

Ninety-First Regular Session

WEDNESDAY, November 2, 1994

The chief clerk makes the following entries under the above date.

PETITIONS AND COMMUNICATIONS

State of Wisconsin
Department of Revenue

October 26, 1994

To the Honorable the Legislature:
Section 71.55(10), Wis. Stats., (1991-92), requires the Department of Revenue to annually distribute enrollment cards and materials concerning the physicians medicare program.

The statute also requires that we provide you with a report concerning the number of individuals, by county, to whom the enrollment cards were distributed. Enclosed is a copy of a printout which contains this information for the initial annual mailing which was completed on October 19, 1994.

Sincerely,
Diane L. Hardt
Administrator

State of Wisconsin
Department of Development

October 20, 1994

To the Honorable the Legislature:

Pursuant to s. 560.905(2) Wisconsin Statutes, the Department of Development is required to report on the Department's activities involving science and technology issues relating to economic development. The report includes activities of the Technology Clearinghouse and technology financing programs administered by the Department.

I am respectfully submitting the attached Technology-Based Economic Development report to the Legislature in the manner provided in Section 13.172(3), Wisconsin Statutes. If you have any questions concerning the report, please contact Louie Rech at 608/267-9382. To request a copy of the report, contact Bev Haberman at 608/266-5381.

Sincerely,
Robert N. Trunzo
Secretary

State of Wisconsin
Department of Administration

September 15, 1994

To the Honorable the Legislature:

This report is transmitted as required by sec. 20.002(11)(f) of the Wisconsin Statutes, (for distribution to the appropriate standing committees under sec. 13.172(3) Stats.), and confirms that the Department of Administration has found it necessary to exercise the "temporary reallocation of balances" authority provided by this section in order to meet payment responsibilities

and cover resulting negative balances during the month of September, 1994.

On September 1, 1994 the Health Insurance Risk Fund balance was -\$4 thousand. The shortfall continued through September 30, 1994. The shortfall is also due to the timing of receipts to the fund.

The Health Insurance Risk Fund shortfall was not in excess of the \$400 million ceiling and did not exceed the balances of the Funds available for interfund borrowing.

The distribution of interest earnings to investment pool participants is based on the average daily balance in the pool and each fund's share. Therefore, the monthly calculation by State Finance will automatically reflect the use of these temporary reallocations of balance authority.

Sincerely,
James R. Klauser
Secretary

Referred to the joint committee on Finance.
