PETITIONS AND COMMUNICATIONS

State of Wisconsin
Legislative Audit Bureau

March 21, 1994

To the Honorable the Legislature:

We have completed our evaluation of the University of
Wisconsin (UW) Board of Regents' proposal to
restructure the University of Wisconsin Hospital and
Clinics (UWHC) as a public authority. The proposal is
based on the assertion that UWHC's operations are
constrained by external oversight requirements and by
an inability to respond to increased competition in the
health care market.

We found that although typical state requirements in the
areas of purchasing, personnel, and capital acquisition
place some restrictions on UWHC's operations, steps
could be taken within the current system to address

specific concerns. However, the need for UWHC to preserve access to patients, maintain sources of revenue, and enhance accountability for its use of public funds offers more compelling justification for creation of the University Hospitals and Clinics Authority.

Changes in the health care market, such as an increased emphasis on provision of outpatient services and the development of managed care systems, have led to the development of patient-provider networks. It appears likely that aggressive participation in such a network will be an important component of UWHC's future operations if it is to preserve the patient base necessary to provide educational opportunities and generate related patient revenues.

However, in an effort to ensure participation in such a network, UWHC has already financed the acquisition of at least 12 clinics and physician practices with little, if any, public disclosure of its activities. Since 1991, UWHC has financed these acquisitions by diverting approximately \$4.4 million in revenue to a private corporation.

While establishing the Hospitals Authority would allow UWHC to expand further its patient-provider network, it also offers the potential for improving accountability for such activity. If the Legislature agrees with the Board of Regents that establishment of the Hospitals Authority is the most promising strategy for ensuring UWHC's financial well-being and maintaining UWHC's existing educational activity, then several questions regarding implementation of the restructuring proposal will need to be addressed.

We appreciate the courtesy and cooperation extended to us by UW System, UW-Madison, and UWHC staff, as well as by the staff of the several other state agencies with oversight responsibilities. The University's response is Appendix III.

Sincerely,
Dale Cattanach
State Auditor
State of Wisconsin
Council on Recycling
Department of Natural Resources
March 14, 1994

To the Honorable the Legislature:
The Council on Recycling, created by 1989 Wisconsin Act 335 under s. 15.347(17), Wis. Stats., is a body of citizens given responsibilities to advise the Governor, Legislature, and state agencies on implementation of state solid waste reduction, waste recovery, and recycling programs.

On behalf of the Council on Recycling, I am pleased to provide you with the Annual Report of the Council's activities for 1993. This report is being submitted for your distribution to interested Legislators so that they may obtain an overview of the Council's activities over the past year.

The Council has discussed and acted on a wide variety of issues in 1993, and many of the themes and topics have carried over to the formulation of the Council's goals for 1994. In particular, the Council hopes to establish a close working relationship with the newly created Recycling Market Development Board and the Executive Director, and to pursue greater inter-agency cooperation and coordination in market development. Through 1994, the Council plans to demonstrate its value as a representative of Wisconsin interests dedicated to making Wisconsin's recycling laws work and serve as a valued advisor to the Legislature, government agencies and the Governor. The Council looks forward to working with all involved with recycling to attain these goals.

Please contact Jim Bertolacini, staff to the Council, at 267-7594 if you should have any questions about this report or the Council on Recycling.

Sincerely,
Dan Meyer
