State of Wisconsin
Department of Employment Trust Funds
Madison

December, 1992

To the Honorable the Legislature:

This is the 1990 Comprehensive Annual Financial Report of the Wisconsin Department of Employment Trust Funds (ETF), a report which will catch up with audited financial and program material through 1990 and position ETF to produce a 1991 Report soon thereafter which will contain very current audited financial data.

We have been working to revamp these reports, which also serve the state's "Annual or Biennial Report"

JOURNAL OF THE ASSEMBLY [March 25, 1993]

requirements, so that ongoing information can be provided, year-after-year.

ETF manages retirement and benefit programs for a wide variety of state, municipal, school district and other local employers. ETF represented and "worked for" 359,947 active, retired and inactive employees and all their dependents in 1990. We represent and serve 1,100 public sector employers, nearly every one in Wisconsin. Our programs continued to grow in fiscal impact and scope during 1990.

This report's appendix also provides audited financial data for 1989 so that a complete record is provided, updating as a public record the Department's last Annual Report.

Expanded graphics in the Introductory Section will give you a thumbnail sketch of the scope of Wisconsin's public retirement and benefits system and how important these programs are to the citizens of the state.

Other sections provide basic retirement and benefit statistical information over a 10-year reporting period and the requisite actuarial statement. For the state's "Annual Report" requirements, we provide some information on ETF's accomplishments, legislation passed affecting our programs, and objectives that are in somewhat different time periods than the fiscal data. This material continues from the last Annual Report of the agency, which covered calendar year 1988 and was published in the spring of 1990.

Your comments would be appreciated and can be directed to me at (608) 266-0301 or to David Hinrichs, Administrator, Division of Benefit Plan Operations, (608) 266-3763.

Sincerely,
ERIC O. STANCHFIELD

Council on Recycling
Madison

March 15, 1993

To the Honorable the Legislature:

The Council on Recycling, created by 1989 Wisconsin Act 335 under s. 15.347(17), Wis. Stats., is a body of citizens given responsibilities to advise the Governor, Legislature, and state agencies on implementation of state solid waste recovery, and recycling programs.

On behalf of the Council on Recycling, I am pleased to provide you with an executive summary of the Council's

activities for 1992. This report is being submitted for your distribution to interested Legislators so that they may obtain an overview of the Council's activities over the past year.

The Council has discussed a wide variety of issues in 1992, and many of the themes and topics have carried over to the formulation of the Council's goals for 1993. In particular, the Council is targeting markets development as a priority. In pursuit of this, the Council will be raising its visibility to the public and holding several of its monthly meetings this year at locations outside of Madison. Two of our meetings this year have already been held outside of Madison in order to hear regional perspectives on market development and other recycling issues. The format of the meetings provide a convenient avenue for local and county officials, representatives of businesses, and the general public to relay their successes, ideas, and concerns regarding the implementation of the recycling law.

Please contact Jim Bertolacini, staff to the Council, at 267-7594 if you should have any questions about this report or the Council on Recycling.

Sincerely,
ROBERT REICHEL
Chair
Council on Recycling
