To the Honorable the Legislature:

The 1991 Comprehensive Annual Financial Report of the Wisconsin Department of Employee Trust Funds (ETF) provides the latest audited financial data for the retirement and benefit systems administered by the department. Program data also is through 1991.

The Legislative Audit Bureau (LAB) expects to complete its audit of our 1992 financial data in the spring of 1994 and we expect to produce the 1992 report with its corresponding program data as soon as possible after the LAB report is published. (LAB's financial data makes up the important Financial Section of this document.)

ETF manages retirement and benefit programs for a wide variety of state, municipal, school district and other local employers. ETF served 369,735 active, retired and inactive employes and all their dependents in 1991. We represent and serve most public sector employers in Wisconsin, more than 1,100 of them.

Expanded graphics in the Introductory Section illustrate the broad scope of Wisconsin's public retirement and benefits system and how important these programs are to the citizens of the state.

Other sections provide basic retirement and benefit statistical information over a 10-year reporting period and the requisite actuarial statement. For the state's "Annual Report" requirements, we also provide information on ETF's accomplishments and on legislation passed affecting our programs.

Your comments would be appreciated and can be directed to me at (608) 266-0222 or to David Hinrichs, Executive Assistant, at (608) 266-3763 or Sandy Drew, our Director of Legislation and Planning at (608) (267-2929.

Sincerely,  
ERIC O. STANCHFIELD  
Secretary, ETF
