Adoption:

Ayes, 6 — Senators Adelman, Burke, Chvala, Huelsman, Farrow and Cowles;

Noes, 0 — None.

Lynn S. Adelman

Chair

PETITIONS AND COMMUNICATIONS

Milwaukee Public Schools

Division of Planning, Budget, Research, and Evaluation

Office of Educational Research and Program Assessment

January 5, 1993

To the Honorable the Legislature:

Enclosed you will find a copy of the report entitled "Evaluation of the day Care/Kindergarten Project, the State-Funded All-Day Kindergarten Program and First Grade Project," for the Milwaukee Public Schools. This report summarizes the projects and the research findings for the 1991-92 school year.

It should be noted that this report was prepared in response to Sections 119.71, 119.72, 119.73 and 119.75 of the current state statutes dates June 18, 1992. It has been mandated that the board shall evaluate the effectiveness of the expanded 5-year-old kindergarten programs and the early childhood education programs in meeting the needs of disadvantaged children and provide expanded opportunities for first grade pupils who have participated in an expanded 5-year old kindergarten program.

This report should provide you with a comprehensive summary as well as specific details regarding the positive impact of these early childhood projects. If you have any questions, please feel free to contact me at (414) 475-8263.

Sincerely,

Dr. Evelyn Koepsel

Research Specialist

State of Wisconsin

Department of Health and Social Services

December 1992

To the Honorable the Legislature:

Pursuant to the requirements of section 153.10(1), Wis. Stats., I am pleased to submit to the Governor and to the Legislature the quarterly *Health Care Data Report*. This report is based on hospital inpatient discharge data reported to the Office of Health Care Information by all operating general medical-surgical and specialty hospitals in Wisconsin for the first quarter of 1992 (*January-March*). It also contains selected outpatient surgery utilization and charge data from general medical-surgical hospitals and freestanding ambulatory surgery centers in Wisconsin during the same quarter.

This report fulfills the statutory requirement to report "in a manner that permits comparisons among hospitals ... the charges for up to 100 health care services or diagnostic-related groups selected by the office."

Sincerely,

David J. Klauser, Director

Office of Health
Care Information

State of Wisconsin

Department of Public Instruction

January 15, 1993

To the Honorable the Legislature:

As required by s. 115.38, Wis. Stat., enclosed is the first statewide School Performance Report. The law requires school districts to prepare and distribute to parents and guardians an annual school performance report by January 1. It also requires the State Superintendent to prepare a summary of the district reports and submit it to the Legislature. The "report card" mandate calls for information on the following to be included in the report:

- * Attendance
- * Suspensions
- * Dropouts
- * Retentions
- * Expulsions
- * Extra/co-curricular and community activities
- * Graduation rates
- * Postgraduation follow-up
- * Assessment test results (Advanced Placement participation, Third Grade Reading Tests results, and ACT results)

Districts can choose to report other information as well. To provide a broader perspective, the Department of Public Instruction elected to add fiscal, staffing, enrollments in advanced course work, and graduation requirements. Even so, this report should be considered as a beginning point.

Although the data and statistics are important in providing a snapshot of education in Wisconsin during a particular point in time, the true value of the School Performance Report will be as a tool. It was designed to provide an open and candid view of the state's public schools in order to dispel myths, expose problems, and find solutions.

As a first report, it leaves gaps. There are anomalies in these data that have not been fully resolved because of time constraints, yet the report as a whole provides meaningful trends and lays the groundwork for future reports that will include more outcome measures and thus enable educators, parents, taxpayers, and government officials to make better-informed decisions about meeting the educational needs of our children.

Wisconsin has a tradition of excellence in public education, but we must continuously improve if we are to meet the challenges that lie before us. My hope is that this report will help us in this collective effort as we pursue educational excellence for all children in Wisconsin.

Sincerely,
Herbert J. Grover
State Superintendent

SENATE CLEARINGHOUSE ORDERS

State of Wisconsin

Revisor of Statutes Bureau

January 1, 1993

To the Honorable the Legislature:

The following rules have been published and are effective:

- Clearinghouse Rule 90-184 effective January 1, 1993.
- Clearinghouse Rule 92-1 effective January 1, 1993.
- Clearinghouse Rule 92-32 effective January 1, 1993.
- Clearinghouse Rule 92-40 effective January 1, 1993.
- Clearinghouse Rule 92-53 effective January 1, 1993.
- Clearinghouse Rule 92-63 effective January 1, 1993.
- Clearinghouse Rule 92-69 effective January 1, 1993.
- Clearinghouse Rule 92-81 effective January 1, 1993.
- Clearinghouse Rule 92-82 effective January 1, 1993.
- Clearinghouse Rule 92-91 effective July 1, 1993.
- Clearinghouse Rule 92-106 effective January 1, 1993.
- Clearinghouse Rule 92-108 effective January 1, 1993.
- Clearinghouse Rule 92-117 effective January 1, 1993.
