CHAPTER 295
NONMETALLIC MINING RECLAMATION; OIL AND GAS

SUBCHAPTER I
NONMETALLIC MINING RECLAMATION

295.11 Definitions. In this subchapter:

(1) “Department” means the department of natural resources.

(2) “Environmental pollution” means the contaminating or rendering unclean or impure the air, land or waters of the state, or making the same injurious to public health, harmful for commercial or recreational use, or deleterious to fish, bird, animal or plant life.

(3) “Nonmetallic mining” means all of the following:
   (a) Operations or activities for the extraction from the earth for sale or use by the operator of mineral aggregates or nonmetallic minerals such as stone, sand, gravel, asbestos, beryl, clay, feldspar, peat, talc and topsoil, including such operations or activities as excavation, grading and dredging.
   (b) On-site processes that are related to the extraction of mineral aggregates or nonmetallic minerals, such as stockpiling of materials, blending mineral aggregates or nonmetallic minerals with other mineral aggregates or nonmetallic minerals, crushing, screening, scalping and dewatering.
   (4) “Nonmetallic mining reclamation” means the rehabilitation of a nonmetallic mining site, including removal or reuse of nonmetallic mining refuse, grading of the nonmetallic mining site, replacement of topsoil, stabilization of soil conditions, establishment of vegetative cover, control of surface water and groundwater, prevention of environmental pollution, construction of fences where necessary and, if practical, restoration of plant, fish and wildlife habitat.
   (5) “Nonmetallic mining refuse” means waste soil, rock, mineral, liquid and vegetation and other waste material resulting from nonmetallic mining. This term does not include merchantable by-products resulting directly from or displaced by the nonmetallic mining.
   (6) “Nonmetallic mining site” means all of the following:
      (a) The location where nonmetallic mining is proposed or conducted, including all surface areas from which materials have been or will be removed.
      (b) Storage and processing areas related to the nonmetallic mining.
      (c) Areas where nonmetallic mining refuse is deposited.
      (d) Areas disturbed by activities such as the construction or improvement of private roads or haulageways for nonmetallic mining.
      (e) Buffer areas necessary to assure appropriate final slopes after nonmetallic mining reclamation.

295.12 Nonmetallic mining reclamation rules.

(1) Rules. The department shall establish all of the following by rule:
   (a) Uniform statewide standards for nonmetallic mining reclamation.
   (b) Provisions for the administration of this subchapter by the department.
   (c) Uniform statewide standards for the administration of a nonmetallic mining reclamation ordinance by any county, city, village or town.
   (d) The text of a nonmetallic mining reclamation ordinance that conforms with this subchapter.

(2) Standards. (a) The department shall establish nonmetallic mining reclamation standards under sub. (1) (a) that are applicable both during nonmetallic mining and after the termination of nonmetallic mining.
   (b) The department shall include in the standards specific findings regarding the necessity of nonmetallic mining regulation to protect public health, safety and welfare and the environment.
   (c) The department shall establish different nonmetallic mining reclamation standards and compliance schedules for those portions of a nonmetallic mining site that were mined before the effective date of the ordinance, and those portions of a nonmetallic mining site that are mined on or after the effective date of the ordinance, in order to avoid excessive costs and to encourage the development and reclamation of existing nonmetallic mining sites, to the extent practicable.

295.13 Mandatory enactment and administration of ordinance.

295.14 Authority to enact and administer ordinance.

295.15 Fees.

295.16 Applicability of ordinance and standards.

295.17 Inspection.

295.18 Department review.

295.19 Enforcement; remedies; penalties.

295.20 Preservation of certain nonmetallic mineral deposits.

SUBCHAPTER II
OIL AND GAS

295.31 Definitions; oil and gas.

295.32 Oil and gas exploration and production.

295.33 Oil and gas development and reclamation.

295.34 Oil and gas development and reclamation standards under sub. 295.33.

295.35 Departmental powers and duties; oil and gas.

295.36 Penalties; oil and gas.

Note: 1995 Wis. Act 227 renumbered the provisions of chs. 144, 147, 159 and 162, Stats. 1993−94, to be chs. 280−299, Stats. 1995−96. For a table tracing former section numbers see the Addenda & Errata at the end of Volume 5.
(d) Standards for those portions of a nonmetallic mining site that are mined on or after the effective date of the ordinance shall include requirements related to the removal or reuse of nonmetallic mining refuse, removal of roads no longer in use, stabilization of soil conditions, grading the nonmetallic mining site, replacement of topsoil, establishment of vegetative cover, control of surface water flow and groundwater withdrawal, prevention of environmental pollution, construction of fences where necessary and, if practical, protection or restoration of plant, fish and wildlife habitat.

(e) Standards for those portions of a nonmetallic site that are mined before the effective date of the ordinance shall only include those minimal requirements necessary for the stabilization of soil conditions, establishment of vegetative cover and the prevention of environmental pollution. If additional nonmetallic mining takes place on a portion of a site that was mined before the effective date of the ordinance, that portion of the site shall be subject to the standards under par. (d) and the remainder of the site shall be subject to this paragraph.

(3) TEXT OF ORDINANCE. The text of the nonmetallic mining reclamation ordinance under sub. (1) (d) shall include all of the following:

(a) Nonmetallic mining reclamation standards that are identical to the standards established under sub. (1) (a).

(b) A requirement for the operator to submit a nonmetallic mining operation plan including maps, information about the nonmetallic mining site, a description of the proposed nonmetallic mining including methods and procedures to be used and a proposed timetable for completion of various stages of the nonmetallic mining. The operation plan shall be designed to assure successful nonmetallic mining reclamation consistent with the standards in sub. (2) (d) and (e), to minimize the costs of nonmetallic mining reclamation and, to the extent practicable, to minimize the area disturbed by the nonmetallic mining at any time and to provide for continuous nonmetallic mining reclamation. For those portions of a nonmetallic site mined on or after the effective date of the ordinance, the operation plan shall provide for buffer areas on the nonmetallic mining site to assure appropriate final slopes after nonmetallic mining reclamation.

(c) A requirement for the operator to submit a nonmetallic mining reclamation plan including maps, information about the nonmetallic mining site, a description of the proposed nonmetallic mining reclamation including methods and procedures to be used and a proposed timetable for completion of various stages of the nonmetallic mining reclamation.

(d) A requirement for the operator to obtain a nonmetallic mining permit in order to engage in nonmetallic mining or in nonmetallic mining reclamation; a requirement for a 5-year permit term unless a shorter permit term is requested by the applicant; standards for the issuance, renewal, modification, suspension or revocation of the permit; a requirement for public notice and an opportunity for a public hearing before issuance; renewal, modification, suspension or revocation of the permit; a requirement to conduct a public hearing on the issuance, renewal or modification of a permit, if requested within 30 days after receipt of the nonmetallic mining operation and reclamation plan; a right for any person who meets the requirements of s. 227.42 (1) to obtain a contested case hearing under ch. 68 on the issuance, renewal, modification, suspension or revocation of a permit; a requirement for cooperative issuance of a single permit if more than one county or municipality has jurisdiction over the nonmetallic mining site; a requirement for a single permit for nonmetallic mining sites operated by the same person in a county or municipality, with nonmetallic mining sites to be added or deleted by permit modification and with separate permit conditions, fees and financial assurance for each nonmetallic mining site; and a requirement that action approving, denying or conditionally approving a permit be taken within 90 days after receipt of the mining operation and mining reclamation plans or, if a public hearing is held, within 60 days after the close of the public hearing.

(e) A provision imposing annual fees as determined by the department for the administration of s. 295.18 and imposing annual fees as determined by the county, city, village or town that shall, as closely as possible, equal the cost of all of the following:

1. The examination and approval of operation plans and nonmetallic mining reclamation plans.

2. The inspection of nonmetallic mining and nonmetallic mining reclamation.

(f) A requirement for an expedited review process if the applicant pays an additional fee as determined by the county, city, village or town under par. (e) or if the applicant requires a permit under this subchapter to perform services under contract with a city, village, town, county or other governmental unit.

(g) A requirement for the operator to provide a bond, deposit of funds, established escrow account, letter of credit, demonstration of financial responsibility by meeting net worth requirements or other form of financial assurance conditioned on the faithful performance of all of the requirements of the nonmetallic mining reclamation ordinance.

(h) Provisions to restrict nonmetallic mining or restrict, regulate or require certain activities in connection with nonmetallic mining or nonmetallic mining reclamation in order to ensure compliance with nonmetallic mining reclamation standards, operation plans, nonmetallic mining reclamation plans, licensing standards, financial assurance requirements and other requirements of the nonmetallic mining reclamation ordinance. These restrictions, regulations and requirements may include requirements for separations between excavations and property boundaries, for depth of excavations and for segregation of topsoil.

(i) A prohibition on nonmetallic mining if a proposed nonmetallic mining site, other than a nonmetallic mining site in existence before the effective date of the ordinance, cannot be reclaimed in compliance with the nonmetallic mining reclamation standards in the ordinance.

(j) Procedures for the issuance and enforcement of compliance orders, suspension orders and termination orders to ensure compliance with nonmetallic mining reclamation standards, operation plans, nonmetallic mining reclamation plans, licensing standards, financial assurance requirements and other provisions of the nonmetallic mining reclamation ordinance.

(k) A provision for penalties consistent with s. 295.19 (3).

(L) Standards and procedures for granting exemptions and variances from the requirements of the nonmetallic mining reclamation ordinance.

History: 1995 a. 227 s. 802.

295.13 Mandatory enactment and administration of ordinance. (1) MANDATORY ENACTMENT AND ADMINISTRATION OF ORDINANCE. (a) Requirement to enact and administer ordinance. Within 6 months after the effective date of the rules under s. 295.12 (1), each county shall enact a nonmetallic mining reclamation ordinance, the text of which is in strict conformity with the text of the ordinance established under s. 295.12 (1) (d), except as provided in sub. (2). This ordinance may be enacted separately from an ordinance enacted under s. 59.69.

Note: Sub. (1) is shown as affected by two acts of the 1995 legislature and as merged by the revisor under s. 13.93 (2) (e).

(2) PREEXISTING COUNTY ORDINANCES. Any county with a nonmetallic mining reclamation ordinance in effect on June 1, 1993, may maintain and administer that ordinance if the department reviews the existing ordinance and determines that it is at least as restrictive as the ordinance established under s. 295.12 (1) (d). If the department determines that any part of the existing ordinance is not as restrictive as the ordinance established under s. 295.12 (1) (d), the county may amend the ordinance and submit the amended ordinance to the department for approval. After obtaining the approval of the department under this subsection, the county may not amend the ordinance to make it more restrictive. After obtaining the approval of the department under this subsection, the county may not amend the ordinance to make it more restrictive.
less restrictive than the ordinance established under s. 295.12 (1) (d).

Note: Sub. (2) is shown as affected by two acts of the 1995 legislature and as merged by the revisor under s. 13.93 (2) (e).

(3) Applicability of County Ordinance. The ordinance under sub. (1) or (2) applies to the entire area of the county, except for cities, villages and towns that enact and administer a nonmetallic mining reclamation ordinance under s. 295.14.

History: 1995 a. 227 s. 803; s. 13.93 (2) (e).

295.14 Authority to enact and administer ordinance.

(1) Authority to Enact and Administer Ordinance. A city, village or town may enact and administer a nonmetallic mining reclamation ordinance, the text of which is in strict conformity with the text of the ordinance under s. 295.12 (1) (d). Except as provided in sub. (2), a city, village or town may not administer a nonmetallic mining reclamation ordinance, the text of which is not in strict conformity with the text of the ordinance under s. 295.12 (1) (d).

(2) Preexisting Municipal Ordinances. A city, village or town with a nonmetallic mining reclamation ordinance in effect on June 1, 1993, may maintain and administer that ordinance if the department reviews the existing ordinance and determines that it is at least as restrictive as the ordinance established under s. 295.12 (1) (d). If the department determines that any part of the existing ordinance is not as restrictive as the ordinance established under s. 295.12 (1) (d), the city, village or town may amend the ordinance and submit the amended ordinance to the department for approval. After obtaining the approval of the department under this subsection, the city, village or town may not amend the ordinance to make it less restrictive.

After obtaining the approval of the department under this subsection, the city, village or town may not amend the ordinance to make it less restrictive than the ordinance established under s. 295.12 (1) (d).

History: 1995 a. 227 s. 804.

295.15 Fees. A county or a city, village or town with a nonmetallic mining reclamation ordinance shall collect the fee established under s. 295.12 (3) (e) and shall forward the state’s portion of the fee to the department within 90 days after collecting the fee. A county or a city, village or town with a nonmetallic mining reclamation ordinance shall use the revenues from its portion of the fees only for the administration of the nonmetallic mining reclamation ordinance.

History: 1995 a. 227 s. 805.

295.16 Applicability of ordinance and standards.

(1) Existing Nonmetallic Mining. A nonmetallic mining reclamation ordinance and the standards established under s. 295.12 (1) (a) apply to portions of a nonmetallic mining site, including unreclaimed portions of a nonmetallic mining site that relate to nonmetallic mining that occurred before the effective date of the ordinance.

(2) Nonmetallic Mining In or Near Navigable Waterways. A nonmetallic mining reclamation ordinance and the standards established under s. 295.12 (1) (a) do not apply to any nonmetallic mining site or portion of a nonmetallic mining site that is subject to permit and reclamation requirements of the department under ss. 30.19, 30.195, 30.20, 30.30 and 30.31.

(3) Public Nonmetallic Mining. A nonmetallic mining reclamation ordinance and the standards established under s. 295.12 (1) (a) and, except as provided in par. (b), a nonmetallic mining reclamation ordinance apply to nonmetallic mining conducted by or on behalf of the state or a municipality. Notwithstanding s. 13.48 (13), nonmetallic mining operated for the benefit or use of the state or any state agency, board, commission or department shall comply with the permit requirements and nonmetallic mining reclamation standards of any applicable nonmetallic mining reclamation ordinance.

(b) The financial assurance requirements of a nonmetallic mining reclamation ordinance do not apply to nonmetallic mining conducted by the state or a municipality.

Wisconsin Statutes Archive.
(b) Verification, by on-site inspections, of county, city, village or town compliance with this subchapter and rules promulgated under this subchapter.

(c) A written determination by the department, issued every 3 years, of whether or not the county, city, village or town is in compliance with this subchapter and rules promulgated under this subchapter.

(2) NONCOMPLIANCE; HEARING. If the department determines under sub. (1) that a county, city, village or town is not in compliance with this subchapter and rules promulgated under this subchapter, the department shall conduct a hearing, after 30 days’ notice, in the county, city, village or town. As soon as practicable after the hearing, the department shall issue a written decision regarding compliance with this subchapter and rules promulgated under this subchapter.

(3) MUNICIPAL NONCOMPLIANCE; CONSEQUENCES. If the department determines under sub. (2) that a city, village or town is not in compliance with this subchapter and rules promulgated under this subchapter, the city, village or town may not administer the nonmetallic mining reclamation program. The county nonmetallic mining reclamation ordinance applies to that city, village or town and the county shall administer the nonmetallic mining reclamation program in that city, village or town. The city, village or town may apply to the department to resume its authority to administer the nonmetallic mining reclamation program, but not sooner than 3 years after the department issues a decision under sub. (2). The department, after a hearing, may approve the city, village or town request to administer the nonmetallic mining reclamation program if the city, village or town demonstrates the capacity to comply with this subchapter and rules promulgated under this subchapter.

(4) COUNTY NONCOMPLIANCE; CONSEQUENCES. If the department determines under sub. (2) that a county is not in compliance with this subchapter and rules promulgated under this subchapter, the county, city, village or town may not administer the nonmetallic mining reclamation program. The county nonmetallic mining reclamation ordinance applies to that city, village or town and the county shall administer the nonmetallic mining reclamation program in that city, village or town. The county may apply to the department at any time to resume administration of the nonmetallic mining reclamation program. The department, after a hearing, may approve the county request to administer the nonmetallic mining reclamation program if the county demonstrates the capacity to comply with this subchapter and rules promulgated under this subchapter. No city, village or town may enact an ordinance under s. 295.14 during the time that the department administers the nonmetallic mining reclamation program in the county in which the city, village or town is located.

History: 1995 a. 227 s. 809.

295.19 Enforcement; remedies; penalties. (1) ORDERS. ENFORCEMENT. The governing body of a county, city, village or town that has a valid nonmetallic mining reclamation ordinance, or an agent designated by that governing body, may do any of the following:

(a) Issue a compliance order, suspension order or termination order as authorized in the nonmetallic mining reclamation ordinance.

(b) Modify, suspend or revoke a nonmetallic mining permit as authorized in the nonmetallic mining reclamation ordinance.

(c) Issue a special order directing the immediate cessation of an activity regulated under this subchapter until the necessary plan approval is obtained or until the nonmetallic mining site complies with the nonmetallic mining reclamation ordinance.

(d) Submit orders to abate violations of the nonmetallic mining reclamation ordinance to the district attorney, the corporation counsel, the municipal attorney or the attorney general for enforcement. The district attorney, the corporation counsel, the municipal attorney or the attorney general may enforce those orders.

(2) DEPARTMENT ORDERS. The department may issue a special order directing the immediate cessation of an activity regulated under this subchapter until the nonmetallic mining site complies with the nonmetallic mining reclamation standards established under s. 295.12 (1) (a).

(3) PENALTIES. (a) Any person who violates the rules promulgated under s. 295.12 (1) (a) or an order issued under sub. (2) may be required to forfeit not less than $25 nor more than $1,000 for each violation. Each day of continued violation is a separate offense. While an order issued under this subchapter is suspended, stayed or enjoined, this penalty does not accrue.

(b) 1. Except for the violations enumerated in par. (a), any person who violates any rule promulgated or any plan approval, license or special order issued under this subchapter shall forfeit not less than $10 nor more than $5,000 for each violation. Each day of continued violation is a separate offense. While the order is suspended, stayed or enjoined, this penalty does not accrue.

2. In addition to the penalties provided under subd. 1., the court may award the department of justice the reasonable and necessary expenses of the investigation and prosecution of the violation, including attorney fees. The department of justice shall deposit in the state treasury for deposit into the general fund all moneys that the court awards to the department or the state under this subdivision. Ten percent of the money deposited in the general fund that was awarded under this subdivision for the costs of investigation and the expenses of prosecution, including attorney fees, shall be credited to the appropriation account under s. 20.455 (1) (gh).

History: 1995 a. 227 s. 810, 995.

295.20 Preservation of certain nonmetallic mineral deposits. (1) REGISTRATION. Beginning on June 1, 1994, a landowner may register land owned by that person with each county in which the land is located if the land has an economically viable nonmetallic mineral deposit. The registration shall delineate the nonmetallic mineral deposit and the necessary buffer areas under the nonmetallic mining reclamation ordinance. The landowner, as a condition of registration, shall submit evidence that a notation of the registration has been recorded in the office of the register of deeds in each county in which the nonmetallic mineral deposit or buffer area is located. A registration under this subsection may not be rescinded by the county or the landowner or his or her successors or assigns.

(2) LIMITATION ON ZONING. A county, city, village or town may not by zoning, rezoning, granting a variance, or other official action or inaction, permit the division of a nonmetallic mineral deposit into smaller parcels upon, or otherwise permit the use of, any registered nonmetallic mineral deposit or registered buffer area in a manner that would permanently interfere with the present or future extraction of the nonmetallic mineral deposit or maintenance of the buffer area.

(3) EXCEPTIONS. Nothing in this section shall be construed to prohibit the following:

(a) A use of land permissible under a zoning ordinance on the day before a mineral deposit or buffer area is registered under sub. (1).

(b) Acquisition of a registered nonmetallic mineral deposit or registered buffer area by a county, city, village or town or other governmental unit for a public purpose if the use of the land does not permanently interfere with the extraction of nonmetallic minerals or maintenance of the buffer area.

History: 1995 a. 227 s. 811.

SUBCHAPTER II

OIL AND GAS

295.31 Definitions; oil and gas. In this subchapter:

(1) “Department” means the department of natural resources.
295.35 Oil and gas exploration and production. (1) No person may engage in the exploration for oil or gas without a license from the department.

(2) No person may engage in the production of oil or gas without a license from the department.

(3) No person may commit waste in the exploration for or in the production of oil or gas.

(4) No person may conduct drilling operations for the exploration for or production of oil or gas from beneath the beds of the Great Lakes or bays or harbors that are adjacent to the Great Lakes, unless all drilling operations originate from locations above and on the landward side of the ordinary high-water mark and are conducted according to the terms of a written lease obtained from the department under s. 30.20 (2) (b).

(5) No person holding an oil or gas exploration or production license may engage a general contractor or affiliate to operate an oil or gas exploration or production site if the general contractor or affiliate has 2 or more felony convictions for violation of a law for the protection of the natural environment arising out of the operation of an oil or gas exploration or production site in the United States within 10 years before the issuance of the person’s license, unless the general contractor or affiliate receives the department’s approval of a plan to prevent the occurrence in this state of events similar to the events that directly resulted in the convictions.

295.35 Departmental powers and duties; oil and gas. (1) The department shall establish a licensing procedure for oil and gas exploration and production in this state. The procedure shall require the applicant to do all of the following:

(a) Submit any information that the department considers necessary to determine whether the applicant is competent to conduct oil and gas exploration, production and site reclamation and to determine whether the requirements of sub. (5) are satisfied.

(b) Submit any information necessary for the department to determine whether the proposed exploration, production and site reclamation will comply with this subchapter and rules promulgated under this subchapter.

(c) Pay fees to cover the costs of plan review and licensing.

(d) File with the department a bond conditioned on the faithful performance of all of the requirements of this subchapter and rules promulgated under this subchapter.

(e) Competence of an applicant to conduct oil and gas exploration, production and site reclamation.

(f) Regulation of well production, including the allocation of allowable production in any field or pool.

(g) Operation of wells with efficient ratios of gas to oil.

(5) The department may not issue a license for oil or gas exploration or production if it finds any of the following:

(a) That the applicant has violated and continues to fail to comply with this subchapter or any rule promulgated under this subchapter.

(b) That the applicant, a principal shareholder of the applicant or a related person has, within 10 years before the application is submitted, forfeited a reclamation bond for oil or gas exploration or production that was posted in accordance with a permit, license or other approval for an oil or gas exploration or production site in the United States, unless the forfeiture was by agreement with the entity for whose benefit the bond was posted and the amount of the bond was sufficient to cover all costs of reclamation.

(c) That the applicant, a related person or an officer or director of the applicant has, within 10 years before the application is submitted, 2 or more felony convictions for violations of laws for the protection of the natural environment arising out of the operation
of an oil or gas exploration or production site in the United States, unless one of the following applies:

1. The court ordered the person convicted, as part of the sentence or as a condition of probation, to engage in activities to remedy the violation and the person has complied with that order.
2. The person convicted is a related person or an officer or director of the applicant with whom the applicant terminates its relationship.
3. The applicant included in its license application under sub. (1) a plan to prevent the occurrence in this state of events similar to the events that directly resulted in the convictions.

(c) That the applicant, a related person or an officer or director of the applicant or a related person has, within 10 years before the application is submitted, been required to forfeit more than $10,000 for a violation of a law for the protection of the natural environment arising out of the operation of an oil and gas exploration or production site in the United States, unless one of the following applies:

1. The court ordered the person who was required to forfeit more than $10,000 to engage in activities to remedy the violation and the person has complied with that order.
2. The person who was required to forfeit more than $10,000 is a related person with whom the applicant has terminated its relationship.
3. The applicant included in the license application a plan to prevent the occurrence in this state of events similar to the events that directly resulted in the forfeiture.

(d) That the applicant or a related person has, within 10 years before the application is submitted, declared bankruptcy or undergone dissolution that resulted in the failure to reclaim an oil or gas exploration or production site in the United States in violation of a state or federal law and that failure has not been remedied and is not being remedied.

(e) That, within 10 years before the application is submitted, a license or other approval for oil or gas exploration or production issued to the applicant or a related person was permanently revoked because of a failure to reclaim an oil or gas exploration or production site in the United States in violation of state or federal law and that failure has not been and is not being remedied.

(6) The department may not deny a license for oil or gas exploration or production under sub. (5) if the person subject to the convictions, forfeiture, permanent revocation, bankruptcy or dissolution is a related person but the applicant shows that the person was not the parent corporation of the applicant, a person that holds more than a 30% ownership in the applicant, or a subsidiary or affiliate of the applicant in which the applicant holds more than a 30% interest at the time of the convictions, forfeiture, permanent revocation, bankruptcy or dissolution.

History: 1991 a. 262; 1995 a. 227 s. 815; Stats. 1995 s. 295.35.

295.37 Penalties; oil and gas. (1) Any person who makes or causes to be made in an application or report required under this subchapter a statement known to the person to be false or misleading in any material respect or who refuses to submit information required by the department under this subchapter may be fined not less than $1,000 nor more than $5,000.

(2) Any person who violates this subchapter or any order issued or rule promulgated under this subchapter may be required to forfeit not less than $1,000 nor more than $10,000 for each violation. Each day of violation is a separate offense.

(3) (a) If a person makes or causes to be made in an application or report required under this subchapter a statement known to the person to be false or misleading and that statement is material to the issuance of an exploration or production license, the department may revoke the license. If a person holding an exploration or production license repeatedly makes or causes to be made in an application or report required under this subchapter a statement known to the person to be false or misleading in any material respect or refuses to submit information required by the department under this subchapter, the department may revoke the license.

(b) If a person holding an exploration or production license continues to violate this subchapter after the department has issued an order to cease those violations, the department shall revoke the license.

(4) Any oil or gas produced in violation of this subchapter or any order issued or rule promulgated under this subchapter, or any product manufactured from that oil or gas, is subject to confiscation. The department may seize that oil, gas or products and request the department of justice to commence an action to confiscate the oil, gas or products.
