schedules in ss. 161.14, 161.16, 161.18, 161.20 and 161.22 pursuant to the rule-making procedures of ch. 227. In making a determination regarding a substance, the board shall consider the following:
(a) The actual or relative potential for abuse;
(b) The scientific evidence of its pharmacological effect, if known;
(c) The state of current scientific knowledge regarding the substance;
(d) The history and current pattern of abuse;
(e) The scope, duration and significance of abuse;
(f) The risk to the public health;
(g) The potential of the substance to produce psychic or physical dependence liability; and
(h) Whether the substance is an immediate precursor of a substance already controlled under this chapter.
(2) After considering the factors enumerated in sub. (1), the controlled substances board shall make findings with respect thereto and issue a rule controlling the substance if it finds the substance has a potential for abuse.
(3) If the controlled substances board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.
(4) If any substance is designated, rescheduled or deleted as a controlled substance under federal law and notice thereof is given to the controlled substances board, the board by affirmative action shall similarly control the substance under this chapter after the expiration of 30 days from publication in the federal register of a final order designating a substance as a controlled substance or rescheduling or deleting a substance, unless within that 30-day period, the board objects to inclusion, rescheduling or deletion. In that case, the board shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing, the board shall publish its decision, which shall be final unless altered by statute. Upon publication of objection to inclusion, rescheduling or deletion under this chapter by the board, control under this chapter is stayed until the board publishes its decision.
(5) Authority to control under this section does not extend to intoxicating liquors, as defined in s. 139.01 (3), to fermented malt beverages as defined in s. 125.02, or to tobacco.
(6) (a) The controlled substances board shall not have authority to control a nonnarcotic substance if the substance may, under the federal food, drug and cosmetic act and the laws of this state, be lawfully sold over the counter without a prescription.
(b) If the board finds that any nonnarcotic substance barred from control under this chapter by par. (a) is dangerous to or is being so used as to endanger the public health and welfare, it may request the department of justice in the name of the state to seek a temporary restraining order or temporary injunction under ch. 813 to either ban or regulate the sale and possession of the substance. The order or injunction shall continue until the adjournment of the legislature convened next following its issuance. In making its findings as to nonnarcotic substances under this paragraph, the board shall consider the items specified in sub. (1).

(1) had attained the age of 18 years, even if the mistaken belief was reasonable.

(3) Solicitation under sub. (1) occurs in the manner described under s. 939.30, but the penalties under sub. (1) apply instead of the penalties under s. 939.30 or 948.35.

(4) If the conduct described under sub. (1) results in a violation under s. 161.41 (1), the actor is subject to prosecution and conviction under s. 161.41 (1) or this section or both.

161.46 Distribution to persons under age 18. (1) Except as provided in sub. 161.47 Conditional discharge for possession or attempted possession as first offense. (1) Whenever any person who has not previously been convicted of any offense under this chapter, or of any offense under any statute of the United States or of any state or of any county ordinance relating to narcotic drugs, marijuana or stimulant, depressant or hallucinogenic drugs, pleads guilty to or is found guilty of possession or attempted possession of a controlled substance under s. 161.41 (3), the court, without entering a judgment of guilt and with the consent of the accused, may defer the proceedings and place him or her on probation upon terms and conditions. Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the person and dismiss the proceedings against him or her. Discharge and dismissal under this section shall be without adjudication of guilt and is not a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime, including the additional penalties imposed for 2nd or subsequent convictions under s. 161.48. There may be only one discharge and dismissal under this section with respect to any person.

(2) Within 20 days after probation is granted under this section, the clerk of court shall notify the department of justice of the name of the individual granted probation and any other information required by the department. This report shall be upon forms provided by the department.

(2) Except as provided in sub. (5), if a person pleads guilty or is found guilty of possession or attempted possession of a controlled substance under s. 161.41 (2r) (b), (3m) or (3n), the court shall order the person to comply with an assessment of the person’s use of controlled substances. The court’s order shall designate a facility that is operated by or pursuant to a contract with the county department established under s. 51.42 and that is certified by the department of health and social services to provide assessment services to perform the assessment and, if appropriate, to develop a proposed treatment plan. The court shall notify the person that noncompliance with the order limits the court’s ability to determine whether the treatment option under s. 161.475 is appropriate. The court shall also notify the person of the fee provisions under s. 46.03 (18) (fm).

(3) The facility shall submit an assessment report within 14 days to the court. At the request of the facility, the court may extend the time period by not more than 20 additional workdays. The assessment report may include a proposed treatment plan.

(4) The court shall consider the assessment report in determining whether the treatment option under s. 161.475 is appropriate.

161.475 Treatment option. Whenever any person pleads guilty to or is found guilty of possession or attempted possession of a controlled substance under s. 161.41 (2r), (3m), (3n) or (3r), the court may, upon request of the person and with the consent of a treatment facility with special inpatient or outpatient programs for the treatment of drug dependent persons, allow the person to enter the treatment programs voluntarily for purposes of treatment and rehabilitation. Treatment shall be for the period the treatment facility feels is necessary and required, but shall not exceed the maximum sentence allowable unless the person consents to the continued treatment. At the end of the necessary and required treatment, with the consent of the court, the person may be released from sentence. If treatment efforts are ineffective or the person ceases to cooperate with treatment rehabilitation efforts, the person may be remanded to the court for completion of sentencing.

161.48 Second or subsequent offenses. (1) Except as provided in subs. (2) and (4), any person convicted of a 2nd or subsequent offense under this chapter may be fined an amount up to twice that otherwise authorized or imprisoned for a term up to twice the term otherwise authorized or both.

(2) If any person is convicted of a 2nd or subsequent offense under this chapter that is specified in s. 161.41 (1) (e), (cm), (d), (e), (f), (g) or (h), (1m) (c), (cm), (d), (e), (f), (g) or (h), (2r) (b), (3m), (3n) or (3r), any applicable minimum and maximum fines and minimum and maximum periods of imprisonment under s. 161.41 (1) (c), (cm), (d), (e), (f), (g) or (h), (1m) (c), (cm), (d), (e), (f), (g) or (h), (2r) (b), (3m), (3n) or (3r) are doubled. A 2nd or subsequent offense under s. 161.41 (3m), (3n) or (3r) is a felony and the person may be imprisoned in state prison.

(3) For purposes of this section, an offense is considered a 2nd or subsequent offense if, prior to his conviction of the offense, the offender has at any time been convicted under this chapter or under any statute of the United States or of any state relating to controlled substance, narcotic drugs, marijuana or depressant, stimulant or hallucinogenic drugs.

(a) involves only the distribution, or the possession with intent to deliver, of not more than 25 grams of tetrahydrocannabinols, listed at s. 161.14 (4) (t), or not more than 5 marijuana plants, the court shall sentence the person to at least one year in prison, but otherwise the penalties for the crime apply. Except as provided in s. 161.438, the court shall not place the person on probation. 161.52 Administrative inspections and warrants. (1) Issuance and execution of administrative inspection warrants shall be as follows:

(a) A judge of a court of record, upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections authorized by this chapter or rules hereunder, and seizures of property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the enforcement of this chapter or rules hereunder, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant.

(b) A warrant shall issue only upon an affidavit of a designated officer or employee of the pharmacy examining board or the department of justice having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant. The warrant shall:

1. State the grounds for its issuance and the name of each person whose affidavit has been taken in support thereof;

The return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken, if present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was taken and to the applicant for the warrant.

(d) The judge who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the clerk of court for the county in which the inspection was made.

3. Inventory any stock of any controlled substance therein and obtain samples thereof.

(d) This section does not prevent entries and administrative inspections, including seizures of property, without a warrant:

1. If the owner, operator or agent in charge of the controlled premises consents;

2. In situations presenting imminent danger to health or safety;

3. In situations involving inspection of conveyances if there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

4. In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; or

5. If in all other situations in which a warrant is not constitutionally required.

(e) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator or agent in charge of the controlled premises consents in writing.
