3 funds board.

Analysis by the Legislative Reference Bureau

Under current law, the employe trust funds board (board) directs and supervises the department of employe trust funds. The board consists of 12 members: the governor or the governor's designee on the group insurance board, the secretary of employment relations or the secretary's designee, 4 members from the teachers retirement board, 4 members from the Wisconsin retirement board, one member who is not a participant or beneficiary under the Wisconsin retirement system (WRS) and one member who is an annuitant under the WRS.

This bill increases the board to 13 members, requiring that one member be elected who is a participant under the WRS and who is a school district employe, but who is not a teacher or professional employe.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
