The patient or resident shall be notified immediately when such a statement is to be filed. Prior to the filing of a statement, the patient or resident may be detained only long enough for the staff of the facility to evaluate the individual's condition and to file the statement of emergency detention. This time period may not exceed the end of the next day in which the court transacts business. Once a statement is filed, a patient or resident may be detained as provided in s. 51.15 (1). The probable cause hearing required under s. 51.20 (7) shall be held within 72 hours after the request for discharge, excluding Saturdays, Sundays and legal holidays.

(6) A person against whom a petition for involuntary commitment has been filed under s. 51.15 or 51.20 may agree to be admitted to an inpatient treatment facility under this section. The court may permit the person to become a voluntary patient or resident pursuant to this section upon signing an application for voluntary admission, if the director of the appropriate county department under s. 51.42 or 51.437 and the director of the facility to which the person will be admitted approve of the voluntary admission within 30 days of the admission. Except as provided in s. 51.20 (8) (bg) or (bm), the court shall dismiss the proceedings under s. 51.20 30 days after the person's admission if the person is still a voluntary patient or resident or upon the discharge of the person by the treatment director of the facility or his or her designee, if that occurs first. For any person who is a voluntary patient or resident under this subsection, actions required under s. 51.35 (5) shall be initiated within 14 days of admission.

(7) The treatment director of a facility may temporarily admit an individual to an inpatient facility when there is reason to question the competency of such individual. The treatment director shall then apply to the court for appointment of a guardian within 48 hours of the time of admission, exclusive of Saturdays, Sundays and legal holidays. The individual may remain at the facility pending appointment of a guardian.

(8) An adult for whom a guardian of the person has been appointed under ch. 880 because of the subject's incompetency may be voluntarily admitted to an inpatient treatment facility under this section only if the guardian and the ward consent to such admission.

(9) Upon admission to an inpatient facility, the facility shall offer the patient orally and in writing the opportunity to execute an informed consent form under s. 51.30 (2), requiring the facility to notify the patient's parent, child or spouse or any other adult of the patient's release. If the patient signs the consent form, the facility shall notify the person specified in the form as soon as possible after the patient requests release.

51.13 Admission of minors. (1) **ADMISSION THROUGH BOARD OR DEPARTMENT.** (a) Except as provided in s. 51.45 (2m), the application for voluntary admission of a minor who is under 14 years of age to an approved inpatient treatment facility shall be executed by a parent who has legal custody of the minor or the minor's guardian. Any statement or conduct by a minor under the age of 14 indicating that the minor does not agree to admission to the facility shall be noted on the face of the application and shall be noted in the petition required by sub. (4).

(b) The application for voluntary admission of a minor who is 14 years of age or over shall be executed by the minor and a parent

who has legal custody of the minor or the minor's guardian, except as provided in par. (c).

(c) If a minor 14 years of age or older wishes to be admitted to an approved inpatient treatment facility but a parent with legal custody or the guardian refuses to execute the application for admission or cannot be found, or if there is no parent with legal custody, the minor or a person acting on the minor's behalf may petition the court assigned to exercise jurisdiction under chs. 48 and 938 in the county of residence of the parent or guardian for approval of the admission. A copy of the petition and a notice of hearing shall be served upon the parent or guardian at his or her last-known address. If, after hearing, the court determines that the parent or guardian's consent is unreasonably withheld or that the parent or guardian cannot be found or that there is no parent with legal custody, and that the admission is proper under the standards prescribed in sub. (4) (d), it shall approve the minor's admission without the parent or guardian's consent. The court may, at the minor's request, temporarily approve the admission pending hearing on the petition. If a hearing is held under this subsection, no review or hearing under sub. (4) is required.

(d) A minor against whom a petition or statement has been filed under s. 51.15, 51.20 or 51.45 (12) or (13) may be admitted under this section. The court may permit the minor to become a voluntary patient pursuant to this section upon approval by the court of an application executed pursuant to par. (a), (b) or (c), and the judge shall then dismiss the proceedings under s. 51.15, 51.20 or 51.45. If a hearing is held under this subsection, no hearing under sub. (4) is required.

(e) A minor may be admitted immediately upon the approval of the application executed under par. (a) or (b) by the treatment director of the facility or his or her designee or, in the case of a center for the developmentally disabled, the director of the center or his or her designee, and the director of the appropriate county department under s. 51.42 or 51.437 if such county department is to be responsible for the cost of the minor's therapy and treatment. Approval shall be based upon an informed professional opinion that the minor is in need of psychiatric services or services for developmental disability, alcoholism or drug abuse, that the treatment facility offers inpatient therapy or treatment which is appropriate for the minor's needs and that inpatient care in the facility is the least restrictive therapy or treatment consistent with the minor's needs.

(f) Admission under par. (c) or (d) shall also be approved by the treatment director of the facility or his or her designee, or in the case of a center for the developmentally disabled, the director of the center or his or her designee, and the director of the appropriate county department under s. 51.42 or 51.437 if the county department is to be responsible for the cost of the minor's therapy and treatment, within 14 days of the minor's admission.

(2) **OTHER ADMISSIONS.** (a) A minor may be admitted to an inpatient treatment facility without complying with the requirements of this section if the admission does not involve the department or a county department under s. 51.42 or 51.437, or a contract between a treatment facility and the department or between a treatment facility and a county department. The application for voluntary admission of a minor who is 14 years of age or over shall be executed by the minor and a parent who has legal custody of the minor or the minor's guardian.

(b) Notwithstanding par. (a), any minor who is 14 years of age or older who is admitted to an inpatient treatment facility for the primary purpose of treatment of mental illness, developmental disability, alcoholism or drug abuse has the right to be discharged within 48 hours of his or her request, as provided in sub. (7) (b). At the time of admission, any minor who is 14 years of age or older shall be informed of this right orally and in writing by the director of the hospital or such person's designee. This paragraph does not apply to individuals who receive services in hospital emergency rooms.

(c) A copy of the patient's rights established under s. 51.61 shall be given and explained to the minor and the minor's parent or guardian at the time of admission by the director of the facility or such person's designee.

(d) Writing materials for use in requesting a discharge shall be made available at all times to all minors who are 14 years of age or older admitted under this subsection. The staff of the facility shall assist such minors in preparing or submitting requests for discharge.

(3) NOTICE OF RIGHTS. (a) Prior to admission if possible, or as soon thereafter as possible, the minor and the parent or guardian shall be informed by the director of the facility or his or her designee, both orally and in writing, in easily understandable language, of the review procedure in sub. (4), including the standards to be applied by the court and the possible dispositions, the right to a hearing upon request under sub. (4), and the minor's right to appointed counsel as provided in sub. (4) (d) if a hearing is held.

(b) A minor 14 years of age or older and his or her parent or guardian shall also be informed by the director or his or her designee, both orally and in writing, in easily understandable language, of the minor's right to request discharge and to be discharged within 48 hours of the request if no petition or statement is filed for emergency detention, emergency commitment, involuntary commitment or protective placement, and the minor's right to consent to or refuse treatment as provided in s. 51.61 (6).

(c) A minor under 14 years of age and his or her parent or guardian shall also be informed by the director or his or her designee, both orally and in writing, in easily understandable language, of the minor's right to a hearing to determine continued appropriateness of the admission as provided in sub. (7).

(d) A copy of the patient's rights established in s. 51.61 shall be given and explained to the minor and the minor's parent or guardian at the time of admission by the director of the facility or such person's designee.

(e) Writing materials for use in requesting a hearing or discharge under this section shall be made available to minors at all times by every inpatient treatment facility. The staff of each such facility shall assist minors in preparing and submitting requests for discharge or hearing.

(4) REVIEW PROCEDURE. (a) Within 3 days of the admission of a minor under sub. (1), or within 3 days of application for admission of the minor, whichever occurs first, the treatment director of the facility to which the minor is admitted or, in the case of a center for the developmentally disabled, the director of the center, shall file a verified petition for review of the admission in the court assigned to exercise jurisdiction under chs. 48 and 938 in the county in which the facility is located. A copy of the application for admission and of any relevant professional evaluations shall be attached to the petition. The petition shall contain all of the following:

1. The name, address and date of birth of the minor.
2. The names and addresses of the minor's parents or guardian.
3. The facts substantiating the petitioner's belief in the minor's need for psychiatric services, or services for developmental disability, alcoholism or drug abuse.
4. The facts substantiating the appropriateness of inpatient treatment in the inpatient treatment facility.
5. The basis for the petitioner's opinion that inpatient care in the facility is the least restrictive treatment consistent with the needs of the minor.
6. Notation of any statement made or conduct demonstrated by the minor in the presence of the director or staff of the facility indicating that inpatient treatment is against the wishes of the minor.

NOTE: Par. (a) is shown as affected by two acts of the 1995 legislature and as merged by the revisor under s. 13.93 (2) (c).

(b) If hardship would otherwise occur and if the best interests of the minor would be served thereby, the court may, on its own

motion or on the motion of any interested party, remove the petition to the court assigned to exercise jurisdiction under chs. 48 and 938 of the county of residence of the parent or guardian.

(c) A copy of the petition shall be provided by the petitioner to the minor and his or her parents or guardian within 5 days of admission.

(d) Within 5 days of the filing of the petition, the court assigned to exercise jurisdiction under chs. 48 and 938 shall determine, based on the allegations of the petition and accompanying documents, whether the admission is voluntary on the part of the minor if the minor is 14 years of age or older and whether there is a prima facie showing that the minor is in need of psychiatric services, or services for developmental disability, alcoholism or drug abuse, that the treatment facility offers inpatient therapy or treatment which is appropriate to the minor's needs, and that inpatient care in the treatment facility is the least restrictive therapy or treatment consistent with the needs of the minor. If such a showing is made, the court shall permit voluntary admission. If the court is unable to make such determinations based on the petition and accompanying documents, it shall dismiss the petition as provided in par. (h); or order additional information to be produced as it deems necessary to make such review, and make such determinations within 14 days of admission or application for admission, whichever is sooner; or it may hold a hearing within 14 days of admission or application for admission, whichever is sooner. If a notation of the minor's unwillingness appears on the face of the petition, or if a hearing has been requested by the minor, the minor's counsel, parent or guardian, the court shall hold a hearing to review the admission within 14 days of admission or application for admission, whichever is sooner, and shall appoint counsel to represent the minor if the minor is unrepresented. If the court deems it necessary, it shall also appoint a guardian ad litem to represent the minor.

(e) Notice of the hearing under this subsection shall be provided by the court by certified mail to the minor, the minor's parents or guardian, the minor's counsel and guardian ad litem if any, the petitioner and any other interested party at least 96 hours prior to the time of hearing.

(f) The rules of evidence in civil actions shall apply to any hearing under this section. A record shall be maintained of the entire proceedings. The record shall include findings of fact and conclusions of law. Findings shall be based on a clear and convincing standard of proof.

(g) If the court finds that the minor is in need of psychiatric services, or services for developmental disability, alcoholism or drug abuse in an inpatient facility, that the inpatient facility to which the minor is admitted offers therapy or treatment which is appropriate for the minor's needs and which is the least restrictive therapy or treatment consistent with the minor's needs and, in the case of a minor aged 14 or older, the application is voluntary on the part of the minor, it shall permit voluntary admission. If the court finds that the therapy or treatment in the inpatient facility to which the minor is admitted is not appropriate or is not the least restrictive therapy or treatment consistent with the minor's needs, the court may order placement in or transfer to another more appropriate or less restrictive inpatient facility, except that the court may not permit or order placement in or transfer to the northern or southern centers for the developmentally disabled of a minor unless the department gives approval for the placement or transfer, and if the order of the court is approved by all of the following if applicable:

1. The minor if he or she is aged 14 or older.
2. The treatment director of the facility or his or her designee.
3. The director of the appropriate county department under s. 51.42 or 51.437 if the county department is to be responsible for the cost of the minor's therapy or treatment.

(h) If the court does not permit voluntary admission under par. (g), it shall do one of the following:

1. Dismiss the petition and order the application for admission denied and the minor released.

2. Order the petition to be treated as a petition for involuntary commitment and refer it to the court where the review under this section was held, or if it was not held in the county of legal residence of the subject individual's parent or guardian and hardship would otherwise occur and if the best interests of the subject individual would be served thereby, to the court assigned to exercise jurisdiction under chs. 48 and 938 in such county for a hearing under s. 51.20 or 51.45 (13).

3. If the minor is 14 years of age or older and appears to be developmentally disabled, proceed in the manner provided in s. 51.67 to determine whether the minor should receive protective placement or protective services, except that a minor shall not have a temporary guardian appointed if he or she has a parent or guardian.

4. If there is a reason to believe the minor is in need of protection or services under s. 48.13 or 938.13, dismiss the petition and authorize the filing of a petition under s. 48.25 (3) or 938.25 (3). The court may release the minor or may order that the minor be taken and held in custody under s. 48.19 (1) (c) or 938.19 (1) (c).

(i) Approval of an admission under this subsection does not constitute a finding of mental illness, developmental disability, alcoholism or drug dependency.

(5) APPEAL. Any person who is aggrieved by a determination or order under this section and who is directly affected thereby may appeal to the court of appeals under s. 809.40.

(6) SHORT-TERM ADMISSIONS. (a) A minor may be admitted to an inpatient treatment facility without review of the application under sub. (4) for diagnosis and evaluation or for dental, medical or psychiatric services for a period not to exceed 12 days. The application for short-term admission of a minor shall be executed by the minor's parent or guardian, and by the minor if he or she is 14 years of age or older. A minor may not be readmitted to an inpatient treatment facility for psychiatric services under this paragraph within 120 days of a previous admission under this paragraph.

(b) The application shall be reviewed by the treatment director of the facility or, in the case of a center for the developmentally disabled, by the director, and shall be accepted only if the director determines that the admission constitutes the least restrictive means of obtaining adequate diagnosis and evaluation of the minor or adequate provision of medical, dental or psychiatric services.

(c) At the end of the 12-day period, the minor shall be released unless an application has been filed for voluntary admission under sub. (1) or a petition or statement has been filed for emergency detention, emergency commitment, involuntary commitment or protective placement.

(7) DISCHARGE. (a) If a minor is admitted to an inpatient treatment facility while under 14 years of age, and if upon reaching age 14 is in need of further inpatient care and treatment, the director of the facility shall request the minor and the minor's parent or guardian to execute an application for voluntary admission. Such an application may be executed within 30 days prior to a minor's 14th birthday. If the application is executed, a petition for review shall be filed in the manner prescribed in sub. (4), unless such a review has been held within the last 120 days. If the application is not executed by the time of the minor's 14th birthday, the minor shall be discharged unless a petition or statement is filed for emergency detention, emergency commitment, involuntary commitment or protective placement by the end of the next day in which the court transacts business.

(b) Any minor 14 years of age or over voluntarily admitted under this section may request discharge in writing. Upon receipt of any form of written request for discharge, the director of the facility in which the minor is admitted shall immediately notify the minor's parent or guardian. The minor shall be discharged within 48 hours after submission of the request, exclusive of Saturdays, Sundays and legal holidays, unless a petition or statement

is filed for emergency detention, emergency commitment, involuntary commitment or protective placement.

(c) Any minor under 14 years of age who is voluntarily admitted under this section may submit a written request to the court for a hearing to determine the continued appropriateness of the admission. If the director or staff of the inpatient treatment facility to which a minor under the age of 14 is admitted observes conduct by the minor which demonstrates an unwillingness to remain at the facility, including but not limited to a written expression of opinion or unauthorized absence, the director shall file a written request with the court to determine the continued appropriateness of the admission. A request which is made personally by a minor under this paragraph shall be signed by the minor but need not be written or composed by him or her. A request for a hearing under this paragraph which is received by staff or the director of the facility in which the child is admitted shall be filed with the court by the director. The court shall order a hearing upon request if no hearing concerning the minor's admission has been held within 120 days of receipt of the request. The court shall appoint counsel and, if the court deems it necessary, a guardian ad litem to represent the minor and if a hearing is held shall hold the hearing within 14 days of the request, unless the parties agree to a longer period. After the hearing, the court shall make disposition of the matter in the manner provided in sub. (4).

51.14 Outpatient treatment of minors. (1) DEFINITIONS. In this section, "outpatient mental health treatment" means treatment and social services for mental illness, except psychotropic medications and 24-hour care and custody, provided by a treatment facility.

(2) MENTAL HEALTH REVIEW OFFICER. Each court assigned to exercise jurisdiction under chs. 48 and 938 shall designate a mental health review officer to review petitions filed under sub. (3).

(3) REVIEW BY MENTAL HEALTH REVIEW OFFICER. (a) Either a minor 14 years of age or older or his or her parent or guardian may petition the mental health review officer in the county in which the parent or guardian has residence for a review of a refusal of either the minor or his or her parent or guardian to provide the informed consent for outpatient mental health treatment required under s. 51.61 (6).

(b) A petition filed under this subsection shall contain all of the following:

1. The name, address and birth date of the minor.
2. The name and address of the parent or guardian of the minor.
3. The facts substantiating the petitioner's belief that the minor needs outpatient mental health treatment.
4. Any available information which substantiates the appropriateness of the particular treatment sought for the minor and that the particular treatment sought is the least restrictive treatment consistent with the needs of the minor.

(c) Any professional evaluations relevant under par. (b) 3. or 4. shall be attached to the petition filed under this subsection.

(d) The court which appointed the mental health review officer shall ensure that necessary assistance is provided to the petitioner in the preparation of the petition under this subsection.

(e) The mental health review officer shall notify the county department under s. 51.42 or 51.437 of the contents of any petition received by the mental health review officer under this subsection. The county department under s. 51.42 or 51.437 may, following review of the petition contents, make recommendations to the mental health review officer as to the need for and appropriateness and availability of treatment.

(f) If prior to a hearing under par. (g) either the minor or his or her parent or guardian requests and the mental health review officer determines that the best interests of the minor would be served, a petition may be filed for court review under sub. (4) without further review under this subsection.

(g) Within 21 days after the filing of a petition under this subsection, the mental health review officer shall hold a hearing on the refusal of the minor or the minor's parent or guardian to provide informed consent for outpatient treatment. The mental health review officer shall provide notice of the date, time and place of the hearing to the minor and the minor's parent or guardian at least 96 hours prior to the hearing.

(h) If following the hearing under par. (g) and after taking into consideration the recommendations, if any, of the county department under s. 51.42 or 51.437 made under par. (e), the mental health review officer finds all of the following, he or she shall issue a written order that, notwithstanding the written, informed consent requirement of s. 51.61 (6), the written, informed consent of the minor, if the minor is refusing to provide consent, or the written, informed consent of the minor's parent or guardian, if the parent or guardian is refusing to provide consent, is not required for outpatient mental health treatment for the minor:

1. The informed consent is unreasonably withheld.
2. The minor is in need of treatment.
3. The particular treatment sought is appropriate for the minor and is the least restrictive treatment available.
4. The proposed treatment is in the best interests of the minor.

(i) The findings under par. (h) and the reasons supporting each finding shall be in writing.

(j) The mental health review officer shall notify the minor and the minor's parent or guardian of the right to judicial review under sub. (4).

(k) No person may be a mental health review officer in a proceeding under this section if he or she has provided treatment or services to the minor who is the subject of the proceeding.

(4) JUDICIAL REVIEW. (a) Within 21 days after the issuance of the order by the mental health review officer under sub. (3) or if the requirements of sub. (3) (f) are satisfied, the minor or his or her parent or guardian may petition a court assigned to exercise jurisdiction under ch. 48 in the county of residence of the minor's parent or guardian for a review of the refusal of either the minor or his or her parent or guardian to provide the informed consent for outpatient mental health treatment required under s. 51.61 (6).

(b) The petition in par. (a) shall conform to the requirements set forth in sub. (3) (b). If the minor has refused to provide informed consent, a notation of this fact shall be made on the face of the petition.

(c) If a notation of a minor's refusal to provide informed consent to outpatient mental health treatment appears on the petition, the court shall, at least 7 days prior to the time scheduled for the hearing, appoint counsel to represent the minor if the minor is unrepresented. If the minor's parent or guardian has refused to provide informed consent and the minor is unrepresented, the court shall appoint counsel to represent the minor, if requested by the minor or determined by the court to be in the best interests of the minor.

(d) The court shall hold a hearing on the petition within 21 days after filing of the petition.

(e) Notice of the hearing under this subsection shall be provided by the court by certified mail, at least 96 hours prior to the hearing, to the minor, the minor's parent or guardian, the minor's counsel and guardian ad litem, if any, and any other interested party known to the court.

(f) The rules of evidence in civil actions shall apply to any hearing under this section. A record, including written findings of fact and conclusions of law, shall be maintained of the entire proceedings. Findings shall be based on evidence that is clear, satisfactory and convincing.

(g) After the hearing under this subsection, the court shall issue a written order stating that, notwithstanding the written, informed consent requirement of s. 51.61 (6), the written, informed consent of the minor, if the minor refuses to provide consent, or the written, informed consent of the parent or guardian, if the parent or guardian refuses to provide consent, is not required for outpatient mental health treatment for the minor if the court finds all of the following:

1. The informed consent is unreasonably withheld.
2. The minor is in need of treatment.
3. The particular treatment sought is appropriate for the minor and is the least restrictive treatment available.
4. The treatment is in the best interests of the minor.

(5) APPEAL. Any person who is aggrieved by a determination or order under sub. (4) and who is directly affected by the determination or order may appeal to the court of appeals under s. 809.40.

(6) FINDING OR ORDER NOT A FINDING OF MENTAL ILLNESS. A finding or order under this section does not constitute a finding of mental illness.

History: 1987 a. 367; 1995 a. 77.

NOTE: 1987 Wis. Act 367, that created this section, contains a prefatory note and an explanatory note following the section.

51.15 Emergency detention. (1) BASIS FOR DETENTION. (a) A law enforcement officer or other person authorized to take a child into custody under ch. 48 or 938 may take an individual into custody if the officer or person has cause to believe that such individual is mentally ill or, except as provided in subd. 5., is drug dependent or developmentally disabled, and that the individual evidences any of the following:

NOTE: Par. (a) (intro.) is shown as affected by two acts of the 1995 legislature and as merged by the revisor under s. 13.93 (2) (c).

NOTE: Par. (a) (intro.) is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

(a) A law enforcement officer or other person authorized to take a child into custody under ch. 48 may take an individual into custody if the officer or person has cause to believe that such individual is mentally ill, drug dependent or developmentally disabled, and that the individual evidences any of the following:

1. A substantial probability of physical harm to himself or herself as manifested by evidence of recent threats of or attempts at suicide or serious bodily harm.

2. A substantial probability of physical harm to other persons as manifested by evidence of recent homicidal or other violent behavior on his or her part, or by evidence that others are placed in reasonable fear of violent behavior and serious physical harm to them, as evidenced by a recent overt act, attempt or threat to do serious physical harm on his or her part.

3. A substantial probability of physical impairment or injury to himself or herself due to impaired judgment, as manifested by evidence of a recent act or omission. The probability of physical impairment or injury is not substantial under this subdivision if reasonable provision for the individual's protection is available in the community and there is a reasonable probability that the individual will avail himself or herself of these services or, in the case of a minor, if the individual is appropriate for services or placement under s. 48.13 (4) or (11) or 938.13 (4). Food, shelter or other care provided to an individual who is substantially incapable of obtaining the care for himself or herself, by any person other than a treatment facility, does not constitute reasonable provision for the individual's protection available in the community under this subdivision.

4. Behavior manifested by a recent act or omission that, due to mental illness or drug dependency, he or she is unable to satisfy basic needs for nourishment, medical care, shelter or safety without prompt and adequate treatment so that a substantial probability exists that death, serious physical injury, serious physical debilitation or serious physical disease will imminently ensue unless the individual receives prompt and adequate treatment for this mental illness or drug dependency. No substantial probability of harm under this subdivision exists if reasonable provision for

the individual's treatment and protection is available in the community and there is a reasonable probability that the individual will avail himself or herself of these services, if the individual can receive protective placement under s. 55.06 or, in the case of a minor, if the individual is appropriate for services or placement under s. 48.13 (4) or (11) or 938.13 (4). The individual's status as a minor does not automatically establish a substantial probability of death, serious physical injury, serious physical debilitation or serious disease under this subdivision. Food, shelter or other care provided to an individual who is substantially incapable of providing the care for himself or herself, by any person other than a treatment facility, does not constitute reasonable provision for the individual's treatment or protection available in the community under this subdivision.

5. For an individual, other than an individual who is believed to be drug dependent or developmentally disabled, all of the following:

a. After the advantages and disadvantages of and alternatives to accepting a particular medication or treatment have been explained to him or her and because of mental illness, either incapability of expressing an understanding of the advantages and disadvantages of accepting medication or treatment and the alternatives, or substantial incapability of applying an understanding of the advantages, disadvantages and alternatives to his or her mental illness in order to make an informed choice as to whether to accept or refuse medication or treatment.

b. A substantial probability, as demonstrated by both the individual's treatment history and his or her recent acts or omissions, that the individual needs care or treatment to prevent further disability or deterioration and a substantial probability that he or she will, if left untreated, lack services necessary for his or her health or safety and suffer severe mental, emotional or physical harm that will result in the loss of the individual's ability to function independently in the community or the loss of cognitive or volitional control over his or her thoughts or actions. The probability of suffering severe mental, emotional or physical harm is not substantial under this subd. 5. b. if reasonable provision for the individual's care or treatment is available in the community and there is a reasonable probability that the individual will avail himself or herself of these services or if the individual is appropriate for protective placement under s. 55.06. Food, shelter or other care that is provided to an individual who is substantially incapable of obtaining food, shelter or other care for himself or herself by any person other than a treatment facility does not constitute provision for the individual's care or treatment in the community reasonable under this subd. 5. b. The individual's status as a minor does not automatically establish a substantial probability of suffering severe mental, emotional or physical harm under this subd. 5. b.

c. This subdivision does not apply after November 30, 2001.

(b) The officer's or other person's belief shall be based on any of the following:

1. A specific recent overt act or attempt or threat to act or omission by the individual which is observed by the officer or person.

2. A specific recent overt act or attempt or threat to act or omission by the individual which is reliably reported to the officer or person by any other person, including any probation and parole agent authorized by the department of corrections to exercise control and supervision over a probationer or parolee.

(c) 1. If proposed detention or detention of an individual under par. (a) is based on par. (a) 5., the proposed detention or detention shall be reviewed and approved or disapproved by the attorney general or by his or her designee prior to or within 12 hours after the detention.

2. If the attorney general or his or her designee disapproves or fails to act with respect to a proposed detention under subd. 1., the individual may not be detained based on par. (a) 5. If the attorney general or his or her designee disapproves or fails to act with

respect to a detention under subd. 1., the individual shall be released.

3. Subdivisions 1. and 2. do not apply if the attorney general makes a finding that a court of competent jurisdiction in this state, in a case in which the constitutionality of par. (a) 5. or of s. 51.20 (1) (a) 2. e. has been challenged, has upheld the constitutionality of par. (a) 5. or s. 51.20 (1) (a) 2. e.

4. This paragraph does not apply after November 30, 2001.

(2) FACILITIES FOR DETENTION. The law enforcement officer or other person authorized to take a child into custody under ch. 48 shall transport the individual, or cause him or her to be transported, for detention and for evaluation, diagnosis and treatment if permitted under sub. (8) to any of the following facilities:

NOTE: Sub. (2) (intro.) is shown as affected by two acts of the 1995 legislature and as merged by the revisor under s. 13.93 (2) (c).

(a) A hospital which is approved by the department as a detention facility or under contract with a county department under s. 51.42 or 51.437, or an approved public treatment facility;

(b) A center for the developmentally disabled;

(c) A state treatment facility; or

(d) An approved private treatment facility, if the facility agrees to detain the individual.

(3) CUSTODY. Upon arrival at the facility, the individual is deemed to be in the custody of the facility.

(4) DETENTION PROCEDURE: MILWAUKEE COUNTY. (a) In counties having a population of 500,000 or more, the law enforcement officer or other person authorized to take a child into custody under ch. 48 shall sign a statement of emergency detention which shall provide detailed specific information concerning the recent overt act, attempt or threat to act or omission on which the belief under sub. (1) is based and the names of the persons observing or reporting the recent overt act, attempt or threat to act or omission. The law enforcement officer or other person is not required to designate in the statement whether the subject individual is mentally ill, developmentally disabled or drug dependent, but shall allege that he or she has cause to believe that the individual evidences one or more of these conditions if sub. (1) (a) 1., 2., 3. or 4. is believed or mental illness, if sub. (1) (a) 5. is believed. The law enforcement officer or other person shall deliver, or cause to be delivered, the statement to the detention facility upon the delivery of the individual to it.

NOTE: Par. (a) is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

(a) In counties having a population of 500,000 or more, the law enforcement officer or other person authorized to take a child into custody under ch. 48 shall sign a statement of emergency detention which shall provide detailed specific information concerning the recent overt act, attempt or threat to act or omission on which the belief under sub. (1) is based and the names of the persons observing or reporting the recent overt act, attempt or threat to act or omission. The law enforcement officer is not required to designate in the statement whether the subject individual is mentally ill, developmentally disabled or drug dependent, but shall allege that he or she has cause to believe that the individual evidences one or more of these conditions. The law enforcement officer or other person shall deliver, or cause to be delivered, the statement to the detention facility upon the delivery of the individual to it.

(b) Upon delivery of the individual, the treatment director of the facility, or his or her designee, shall determine within 24 hours whether the individual shall be detained, or shall be detained, evaluated, diagnosed and treated, if evaluation, diagnosis and treatment are permitted under sub. (8), and shall either release the individual or detain him or her for a period not to exceed 72 hours after delivery of the individual, exclusive of Saturdays, Sundays and legal holidays. If the treatment director, or his or her designee, determines that the individual is not eligible for commitment under s. 51.20 (1) (a), the treatment director shall release the individual immediately, unless otherwise authorized by law. If the individual is detained, the treatment director or his or her designee may supplement in writing the statement filed by the law enforcement officer or other person, and shall designate whether the subject individual is believed to be mentally ill, developmentally disabled or drug dependent, if no designation was made by the law

enforcement officer or other person. The director or designee may also include other specific information concerning his or her belief that the individual meets the standard for commitment. The treatment director or designee shall then promptly file the original statement together with any supplemental statement and notification of detention with the court having probate jurisdiction in the county in which the individual was taken into custody. The filing of the statement and notification has the same effect as a petition for commitment under s. 51.20.

NOTE: Par. (b) is shown as affected by two acts of the 1995 legislature and as merged by the revisor under s. 13.93 (2) (c).

(5) DETENTION PROCEDURE; OTHER COUNTIES. In counties having a population of less than 500,000, the law enforcement officer or other person authorized to take a child into custody under ch. 48 shall sign a statement of emergency detention which shall provide detailed specific information concerning the recent overt act, attempt or threat to act or omission on which the belief under sub. (1) is based and the names of persons observing or reporting the recent overt act, attempt or threat to act or omission. The law enforcement officer or other person is not required to designate in the statement whether the subject individual is mentally ill, developmentally disabled or drug dependent, but shall allege that he or she has cause to believe that the individual evidences one or more of these conditions if sub. (1) (a) 1., 2., 3. or 4. is believed or mental illness, if sub. (1) (a) 5. is believed. The statement of emergency detention shall be filed by the officer or other person with the detention facility at the time of admission, and with the court immediately thereafter. The filing of the statement has the same effect as a petition for commitment under s. 51.20. When, upon the advice of the treatment staff, the director of a facility specified in sub. (2) determines that the grounds for detention no longer exist, he or she shall discharge the individual detained under this section. Unless a hearing is held under s. 51.20 (7) or 55.06 (11) (b), the subject individual may not be detained by the law enforcement officer or other person and the facility for more than a total of 72 hours, exclusive of Saturdays, Sundays and legal holidays.

NOTE: Sub. (5) is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

(5) DETENTION PROCEDURE; OTHER COUNTIES. In counties having a population of less than 500,000, the law enforcement officer or other person authorized to take a child into custody under ch. 48 shall sign a statement of emergency detention which shall provide detailed specific information concerning the recent overt act, attempt or threat to act or omission on which the belief under sub. (1) is based and the names of persons observing or reporting the recent overt act, attempt or threat to act or omission. The law enforcement officer is not required to designate in the statement whether the subject individual is mentally ill, developmentally disabled or drug dependent, but shall allege that he or she has cause to believe that the individual evidences one or more of these conditions. The statement of emergency detention shall be filed by the officer or other person with the detention facility at the time of admission, and with the court immediately thereafter. The filing of the statement has the same effect as a petition for commitment under s. 51.20. When, upon the advice of the treatment staff, the director of a facility specified in sub. (2) determines that the grounds for detention no longer exist, he or she shall discharge the individual detained under this section. Unless a hearing is held under s. 51.20 (7) or 55.06 (11) (b), the subject individual may not be detained by the law enforcement officer and the facility for more than a total of 72 hours, exclusive of Saturdays, Sundays and legal holidays.

(6) RELEASE. If the individual is released, the treatment director or his or her designee, upon the individual's request, shall arrange for the individual's transportation to the locality where he or she was taken into custody.

(7) INTERCOUNTY AGREEMENTS. Counties may enter into contracts whereby one county agrees to conduct commitment hearings for individuals who are detained in that county but who are taken into custody under this section in another county. Such contracts shall include provisions for reimbursement to the county of detention for all reasonable direct and auxiliary costs of commitment proceedings conducted under this section and s. 51.20 by the county of detention concerning individuals taken into custody in the other county and shall include provisions to cover the cost of any voluntary or involuntary services provided under this chapter to the subject individual as a result of proceedings or conditional suspension of proceedings resulting from the notification of detention. Where there is such a contract binding the county

where the individual is taken into custody and the county where the individual is detained, the statements of detention specified in subs. (4) and (5) and the notification specified in sub. (4) shall be filed with the court having probate jurisdiction in the county of detention, unless the subject individual requests that the proceedings be held in the county in which the individual is taken into custody.

(8) EVALUATION, DIAGNOSIS AND TREATMENT. When an individual is detained under this section, the director and staff of the treatment facility may evaluate, diagnose and treat the individual during detention, if the individual consents. The individual has a right to refuse medication and treatment as provided in s. 51.61 (1) (g) and (h). The individual shall be advised of that right by the director of the facility or his or her designee, and a report of any evaluation and diagnosis and of all treatment provided shall be filed by that person with the court.

(9) NOTICE OF RIGHTS. At the time of detention the individual shall be informed by the director of the facility or such person's designee, both orally and in writing, of his or her right to contact an attorney and a member of his or her immediate family, the right to have an attorney provided at public expense, as provided under s. 967.06 and ch. 977, if the individual is a child or is indigent, the right to remain silent and that the individual's statements may be used as a basis for commitment. The individual shall also be provided with a copy of the statement of emergency detention.

(10) VOLUNTARY PATIENTS. If an individual has been admitted to an approved treatment facility under s. 51.10 or 51.13, or has been otherwise admitted to such facility, the treatment director or his or her designee, if conditions exist for taking the individual into custody under sub. (1), may sign a statement of emergency detention and may detain, or detain, evaluate, diagnose and treat the individual as provided in this section. In such case, the treatment director shall undertake all responsibilities that are required of a law enforcement officer under this section. The treatment director shall promptly file the statement with the court having probate jurisdiction in the county of detention as provided in this section.

(11) LIABILITY. Any individual who acts in accordance with this section, including making a determination that an individual has or does not have mental illness or evidences or does not evidence a substantial probability of harm under sub. (1) (a) 1., 2., 3. or 4., is not liable for any actions taken in good faith. The good faith of the actor shall be presumed in any civil action. Whoever asserts that the individual who acts in accordance with this section has not acted in good faith has the burden of proving that assertion by evidence that is clear, satisfactory and convincing.

(11g) OTHER LIABILITY. Subsection (11) applies to a director of a facility, as specified in sub. (2), or his or her designee, who under a court order evaluates, diagnoses or treats an individual who is confined in a jail, if the individual consents to the evaluation, diagnosis or treatment.

(11m) TRAINING. Law enforcement agencies shall designate at least one officer authorized to take an individual into custody under this section who shall attend the in-service training on emergency detention and emergency protective placement procedures offered by a county department of community programs under s. 51.42 (3) (ar) 4. d., if the county department of community programs serving the law enforcement agency's jurisdiction offers an in-service training program.

(12) PENALTY. Whoever signs a statement under sub. (4), (5) or (10) knowing the information contained therein to be false may be fined not more than \$5,000 or imprisoned not more than 5 years, or both.

A mental health worker did not have immunity under sub. (11) for actions regarding a person already in custody and not taken into custody under an emergency detention. *Kell v. Raemisich*, 190 W (2d) 754, 528 NW (2d) 13 (Ct. App. 1994).

It is inadvisable to treat individuals transported across state lines for emergency medical care differently than other individuals when determining whether emergency detention proceedings should be initiated pursuant to this section. 78 Atty. Gen. 59.

While (7) does not authorize contractual agreements with counties outside of Wisconsin, 51.75 (11), 51.87 (3) and 66.30 (5) each contain legal mechanism through which financial or other responsibility for care and treatment of individuals from such counties may be shared under certain specified circumstances. 78 Atty. Gen. 59.

A law enforcement officer who places an individual under emergency detention is obligated to transport the individual to one of the four categories of facilities listed under sub. (2) until custody of the individual is transferred to the facility. 81 Atty. Gen. 110.

51.20 Involuntary commitment for treatment. (1) PETITION FOR EXAMINATION. (a) Except as provided in pars. (ab), (am), (ar) and (av), every written petition for examination shall allege that all of the following apply to the subject individual to be examined:

1. The individual is mentally ill or, except as provided under subd. 2. e., drug dependent or developmentally disabled and is a proper subject for treatment.

NOTE: Subd. 1. is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

1. The individual is mentally ill, drug dependent or developmentally disabled and is a proper subject for treatment.

2. The individual is dangerous because he or she does any of the following:

a. Evidences a substantial probability of physical harm to himself or herself as manifested by evidence of recent threats of or attempts at suicide or serious bodily harm.

b. Evidences a substantial probability of physical harm to other individuals as manifested by evidence of recent homicidal or other violent behavior, or by evidence that others are placed in reasonable fear of violent behavior and serious physical harm to them, as evidenced by a recent overt act, attempt or threat to do serious physical harm. In this subd. 2. b., if the petition is filed under a court order under s. 938.30 (5) (c) 1. or (d) 1., a finding by the court exercising jurisdiction under chs. 48 and 938 that the child committed the act or acts alleged in the petition under s. 938.12 or 938.13 (12) may be used to prove that the child exhibited recent homicidal or other violent behavior or committed a recent overt act, attempt or threat to do serious physical harm.

c. Evidences such impaired judgment, manifested by evidence of a pattern of recent acts or omissions, that there is a substantial probability of physical impairment or injury to himself or herself. The probability of physical impairment or injury is not substantial under this subd. 2. c. if reasonable provision for the subject individual's protection is available in the community and there is a reasonable probability that the individual will avail himself or herself of these services, if the individual is appropriate for protective placement under s. 55.06 or, in the case of a minor, if the individual is appropriate for services or placement under s. 48.13 (4) or (11) or 938.13 (4). The subject individual's status as a minor does not automatically establish a substantial probability of physical impairment or injury under this subd. 2. c. Food, shelter or other care provided to an individual who is substantially incapable of obtaining the care for himself or herself, by a person other than a treatment facility, does not constitute reasonable provision for the subject individual's protection available in the community under this subd. 2. c.

d. Evidences behavior manifested by recent acts or omissions that, due to mental illness, he or she is unable to satisfy basic needs for nourishment, medical care, shelter or safety without prompt and adequate treatment so that a substantial probability exists that death, serious physical injury, serious physical debilitation or serious physical disease will imminently ensue unless the individual receives prompt and adequate treatment for this mental illness. No substantial probability of harm under this subd. 2. d. exists if reasonable provision for the individual's treatment and protection is available in the community and there is a reasonable probability that the individual will avail himself or herself of these services, if the individual is appropriate for protective placement under s. 55.06 or, in the case of a minor, if the individual is appropriate for services or placement under s. 48.13 (4) or (11) or 938.13 (4). The

individual's status as a minor does not automatically establish a substantial probability of death, serious physical injury, serious physical debilitation or serious disease under this subd. 2. d. Food, shelter or other care provided to an individual who is substantially incapable of obtaining the care for himself or herself, by any person other than a treatment facility, does not constitute reasonable provision for the individual's treatment or protection available in the community under this subd. 2. d.

e. For an individual, other than an individual who is alleged to be drug dependent or developmentally disabled, after the advantages and disadvantages of and alternatives to accepting a particular medication or treatment have been explained to him or her and because of mental illness, evidences either incapability of expressing an understanding of the advantages and disadvantages of accepting medication or treatment and the alternatives, or substantial incapability of applying an understanding of the advantages, disadvantages and alternatives to his or her mental illness in order to make an informed choice as to whether to accept or refuse medication or treatment; and evidences a substantial probability, as demonstrated by both the individual's treatment history and his or her recent acts or omissions, that the individual needs care or treatment to prevent further disability or deterioration and a substantial probability that he or she will, if left untreated, lack services necessary for his or her health or safety and suffer severe mental, emotional or physical harm that will result in the loss of the individual's ability to function independently in the community or the loss of cognitive or volitional control over his or her thoughts or actions. The probability of suffering severe mental, emotional or physical harm is not substantial under this subd. 2. e. if reasonable provision for the individual's care or treatment is available in the community and there is a reasonable probability that the individual will avail himself or herself of these services or if the individual is appropriate for protective placement under s. 55.06. Food, shelter or other care that is provided to an individual who is substantially incapable of obtaining food, shelter or other care for himself or herself by any person other than a treatment facility does not constitute reasonable provision for the individual's care or treatment in the community under this subd. 2. e. The individual's status as a minor does not automatically establish a substantial probability of suffering severe mental, emotional or physical harm under this subd. 2. e. This subd. 2. e. does not apply after November 30, 2001.

(ab) If the individual is an inmate of a prison, jail or other criminal detention facility, the fact that the individual receives food, shelter and other care in that facility may not limit the applicability of par. (a) to the individual. The food, shelter and other care does not constitute reasonable provision for the individual's protection available in the community.

(ad) 1. If a petition under par. (a) is based on par. (a) 2. e., the petition shall be reviewed and approved by the attorney general or by his or her designee prior to or within 12 hours after the time that it is filed. If the attorney general or his or her designee disapproves or fails to act with respect to the petition, the petition may not be filed. If the attorney general or his or her designee disapproves or fails to act with respect to a petition under this subdivision within 12 hours after the time that it is filed, the individual, if detained under the petition, shall be released and the petition is void.

2. Subdivision 1. does not apply if the attorney general makes a finding that a court of competent jurisdiction in this state, in a case in which the constitutionality of par. (a) 2. e. has been challenged, has upheld the constitutionality of par. (a) 2. e.

3. This paragraph does not apply after November 30, 2001.

(am) If the individual has been the subject of inpatient treatment for mental illness, developmental disability or drug dependency immediately prior to commencement of the proceedings as a result of a voluntary admission or a commitment or placement ordered by a court under this section or s. 55.06 or 971.17 or ch. 975, or if the individual has been the subject of outpatient treat-

ment for mental illness, developmental disability or drug dependency immediately prior to commencement of the proceedings as a result of a commitment ordered by a court under this section or s. 971.17 or ch. 975, the requirements of a recent overt act, attempt or threat to act under par. (a) 2. a. or b., a pattern of recent acts or omissions under par. (a) 2. c. or e. or recent behavior under par. (a) 2. d. may be satisfied by a showing that there is a substantial likelihood, based on the subject individual's treatment record, that the individual would be a proper subject for commitment if treatment were withdrawn. If the individual has been admitted voluntarily to an inpatient treatment facility for not more than 30 days prior to the commencement of the proceedings and remains under voluntary admission at the time of commencement, the requirements of a specific recent overt act, attempt or threat to act or pattern of recent acts or omissions may be satisfied by a showing of an act, attempt or threat to act or a pattern of acts or omissions which took place immediately previous to the voluntary admission. If the individual is committed under s. 971.14 (2) or (5) at the time proceedings are commenced, or has been discharged from the commitment immediately prior to the commencement of proceedings, acts, attempts, threats, omissions or behavior of the subject individual during or subsequent to the time of the offense shall be deemed recent for purposes of par. (a) 2.

NOTE: Par. (am) is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

(am) If the individual has been the subject of inpatient treatment for mental illness, developmental disability or drug dependency immediately prior to commencement of the proceedings as a result of a voluntary admission or a commitment or placement ordered by a court under this section or s. 55.06 or 971.17 or ch. 975, or if the individual has been the subject of outpatient treatment for mental illness, developmental disability or drug dependency immediately prior to commencement of the proceedings as a result of a commitment ordered by a court under this section or s. 971.17 or ch. 975, the requirements of a recent overt act, attempt or threat to act under par. (a) 2. a. or b., a pattern of recent acts or omissions under par. (a) 2. c. or recent behavior under par. (a) 2. d. may be satisfied by a showing that there is a substantial likelihood, based on the subject individual's treatment record, that the individual would be a proper subject for commitment if treatment were withdrawn. If the individual has been admitted voluntarily to an inpatient treatment facility for not more than 30 days prior to the commencement of the proceedings and remains under voluntary admission at the time of commencement, the requirements of a specific recent overt act, attempt or threat to act or pattern of recent acts or omissions may be satisfied by a showing of an act, attempt or threat to act or a pattern of acts or omissions which took place immediately previous to the voluntary admission. If the individual is committed under s. 971.14 (2) or (5) at the time proceedings are commenced, or has been discharged from the commitment immediately prior to the commencement of proceedings, acts, attempts, threats, omissions or behavior of the subject individual during or subsequent to the time of the offense shall be deemed recent for purposes of par. (a) 2.

(ar) If the individual is an inmate of a state prison, the petition may allege that the inmate is mentally ill, is a proper subject for treatment and is in need of treatment. The petition shall allege that appropriate less restrictive forms of treatment have been attempted with the individual and have been unsuccessful and it shall include a description of the less restrictive forms of treatment that were attempted. The petition shall also allege that the individual has been fully informed about his or her treatment needs, the mental health services available to him or her and his or her rights under this chapter and that the individual has had an opportunity to discuss his or her needs, the services available to him or her and his or her rights with a licensed physician or a licensed psychologist. The petition shall include the inmate's sentence and his or her expected date of release as determined under s. 302.11. The petition shall have attached to it a signed statement by a licensed physician or a licensed psychologist of a state prison and a signed statement by a licensed physician or a licensed psychologist of a state treatment facility attesting either of the following:

1. That the inmate needs inpatient treatment at a state treatment facility because appropriate treatment is not available in the prison.

2. That the inmate's treatment needs can be met on an outpatient basis in the prison.

(av) 1. If the individual is an inmate who has been sentenced to imprisonment in a county jail or house of correction, the petition may allege that the inmate is mentally ill, is a proper subject

for treatment and is in need of treatment. The petition shall allege that appropriate less restrictive forms of treatment have been attempted with the individual and have been unsuccessful and shall include a description of the less restrictive forms of treatment that were attempted. The petition shall also allege that the individual has been fully informed about his or her treatment needs, the mental health services available to him or her and his or her rights under this chapter and that the individual has had an opportunity to discuss his or her needs, the services available to him or her and his or her rights with a licensed physician or a licensed psychologist. The petition shall include the inmate's sentence and his or her expected date of release as determined under s. 302.43 or 303.19 (3). The petition shall have attached to it a signed statement by a licensed physician, licensed psychologist or other mental health professional attesting either of the following:

a. That the inmate needs inpatient treatment at a state or county treatment facility because appropriate treatment is not available in the jail or house of correction.

b. That the inmate's treatment needs can be met on an outpatient basis in the jail or house of correction.

2. This paragraph does not apply to petitions filed under this section on or after July 1, 1990.

(b) Each petition for examination shall be signed by 3 adult persons, at least one of whom has personal knowledge of the conduct of the subject individual, except that this requirement does not apply if the petition is filed pursuant to a court order under s. 938.30 (5) (c) 1. or (d) 1.

(c) The petition shall contain the names and mailing addresses of the petitioners and their relation to the subject individual, and shall also contain the names and mailing addresses of the individual's spouse, adult children, parents or guardian, custodian, brothers, sisters, person in the place of a parent and person with whom the individual resides or lives. If this information is unknown to the petitioners or inapplicable, the petition shall so state. The petition may be filed in the court assigned to exercise probate jurisdiction for the county where the subject individual is present or the county of the individual's legal residence. If the judge of the court or a court commissioner who handles probate matters is not available, the petition may be filed and the hearing under sub. (7) may be held before a judge or court commissioner of any circuit court for the county. For the purposes of this chapter, duties to be performed by a court shall be carried out by the judge of the court or a court commissioner of the court who is an attorney and is designated by the judge to so act, in all matters prior to a final hearing under this section. The petition shall contain a clear and concise statement of the facts which constitute probable cause to believe the allegations of the petition. The petition shall be sworn to be true. If a petitioner is not a petitioner having personal knowledge as provided in par. (b), the petition shall contain a statement providing the basis for his or her belief.

(1m) ALTERNATE GROUNDS FOR COMMITMENT. For purposes of subs. (2) to (9), the requirement of finding probable cause to believe the allegations in sub. (1) (a) or (am) may be satisfied by finding probable cause to believe that the individual satisfies sub. (1) (a) 1. and evidences such impaired judgment, manifested by evidence of a recent act or omission, that there is a substantial probability of physical impairment or injury to himself or herself. The probability of physical impairment or injury may not be deemed substantial under this subsection if reasonable provision for the individual's protection is available in the community and there is a reasonable probability that the individual will avail himself or herself of the services or if the individual is appropriate for protective placement under s. 55.06. The individual's status as a minor does not automatically establish a substantial probability of physical impairment or injury under this subsection. Food, shelter or other care provided to an individual who is substantially incapable of obtaining the care for himself or herself, by any person other than a treatment facility, does not constitute reasonable pro-

vision for the individual's protection available in the community under this subsection.

(2) NOTICE OF HEARING AND DETENTION. Upon filing of a petition for examination, the court shall review the petition to determine whether an order of detention should be issued. The subject individual shall be detained only if there is cause to believe that the individual is mentally ill, drug dependent or developmentally disabled and the individual is eligible for commitment under sub. (1) (a) or (am) based upon specific recent overt acts, attempts or threats to act or on a pattern of recent acts or omissions made by the individual. If the subject individual is to be detained, a law enforcement officer shall present the subject individual with a notice of hearing, a copy of the petition and detention order and a written statement of the individual's right to an attorney, a jury trial if requested more than 48 hours prior to the final hearing, the standard upon which he or she may be committed under this section and the right to a hearing to determine probable cause for commitment within 72 hours after the individual arrives at the facility, excluding Saturdays, Sundays and legal holidays. The officer shall orally inform the individual that he or she is being taken into custody as the result of a petition and detention order issued under this chapter. If the individual is not to be detained, the law enforcement officer shall serve these documents on the subject individual and shall also orally inform the individual of these rights. The individual who is the subject of the petition, his or her counsel and if the individual is a minor, his or her parent or guardian, if known, shall receive notice of all proceedings under this section. The court may also designate other persons to receive notices of hearings and rights under this chapter. Any such notice may be given by telephone. The person giving telephone notice shall place in the case file a signed statement of the time notice was given and the person to whom he or she spoke. The notice of time and place of a hearing shall be served personally on the subject of the petition, and his or her attorney, within a reasonable time prior to the hearing to determine probable cause for commitment. If the law enforcement officer has a detention order issued by a court, or if the law enforcement officer has cause to believe that the subject individual is mentally ill, drug dependent or developmentally disabled and is eligible for commitment under sub. (1) (a) or (am), based upon specific recent overt acts, attempts or threats to act or on a pattern of omissions made by the individual, the law enforcement officer shall take the subject individual into custody. If the individual is detained by a law enforcement officer, the individual shall be orally informed of his or her rights under this section on arrival at the detention facility by the facility staff, who shall also serve all documents required by this section on the individual. Placement shall be made in a hospital which is approved by the department as a detention facility or under contract with a county department under s. 51.42 or 51.437, approved public treatment facility, mental health institute, center for the developmentally disabled under the requirements of s. 51.06 (3), state treatment facility, or in an approved private treatment facility if the facility agrees to detain the subject individual. Upon arrival at the facility, the individual is deemed to be in the custody of the facility.

(3) LEGAL COUNSEL. At the time of the filing of the petition the court shall assure that the subject individual is represented by adversary counsel. If the individual claims or appears to be indigent, the court shall refer the person to the authority for indigency determinations specified under s. 977.07 (1). If the individual is a child, the court shall refer that child to the state public defender who shall appoint counsel for the child without a determination of indigency, as provided in s. 48.23 (4).

(4) PUBLIC REPRESENTATION. Except as provided in ss. 51.42 (3) (ar) 1. and 51.437 (4m) (f), the corporation counsel shall represent the interests of the public in the conduct of all proceedings under this chapter, including the drafting of all necessary papers related to the action.

(5) HEARING REQUIREMENTS. The hearings which are required to be held under this chapter shall conform to the essentials of due process and fair treatment including the right to an open hearing,

the right to request a closed hearing, the right to counsel, the right to present and cross-examine witnesses, the right to remain silent and the right to a jury trial if requested under sub. (11). The parent or guardian of a minor who is the subject of a hearing shall have the right to participate in the hearing and to be represented by counsel. All proceedings under this chapter shall be reported as provided in SCR 71.01. The court may determine to hold a hearing under this section at the institution at which the individual is detained, whether or not located in the same county as the court with which the petition was filed, unless the individual or his or her attorney objects.

(6) JUVENILES. For minors, the hearings held under this section shall be before the court assigned to exercise jurisdiction under chs. 48 and 938.

(7) PROBABLE-CAUSE HEARING. (a) After the filing of the petition under sub. (1), if the subject individual is detained under s. 51.15 or this section the court shall hold a hearing to determine whether there is probable cause to believe the allegations made under sub. (1) (a) within 72 hours after the individual arrives at the facility, excluding Saturdays, Sundays and legal holidays. At the request of the subject individual or his or her counsel the hearing may be postponed, but in no case may the postponement exceed 7 days from the date of detention.

(am) A subject individual may not be examined, evaluated or treated for a nervous or mental disorder pursuant to a court order under this subsection unless the court first attempts to determine whether the person is an enrolled participant of a health maintenance organization, limited service health organization or preferred provider plan, as defined in s. 609.01, and, if so, notifies the organization or plan that the subject individual is in need of examination, evaluation or treatment for a nervous or mental disorder.

(b) If the subject individual is not detained or is an inmate of a state prison, county jail or house of correction, the court shall hold a hearing within a reasonable time of the filing of the petition, to determine whether there is probable cause to believe the allegations made under sub. (1).

(c) If the court determines that there is probable cause to believe the allegations made under sub. (1), it shall schedule the matter for a hearing within 14 days from the time of detention of the subject individual, except as provided in sub. (8) (bg) or (bm) or (11) (a). If a postponement has been granted under par. (a), the matter shall be scheduled for hearing within 21 days from the time of detention of the subject individual. If the subject individual is not detained under s. 51.15 or this section or is an inmate of a state prison, county jail or house of correction, the hearing shall be scheduled within 30 days of the hearing to determine probable cause for commitment. In the event that the subject individual fails to appear for the hearing to determine probable cause for commitment, the court may issue an order for the subject individual's detention and shall hold the hearing to determine probable cause for commitment within 48 hours, exclusive of Saturdays, Sundays and legal holidays, from the time that the individual is detained.

(d) 1. If the court determines after hearing that there is probable cause to believe that the subject individual is a fit subject for guardianship and protective placement or services, the court may, without further notice, appoint a temporary guardian for the subject individual and order temporary protective placement or services under ch. 55 for a period not to exceed 30 days, and shall proceed as if petition had been made for guardianship and protective placement or services. If the court orders only temporary protective services for a subject individual under this paragraph, the individual shall be provided care only on an outpatient basis. The court may order psychotropic medication as a temporary protective service under this paragraph if it finds that there is probable cause to believe that the allegations under s. 880.07 (1m) (c) and (cm) apply, that the individual is not competent to refuse psychotropic medication and that the medication ordered will have thera-

peutic value and will not unreasonably impair the ability of the individual to prepare for and participate in subsequent legal proceedings. An individual is not competent to refuse psychotropic medication if, because of chronic mental illness, and after the advantages and disadvantages of and alternatives to accepting the particular psychotropic medication have been explained to the individual, one of the following is true:

a. The individual is incapable of expressing an understanding of the advantages and disadvantages of accepting treatment and the alternatives.

b. The individual is substantially incapable of applying an understanding of the advantages, disadvantages and alternatives to his or her chronic mental illness in order to make an informed choice as to whether to accept or refuse psychotropic medication.

2. A finding by the court that there is probable cause to believe that the subject individual meets the commitment standard under sub. (1) (a) 2. e. constitutes a finding that the individual is not competent to refuse medication or treatment under this paragraph.

NOTE: Par. (d) is shown as affected by two acts of the 1995 legislature and as merged and renumbered by the revisor under s. 13.93 (1) (b) and (2) (c).

NOTE: Par. (d) as affected by 1995 Wis. Act 268 is repealed and recreated eff. 12-1-01 by 1995 Wis. Act 292 to read:

(d) If the court determines after hearing that there is probable cause to believe that the subject individual is a fit subject for guardianship and protective placement or services, the court may, without further notice, appoint a temporary guardian for the subject individual and order temporary protective placement or services under ch. 55 for a period not to exceed 30 days, and shall proceed as if petition had been made for guardianship and protective placement or services. If the court orders only temporary protective services for a subject individual under this paragraph, the individual shall be provided care only on an outpatient basis. The court may order psychotropic medication as a temporary protective service under this paragraph if it finds that there is probable cause to believe that the allegations under s. 880.07 (1m) (c) and (cm) apply, that the individual is not competent to refuse psychotropic medication and that the medication ordered will have therapeutic value and will not unreasonably impair the ability of the individual to prepare for and participate in subsequent legal proceedings. An individual is not competent to refuse psychotropic medication if, because of chronic mental illness, the individual is incapable of expressing an understanding of the advantages and disadvantages of accepting treatment, and the alternatives to accepting the particular treatment offered, after the advantages, disadvantages and alternatives have been explained to the individual.

(dm) The court shall proceed as if a petition were filed under s. 51.45 (13) if all of the following conditions are met:

1. The petitioner's counsel notifies all other parties and the court, within a reasonable time prior to the hearing, of his or her intent to request that the court proceed as if a petition were filed under s. 51.45 (13).

2. The court determines at the hearing that there is probable cause to believe that the subject individual is a fit subject for treatment under s. 51.45 (13).

(e) If the court determines that probable cause does not exist to believe the allegations, or to proceed under par. (d), the court shall dismiss the proceeding.

(8) DISPOSITION PENDING HEARING. (a) If it is shown that there is probable cause to believe the allegations under sub. (1), the court may release the subject individual pending the full hearing and the individual has the right to receive treatment services, on a voluntary basis, from the county department under s. 51.42 or 51.437, or from the department. The court may issue an order stating the conditions under which the subject individual may be released from detention pending the final hearing. If acceptance of treatment is made a condition of the release, the subject individual may elect to accept the conditions or choose detention pending the hearing. The court order may state the action to be taken upon information of breach of the conditions. A final hearing must be held within 30 days of the order, if the subject individual is released. Any detention under this paragraph invokes time limitations specified in sub. (7) (c), beginning with the time of the detention. The right to receive treatment voluntarily or accept treatment as a condition of release under this paragraph does not apply to an individual for whom a probable cause finding has been made, under s. 51.61 (1) (g), that he or she is not competent to refuse medication, to the extent that the treatment includes medication.

(b) If the court finds the services provided under par. (a) are not available, suitable, or desirable based on the condition of the individual, it may issue a detention order and the subject individual may be detained pending the hearing as provided in sub. (7) (c). Detention may be in a hospital which is approved by the department as a detention facility or under contract with a county department under s. 51.42 or 51.437, approved public treatment facility, mental health institute, center for the developmentally disabled under the requirements of s. 51.06 (3), state treatment facility, or in an approved private treatment facility if the facility agrees to detain the subject individual.

(bg) The subject individual, or the individual's legal counsel with the individual's consent, may waive the time periods under s. 51.10 or this section for the probable cause hearing or the final hearing, or both, for a period not to exceed 90 days from the date of the waiver, if the individual and the counsel designated under sub. (4) agree at any time after the commencement of the proceedings that the individual shall obtain treatment under a settlement agreement. The settlement agreement shall be in writing, shall be approved by the court and shall include a treatment plan that provides for treatment in the least restrictive manner consistent with the needs of the subject individual. Either party may request the court to modify the treatment plan at any time during the 90-day period. The court shall designate the appropriate county department under s. 51.42 or 51.437 to monitor the individual's treatment under, and compliance with, the settlement agreement. If the individual fails to comply with the treatment according to the agreement, the designated county department shall notify the counsel designated under sub. (4) and the subject's counsel of the individual's noncompliance.

(bm) If, within 90 days from the date of the waiver under par. (bg), the subject individual fails to comply with the settlement agreement approved by the court under par. (bg), the counsel designated under sub. (4) may file with the court a statement of the facts which constitute the basis for the belief that the subject individual is not in compliance. The statement shall be sworn to be true and may be based on the information and belief of the person filing the statement. Upon receipt of the statement of noncompliance, the court may issue an order to detain the subject individual pending the final disposition. If the subject individual is detained under this paragraph, the court shall hold a probable cause hearing within 72 hours from the time of detention, excluding Saturdays, Sundays and legal holidays or, if the probable cause hearing was held prior to the approval of the settlement agreement under par. (bg), the court shall hold a final hearing within 14 days from the time of detention. If a jury trial is requested later than 5 days after the time of detention under this paragraph, but not less than 48 hours before the time of the final hearing, the final hearing shall be held within 21 days from the time of detention. The facts alleged as the basis for commitment prior to the waiver of the time periods for hearings under par. (bg) may be the basis for a finding of probable cause or a final disposition at a hearing under this paragraph.

(br) Upon the motion of the subject individual, the court shall hold a hearing on the issue of noncompliance with the settlement agreement within 72 hours from the time the motion for a hearing under this paragraph is filed with the court, excluding Saturdays, Sundays and legal holidays. The hearing under this paragraph may be held as part of the probable cause or final hearing if the probable cause or final hearing is held within 72 hours from the time the motion is filed with the court, excluding Saturdays, Sundays and legal holidays. At a hearing on the issue of noncompliance with the agreement, the written statement of noncompliance submitted under par. (bm) shall be prima facie evidence that a violation of the conditions of the agreement has occurred. If the subject individual denies any of the facts as stated in the statement, he or she has the burden of proving that the facts are false by a preponderance of the evidence.

(c) During detention a physician may order the administration of such medication or treatment as is permitted under s. 51.61 (1) (g) and (h). The subject individual may consent to treatment but only after he or she has been informed of his or her right to refuse treatment and has signed a written consent to such treatment, except that an individual for whom, under s. 51.61 (1) (g), a probable cause finding has been made that he or she is not competent to refuse medication may not consent to medication under this paragraph. A report of all treatment which is provided, along with any written consent, shall be filed with the court by the director of the treatment facility in which the subject individual is detained, or his or her designee.

(9) EXAMINATION. (a) If the court finds after the hearing that there is probable cause to believe the allegations under sub. (1), it shall appoint 2 licensed physicians specializing in psychiatry, or one licensed physician and one licensed psychologist, or 2 licensed physicians one of whom shall have specialized training in psychiatry, if available, or 2 physicians, to personally examine the subject individual. Such examiners shall have the specialized knowledge determined by the court to be appropriate to the needs of the subject individual. One of the examiners may be selected by the subject individual if such person makes his or her selection known to the court within 24 hours after completion of the hearing to determine probable cause for commitment. The court may deny the subject individual's selection if the examiner does not meet the requirements of this paragraph or such person is not available. If requested by the subject individual, the individual's attorney or any other interested party with court permission, the individual has a right at his or her own expense or if indigent with approval of the court hearing the petition, at the reasonable expense of the individual's county of legal residence, to secure an additional medical or psychological examination, and to offer the evaluator's personal testimony, as evidence at the hearing. The examiners may not be related to the subject individual by blood or marriage, and may have no interest in his or her property. Prior to the examination the subject individual shall be informed that his or her statements can be used as a basis for commitment and that he or she has the right to remain silent, and that the examiner is required to make a report to the court even if the subject individual remains silent. A written report shall be made of all such examinations and filed with the court. The issuance of such a warning to the subject individual prior to each examination establishes a presumption that the individual understands that he or she need not speak to the examiner. The examiners shall personally observe and examine the subject individual at any suitable place and satisfy themselves, if reasonably possible, as to the individual's mental condition, and shall make independent reports to the court. The subject individual's treatment records shall be available to the examiners. If the subject individual is not detained pending the hearing, the court shall designate the time and place where the examination is to be held and shall require the individual's appearance. The report and testimony, if any, by the examiners shall be based on beliefs to a reasonable degree of medical certainty, or professional certainty if an examiner is a psychologist, in regard to the existence of the conditions described in sub. (1), and the appropriateness of various treatment modalities or facilities. If the examiners are unable to make conclusions to a reasonable degree of medical or professional certainty, the examiners shall so state in their report and testimony, if any.

(b) If the examiner determines that the subject individual is a proper subject for treatment, the examiner shall make a recommendation concerning the appropriate level of treatment. Such recommendation shall include the level of inpatient facility which provides the least restrictive environment consistent with the needs of the individual, if any, and the name of the facility where the subject individual should be received into the mental health system. The court may, prior to disposition, order additional information concerning such recommended level of treatment to be provided by the staff of the appropriate county department under s. 51.42 or 51.437, or by the staff of a public treatment facil-

ity if the subject individual is detained there pending the final hearing.

(c) On motion of either party, all parties shall produce at a reasonable time and place designated by the court all physical evidence which each party intends to introduce in evidence. Thereupon, any party shall be permitted to inspect, copy, or transcribe such physical evidence in the presence of a person designated by the court. The order shall specify the time, place and manner of making the inspection, copies, photographs, or transcriptions, and may prescribe such terms and conditions as are just. The court may, if the motion is made by the subject individual, delay the hearing for such period as may be necessary for completion of discovery.

(10) HEARING. (a) Within a reasonable time prior to the final hearing, the petitioner's counsel shall notify the subject individual and his or her counsel of the time and place of final hearing. The court may designate additional persons to receive notice of the time and place of the final hearing. Within a reasonable time prior to the final hearing, each party shall notify all other parties of all witnesses he or she intends to call at the hearing and of the substance of their proposed testimony. The provision of notice of potential witnesses shall not bar either party from presenting a witness at the final hearing whose name was not in the notice unless the presentation of the witness without notice is prejudicial to the opposing party.

(b) Counsel for the person to be committed shall have access to all psychiatric and other reports 48 hours in advance of the final hearing.

(c) The court shall hold a final hearing to determine if the allegations specified in sub. (1) are true. Except as otherwise provided in this chapter, the rules of evidence in civil actions and s. 801.01 (2) apply to any judicial proceeding or hearing under this chapter. The court shall, in every stage of an action, disregard any error or defect in the pleadings or proceedings that does not affect the substantial rights of either party.

(cm) 1. Prior to or at the final hearing, for individuals for whom a petition is filed under sub. (1) (a) 2. e., the county department under s. 51.42 or 51.437 shall furnish to the court and the subject individual an initial recommended written treatment plan that contains the goals of treatment, the type of treatment to be provided and the expected providers. The treatment plan shall address the individual's needs for inpatient care, residential services, community support services, medication and its monitoring, case management, and other services to enable the person to live in the community upon release from an inpatient facility. The treatment plan shall contain information concerning the availability of the needed services and community treatment providers' acceptance of the individual into their programs. The treatment plan is only a recommendation and is not subject to approval or disapproval by the court. Failure to furnish a treatment plan under this subdivision does not constitute grounds for dismissal of the petition unless the failure is made in bad faith.

2. This paragraph does not apply after November 30, 2001.

(d) In the event that the subject individual is not detained and fails to appear for the final hearing the court may issue an order for the subject individual's detention and shall hold the final commitment hearing within 7 days from the time of detention.

(e) At the request of the subject individual or his or her counsel the final hearing under par. (c) may be postponed, but in no case may the postponement exceed 7 calendar days from the date established by the court under this subsection for the final hearing.

(11) JURY TRIAL. (a) If before involuntary commitment a jury is demanded by the individual against whom a petition has been filed under sub. (1) or by the individual's counsel if the individual does not object, the court shall direct that a jury of 6 people be drawn to determine if the allegations specified in sub. (1) (a), (ar) or (av) are true. A jury trial is deemed waived unless demanded at least 48 hours in advance of the time set for final hearing, if notice of that time has been previously provided to the subject

individual or his or her counsel. If a jury trial demand is filed within 5 days of detention, the final hearing shall be held within 14 days of detention. If a jury trial demand is filed later than 5 days after detention, the final hearing shall be held within 14 days of the date of demand. If an inmate of a state prison, county jail or house of correction demands a jury trial within 5 days after the probable cause hearing, the final hearing shall be held within 28 days of the probable cause hearing. If an inmate of a state prison, county jail or house of correction demands a jury trial later than 5 days after the probable cause hearing, the final hearing shall be held within 28 days of the date of demand.

(b) No verdict shall be valid or received unless agreed to by at least 5 of the jurors.

(c) Motions after verdict may be made without further notice upon receipt of the verdict.

(12) OPEN HEARINGS; EXCEPTION. Every hearing which is held under this section shall be open, unless the subject individual or the individual's attorney, acting with the individual's consent, moves that it be closed. If the hearing is closed, only persons in interest, including representatives of providers of service and their attorneys and witnesses may be present. If the subject individual is a minor, every hearing shall be closed unless an open hearing is demanded by the minor through his or her counsel.

(13) DISPOSITION. (a) At the conclusion of the proceedings the court shall:

1. Dismiss the petition; or
2. If the subject individual is an adult, or is a minor aged 14 years or more who is developmentally disabled, proceed under s. 51.67 to determine whether the subject individual should receive protective placement or protective services; or
3. If the individual is not an inmate of a state prison, county jail or house of correction and the allegations specified in sub. (1) (a) are proven, order commitment to the care and custody of the appropriate county department under s. 51.42 or 51.437, or if inpatient care is not required order commitment to outpatient treatment under care of such county department; or
4. If the individual is an inmate of a state prison and the allegations under sub. (1) (a) or (ar) are proven, order commitment to the department and either authorize the transfer of the inmate to a state treatment facility or if inpatient care is not needed authorize treatment on an outpatient basis in the prison; or
- 4m. If the individual is an inmate of a county jail or house of correction and the allegations under sub. (1) (a) or (av) are proven, order commitment to the county department under s. 51.42 or 51.437 serving the inmate's county of residence or, if the inmate is a nonresident, order commitment to the department. The order shall either authorize the transfer of the inmate to a state or county treatment facility or, if inpatient care is not needed, authorize treatment on an outpatient basis in the jail or house of correction; or
5. If the allegations specified in sub. (1) (a) are proven and the subject individual is a nonresident, order commitment to the department.

(b) If the petition has been dismissed under par. (a), the subject individual may agree to remain in any facility in which he or she was detained pending the hearing for the period of time necessary for alternative plans to be made for his or her care.

(c) If disposition is made under par. (a) 3.:

1. The court shall designate the facility or service which is to receive the subject individual into the mental health system, except that, if the subject individual is under the age of 22 years and the facility is a center for the developmentally disabled, the court shall designate only the central center for the developmentally disabled unless the department authorizes designation of the northern or southern center for the developmentally disabled;

2. The county department under s. 51.42 or 51.437 shall arrange for treatment in the least restrictive manner consistent with the requirements of the subject individual in accordance with

a court order designating the maximum level of inpatient facility, if any, which may be used for treatment, except that, if the subject individual is under the age of 22 years and the facility is a center for the developmentally disabled, designation shall be only to the central center for the developmentally disabled unless the department authorizes the placement of the individual at the northern or southern center for the developmentally disabled; and

3. The county department under s. 51.42 or 51.437 shall report to the court as to the initial plan of treatment for the subject individual.

(cm) If disposition is made under par. (a) 4. or 4m. and the inmate is transferred to a state or county treatment facility, the department or, in the case of a disposition under par. (a) 4m., the county department under s. 51.42 or 51.437 may, after evaluating the inmate and developing an appropriate treatment plan, transfer the inmate back to the prison, county jail or house of correction on a conditional basis. The inmate shall be informed of the terms and conditions of the transfer as provided in s. 51.35 (1) (a). If the inmate does not cooperate with the treatment or if the inmate is in need of additional inpatient treatment, the department or the county department under s. 51.42 or 51.437 may return the inmate to a state or county treatment facility.

(cr) If the subject individual is before the court on a petition filed under a court order under s. 938.30 (5) (c) 1. and is found to have committed a violation of s. 940.225 (1) or (2), 948.02 (1) or (2) or 948.025, the court shall require the individual to provide a biological specimen to the state crime laboratories for deoxyribonucleic acid analysis.

NOTE: Par. (cr) is shown as amended eff. 6–1–97 by 1995 Wis. Act 440. Prior to 6–1–97 it reads:

(cr) If the subject individual is before the court on a petition filed under a court order under s. 938.30 (5) (c) 1. and is found to have committed a violation of s. 940.225 (1) or (2), 948.02 (1) or (2) or 948.025, the court shall require the individual to provide a biological specimen to the state crime laboratories for deoxyribonucleic acid analysis and to comply with the reporting and testing requirements of s. 175.45.

(ct) 1. If the subject individual is before the court on a petition filed under a court order under s. 938.30 (5) (c) 1. and is found to have committed a violation, or to have solicited, conspired or attempted to commit a violation, of s. 940.225 (1), (2) or (3), 944.06, 948.02 (1) or (2), 948.025, 948.05, 948.055, 948.06, 948.07, 948.08, 948.11 or 948.30, or of s. 940.30 or 940.31 if the victim was a minor and the subject individual was not the victim's parent, the court shall require the individual to comply with the reporting requirements under s. 301.45.

2. Except as provided in subd. 1., if the subject individual is before the court on a petition filed under a court order under s. 938.30 (5) (c) 1. and is found to have committed any violation, or to have solicited, conspired or attempted to commit any violation, of ch. 940, 944 or 948 or ss. 943.01 to 943.15, the court may require the subject individual to comply with the reporting requirements under s. 301.45 if the court determines that the underlying conduct was sexually motivated, as defined in s. 980.01 (5), and that it would be in the interest of public protection to have the subject individual report under s. 301.45.

NOTE: Par. (ct) is created eff. 6–1–97 by 1995 Wis. Act 440.

(cv) 1. If the court makes the disposition under par. (a) 3., 4., 4m. or 5. and the court determines, based on evidence presented on the issue of the subject individual's dangerousness, that there is a substantial probability that the individual may use a firearm to cause physical harm to himself or herself or endanger public safety, the court shall prohibit the individual from possessing a firearm, order the seizure of any firearm owned by the individual and inform the individual of the requirements and penalties under s. 941.29.

2. A prohibition on the possession of a firearm under subd. 1. shall remain in effect until the commitment order and any subsequent consecutive commitment orders expire and the court determines, based on evidence presented on the issue of the subject individual's dangerousness, that there is no longer a substantial probability that the individual may use a firearm to cause physical

harm to himself or herself or endanger public safety. If the court makes this determination, it shall cancel the prohibition and order the return of any firearm ordered seized under subd. 1.

3. In lieu of ordering the seizure under subd. 1., the court may designate a person to store the firearm until the prohibition has been canceled under sub. (16) (gm).

4. If the court prohibits a subject individual from possessing a firearm under subd. 1. or cancels a prohibition under subd. 2., the court clerk shall notify the department of justice of that fact and provide any information identifying the subject individual that is necessary to permit an accurate involuntary commitment history record search under s. 175.35 (2g) (c). No other information from the subject individual's court records may be disclosed to the department of justice except by order of the court. The department of justice may disclose information provided under this subdivision only as part of an involuntary commitment history record search under s. 175.35 (2g) (c).

(d) A disposition under par. (a) 3., 4., 4m. or 5. may be modified as provided in s. 51.35.

(dm) If the court finds that the dangerousness of the subject individual is likely to be controlled with appropriate medication administered on an outpatient basis, the court may direct in its order of commitment that the county department under s. 51.42 or 51.437 or the department may, after a facility evaluates the subject individual and develops an appropriate treatment plan, release the individual on a conditional transfer in accordance with s. 51.35 (1), with one of the conditions being that the individual shall take medication as prescribed by a physician, subject to the individual's right to refuse medication under s. 51.61 (1) (g) and (h), and that the individual shall report to a particular treatment facility on an outpatient basis for evaluation as often as required by the director of the facility or the director's designee. A finding by the court that the allegations under sub. (1) (a) 2. e. are proven constitutes a finding that the individual is not competent to refuse medication or treatment. The court order may direct that, if the director or his or her designee determines that the individual has failed to take the medication as prescribed or has failed to report for evaluation as directed, the director or designee may request that the individual be taken into custody by a law enforcement agency in accordance with s. 51.39, and that medication, as prescribed by the physician, may be administered voluntarily or against the will of the individual under s. 51.61 (1) (g) and (h). A court order under this paragraph is effective only as long as the commitment is in effect in accordance with par. (h) and s. 51.35 (4).

NOTE: Par. (dm) is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

(dm) If the court finds that the dangerousness of the subject individual is likely to be controlled with appropriate medication administered on an outpatient basis, the court may direct in its order of commitment that the county department under s. 51.42 or 51.437 or the department may, after a facility evaluates the subject individual and develops an appropriate treatment plan, release the individual on a conditional transfer in accordance with s. 51.35 (1), with one of the conditions being that the individual shall take medication as prescribed by a physician, subject to the individual's right to refuse medication under s. 51.61 (1) (g) and (h), and that the individual shall report to a particular treatment facility on an outpatient basis for evaluation as often as required by the director of the facility or the director's designee. The court order may direct that, if the director or his or her designee determines that the individual has failed to take the medication as prescribed or has failed to report for evaluation as directed, the director or designee may request that the individual be taken into custody by a law enforcement agency in accordance with s. 51.39, and that medication, as prescribed by the physician, may be administered voluntarily or against the will of the individual under s. 51.61 (1) (g) and (h). A court order under this paragraph is effective only as long as the commitment is in effect in accordance with par. (h) and s. 51.35 (4).

(e) The petitioner has the burden of proving all required facts by clear and convincing evidence.

(f) The county department under s. 51.42 or 51.437 which receives an individual who is committed by a court under par. (a) 3. is authorized to place such individual in an approved treatment facility subject to any limitations which are specified by the court under par. (c) 2. The county department shall place the subject individual in the treatment program and treatment facility which is least restrictive of the individual's personal liberty, consistent

with the treatment requirements of the individual. The county department shall have ongoing responsibility to review the individual's needs, in accordance with sub. (17), and transfer the person to the least restrictive program consistent with the individual's needs. If the subject individual is under the age of 22 years and if the facility appropriate for placement or transfer is a center for the developmentally disabled, placement or transfer of the individual shall be made only to the central center for the developmentally disabled unless the department authorizes the placement or transfer to the northern or southern center for the developmentally disabled.

(g) 1. Except as provided in subd. 2., the first order of commitment of a subject individual under this section may be for a period not to exceed 6 months, and all subsequent consecutive orders of commitment of the individual may be for a period not to exceed one year.

2. Any commitment ordered under par. (a) 3. to 5., following proof of the allegations under sub. (1) (a) 2. d., may not continue longer than 45 days in any 365–day period.

2d. a. Except as provided in subd. 2d. b., after the 30th day after an order of commitment under par. (a) 3. to 5. following proof of the allegations under sub. (1) (a) 2. e., the subject individual may, under the order, be treated only on an outpatient basis.

b. If a subject individual who is committed under par. (a) 3. to 5., following proof of the allegations under sub. (1) (a) 2. e., and who is being treated on an outpatient basis violates a condition of treatment that is established by the court or a county department under s. 51.42, the county department or the department may transfer the subject individual under s. 51.35 (1) (e) to an inpatient facility or to an inpatient treatment program of a treatment facility for a period not to exceed 30 days.

c. This subdivision does not apply after November 30, 2001.

2g. The total period a person may be committed pursuant to commitments ordered under par. (a) 4. or 4m., following proof of the allegations under sub. (1) (ar) or (av), may not exceed 180 days in any 365–day period.

2m. In addition to the provisions under subs. 1., 2. and 2g., no commitment ordered under par. (a) 4. or 4m. may continue beyond the inmate's date of release as determined under s. 302.11.

2r. Twenty–one days prior to expiration of the period of commitment under subd. 1., 2., 2g. or 2m., the department, if the individual is committed to the department, or the county department to which an individual is committed shall file an evaluation of the individual and the recommendation of the department or county department regarding the individual's recommitment with the committing court and provide a copy of the evaluation and recommendation to the individual's counsel and the counsel designated under sub. (4). If the date for filing an evaluation and recommendation under this subdivision falls on a Saturday, Sunday or legal holiday, the date which is not a Saturday, Sunday or legal holiday and which most closely precedes the evaluation and recommendation filing date shall be the filing date. A failure of the department or the county department to which an individual is committed to file an evaluation and recommendation under this subdivision does not affect the jurisdiction of the court over a petition for recommitment.

3. The county department under s. 51.42 or 51.437 to whom the individual is committed under par. (a) 3. may discharge the individual at any time, and shall place a committed individual in accordance with par. (f). Upon application for extension of a commitment by the department or the county department having custody of the subject, the court shall proceed under subs. (10) to (13). If the court determines that the individual is a proper subject for commitment as prescribed in sub. (1) (a) 1. and evidences the conditions under sub. (1) (a) 2. or (am) or is a proper subject for commitment as prescribed in sub. (1) (ar) or (av), it shall order judgment to that effect and continue the commitment. The burden of proof is upon the county department or other person seeking com-

mitment to establish evidence that the subject individual is in need of continued commitment.

(h) Any disposition of a minor under this subsection may extend beyond the age of majority of the individual, if the disposition is otherwise made in accordance with this section.

(14) TRANSPORTATION; EXPENSES. The sheriff or any law enforcement officer shall transport an individual who is the subject of a petition and execute the commitment, or any competent relative, friend or member of the staff of a treatment facility may assume responsibility for the individual and transport him or her to the inpatient facility. The director of the county department under s. 51.42 or 51.437 may request the sheriff to provide transportation for a subject individual or may arrange any other method of transportation which is feasible. The county department may provide reimbursement for the transportation costs from its budgeted operating funds.

(15) APPEAL. An appeal may be taken to the court of appeals within the time period specified in s. 808.04 (3) in accordance with s. 809.40 by the subject of the petition or the individual's guardian, by any petitioner or by the representative of the public.

(16) REEXAMINATION OF PATIENTS. (a) Except in the case of alcoholic commitments under s. 51.45 (13), any patient who is involuntarily committed for treatment under this chapter, may on the patient's own verified petition, except in the case of a minor who is under 14 years of age, or on the verified petition of the patient's guardian, relative, friend, or any person providing treatment under the order of commitment, request a reexamination or request the court to modify or cancel an order of commitment.

(b) A petition under this subsection may be filed with the court assigned to exercise jurisdiction over probate matters, either for the county from which the patient is committed or for the county in which the patient is detained.

(c) If a hearing has been held with respect to the subject individual's commitment within 30 days of the filing of a petition under this subsection, no hearing shall be held. If such a hearing has not been held within 30 days of the filing of a petition, but has been held within 120 days of the filing, the court shall within 24 hours of the filing order an examination to be completed within 7 days by the appropriate county department under s. 51.42 or 51.437. A hearing may then be held in the court's discretion. If such a hearing has not been held within 120 days of the filing, a hearing shall be held on the petition within 30 days of receipt.

(d) Reexaminations under this subsection are subject to the standards prescribed in sub. (13) (g).

(e) If the court determines or is required to hold a hearing, it shall thereupon proceed in accordance with sub. (9) (a). For the purposes of the examination and observation, the court may order the patient confined in any place designated in s. 51.15 (2).

(f) If a patient is involuntarily committed and placed in a hospital, a notice of the appointment of the examining physicians and copies of their reports shall be furnished to such hospital by the court.

(g) Upon the filing of the examiners' reports the court shall fix a time and place of hearing and cause reasonable notice to be given to the petitioner, the treatment facility, the patient's legal counsel and the guardian of the patient, if any, and may notify any known relative of the patient. Subsections (10) to (13) shall govern the procedure to be used in the conduct of the hearing, insofar as applicable. The privileges provided in ss. 905.03 and 905.04 shall apply to reexamination hearings.

(gm) Upon a request under par. (a), a court may cancel the prohibition under sub. (13) (cv) 1. if the court determines, based on evidence presented on the issue of the subject individual's dangerousness, that there no longer is a substantial probability that the individual may use a firearm to cause physical harm to himself or herself or endanger public safety. If a court cancels a prohibition under sub. (13) (cv) 1. under this paragraph, the court clerk shall notify the department of justice of that fact and provide any information identifying the subject individual that is necessary to per-

mit an accurate involuntary commitment record search under s. 175.35 (2g) (c). No other information from the subject individual's court records may be disclosed to the department of justice except by order of the court.

(h) All persons who render services in such proceedings shall receive compensation as provided in sub. (18) and all expenses of such proceedings shall be paid and adjusted as provided in sub. (18).

(i) Subsequent reexaminations may be had at any time in the discretion of the court but may be compelled after 120 days of the preceding examination in accordance with this subsection. All petitions for reexamination must be heard within 30 days of their receipt by the court.

(j) This subsection applies to petitions for reexamination that are filed under ch. 971, but not s. 971.17, and ch. 975, except that the petitions shall be filed with the committing court.

(k) Any order of a county department under s. 51.42 or 51.437 is subject to review by the court assigned to exercise probate jurisdiction upon petition under this subsection.

(L) The pendency of an appeal in either the court of appeals or the supreme court does not deprive the circuit court of jurisdiction to conduct reexamination proceedings under this section with respect to the individual who is the subject of the appeal.

(17) RIGHT TO REEVALUATION. With the exception of alcoholic commitments under s. 51.45 (13), every patient committed involuntarily to a board under this chapter shall be reevaluated by the treatment staff or visiting physician within 30 days after the commitment, and within 3 months after the initial reevaluation, and again thereafter at least once each 6 months for the purpose of determining whether such patient has made sufficient progress to be entitled to transfer to a less restrictive facility or discharge. The findings of such reevaluation shall be written and placed with the patient's treatment record, and a copy shall be sent to the board which has responsibility for the patient and to the committing court.

(18) FEES OF EXAMINERS, WITNESSES; EXPENSES OF PROCEEDINGS. (a) Unless previously fixed by the county board of supervisors in the county in which the examination is held, the examiners shall receive a fee as fixed by the court for participation in commitment proceedings, and reasonable reimbursement for travel expenses.

(b) Witnesses subpoenaed before the court shall be entitled to the same fees as witnesses subpoenaed before the court in other cases.

(c) Expenses of the proceedings from the presentation of the statement of emergency detention or petition for commitment to the conclusion of the proceeding shall be allowed by the court and paid by the county from which the subject individual is detained, committed or released, in the manner that the expenses of a criminal prosecution are paid, as provided in s. 59.64 (1). Payment of attorney fees for appointed attorneys in the case of children and indigents shall be in accordance with ch. 977.

(d) If the subject individual has a legal residence in a county other than the county from which he or she is detained, committed or discharged, that county shall reimburse the county from which the individual was detained, committed or discharged for all expenses under pars. (a) to (c). The county clerk on each July 1 shall submit evidences of payments of all such proceedings on nonresident payments to the department, which shall certify such expenses for reimbursement in the form of giving credits to the detaining, committing or discharging county and assessing such costs against the county of legal residence or against the state at the time of the next apportionment of charges and credits under s. 70.60.

(19) DEPARTMENTAL DUTIES. (a) Prior to filing a petition for commitment of an inmate under sub. (1) (ar) the department shall:

1. Attempt to use less restrictive forms of treatment with the individual. Less restrictive forms of treatment shall include, but are not limited to, voluntary treatment within the prison or volun-

tary transfer to a state treatment facility, including an admission which meets the requirements of s. 51.10 (4m).

2. Ensure that the individual has been fully informed about his or her treatment needs, the mental health services available to him or her and his or her rights under this chapter and that the individual has had an opportunity to discuss his or her needs, the services available to him or her and his or her rights with a licensed physician or a licensed psychologist.

(b) The department shall promulgate rules:

1. Establishing standards for the use of psychotropic drugs on prisoners in a state prison and inmates committed under sub. (1) (ar).

1m. Establishing standards and procedures for use of and periodic review of the use of psychotropic drugs on inmates in a county jail or house of correction who are being treated in the jail or house of correction under a commitment based on a petition under sub. (1) (a) or (av).

2. Providing for the periodic review and evaluation of the appropriateness of and the need for the use of psychotropic drugs on, and the need for the continuation of treatment for, each inmate committed under sub. (1) (ar).

3. Needed to carry out its duties under par. (a).

NOTE: 1987 Wis. Act 366, that amended this section contains notes by the Legislative Council following many of the statutes affected.

1987 Wis. Act 394, which affected this section, contains a prefatory note and notes following the sections.

Judicial Council Committee's Note, 1981: The final sentence of sub. (1) (am) allows the court to consider the subject individual's conduct during or subsequent to the crime as "recent" for purposes of involuntary civil commitment under this section, if the individual is proceeded against during, or immediately upon discharge from, a commitment for examination or treatment for incompetency to proceed as a criminal defendant. The relevancy of evidence of the individual's conduct prior to the crime is to be determined by the court. The revised statute requires the subject individual's dangerousness to be evidenced by acts, attempts, threats, omissions or behavior referred to in sub. (1) (a) 2. Prior law allowed commitment of such an individual upon a showing that there was a substantial likelihood, based on the treatment record, that he or she would be a proper subject for commitment if treatment were withdrawn. [Bill 765–A]

Judicial Council Note, 1988: The amendment to sub. (2) allows notice of hearings to be given by telephone. The time at which such notice is given and the person to whom it is given must be noted in the case file. [Re Order effective Jan. 1, 1988]

Criminal and civil commitments are not substantially the same. State v. Smith, 113 W (2d) 497, 335 NW (2d) 376 (1983).

Use of testimony by physicians over telephone did not violate petitioner's due process rights. In Matter of W.J.C., 124 W (2d) 238, 369 NW (2d) 162 (Ct. App. 1985).

51.22 Care and custody of persons. (1) Except as provided in s. 51.20 (13) (a) 4. or 5., any person committed under this chapter shall be committed to the county department under s. 51.42 or 51.437 serving the person's county of residence, and such county department shall authorize placement of the person in an appropriate facility for care, custody and treatment according to s. 51.42 (3) (as) 1. or 51.437 (4m) (a).

(2) Voluntary admissions under ss. 51.10, 51.13 and 51.45 (10) shall be through the county department under s. 51.42 or 51.437 serving the person's county of residence, or through the department if the person to be admitted is a nonresident of this state. (5) The board to which a patient is committed shall provide the least restrictive treatment alternative appropriate to the patient's needs, and movement through all appropriate and necessary treatment components to assure continuity of care.

51.30 Records. (1) DEFINITIONS. In this section:

(a) "Registration records" include all the records of the department, county departments under s. 51.42 or 51.437, treatment facilities, and other persons providing services to the department, county departments or facilities which identify individuals who are receiving or who at any time have received services for mental illness, developmental disabilities, alcoholism or drug dependence.

NOTE: Section 51.30 (1) (am) was renumbered to s. 51.62 (1) (am) by the revisor under s. 13.93 (1) (b).

(b) "Treatment records" include the registration and all other records concerning individuals who are receiving or who at any time have received services for mental illness, developmental disabilities, alcoholism, or drug dependence which are maintained by the department, by county departments under s. 51.42 or 51.437 and their staffs, and by treatment facilities. Such records do not include notes or records maintained for personal use by an individual providing treatment services for the department, a county department under s. 51.42 or 51.437, or a treatment facility if such notes or records are not available to others.

(2) INFORMED CONSENT. An informed consent for disclosure of information from court or treatment records to an individual, agency, or organization must be in writing and must contain the following: the name of the individual, agency, or organization to which the disclosure is to be made; the name of the subject individual whose treatment record is being disclosed; the purpose or need for the disclosure; the specific type of information to be disclosed; the time period during which the consent is effective; the date on which the consent is signed; and the signature of the individual or person legally authorized to give consent for the individual.

(3) ACCESS TO COURT RECORDS. (a) Except as provided in pars. (b) and (c), the files and records of the court proceedings under this chapter shall be closed but shall be accessible to any individual who is the subject of a petition filed under this chapter.

(b) An individual's attorney or guardian ad litem shall have access to the files and records of the court proceedings under this chapter without the individual's consent and without modification of the records in order to prepare for involuntary commitment or recommitment proceedings, reexaminations, appeals, or other actions relating to detention, admission or commitment under this chapter or ch. 971 or 975.

(c) The files and records of court proceedings under this chapter may be released to other persons with the informed written consent of the individual, pursuant to lawful order of the court which maintains the records or under s. 51.20 (13) (cv) 4. or (16) (gm).

(d) The department of corrections shall have access to the files and records of court proceedings under this chapter concerning an individual required to register under s. 301.45. This restriction applies to elected offi-

cial and to members of boards appointed under s. 51.42 (4) (a) or 51.437 (7) (a).

(b) *Access without informed written consent.* Notwithstanding par. (a), treatment records of an individual may be released without informed written consent in the following circumstances, except as restricted under par. (c):

1. To an individual, organization or agency designated by the department or as required by law for the purposes of management audits, financial audits, or program monitoring and evaluation. Information obtained under this paragraph shall remain confidential and shall not be used in any way that discloses the names or other identifying information about the individual whose records are being released. The department shall promulgate rules to assure the confidentiality of such information.

2. ment under s. 51.42 or 51.437 may transfer any patient or resident who is committed to it, or who is admitted to a facility under its supervision or operating under an agreement with it, between treatment facilities or from a facility into the community if such transfer is consistent with reasonable medical and clinical judgment and consistent with s. 51.22 (5). The transfer shall be made in accordance with par. (e). Terms and conditions which will benefit the patient or resident may be imposed as part of a transfer to a less restrictive treatment alternative. A patient or resident who is committed to the department or a county department under s. 51.42 or 51.437 may be required to take medications and receive treatment, subject to the right of the patient or resident to refuse medication and treatment under s. 51.61 (1) (g) and (h), through a community support program as a term or condition of a transfer. The patient or resident shall be informed at the time of transfer of the consequences of violating such terms and conditions, including possible transfer back to a facility which imposes a greater restriction on personal freedom of the patient or resident.

(b) In addition to the requirements in par. (a), a transfer of a patient in a mental health institute or center for the developmentally disabled by the department is subject to the approval of the appropriate county department under ss. 51.42 and 51.437 to which the patient was committed or through which the patient was admitted to the facility, if any.

(bm) Notwithstanding par. (b), transfer of a patient under the age of 22 years to a center for the developmentally disabled may be made only to the central center for the developmentally disabled unless the department authorizes the transfer of the patient to the northern or southern center for the developmentally disabled.

(c) The department may, without approval of the county department under s. 51.42 or 51.437 and notwithstanding par. (d) 3., transfer any patient from a treatment facility to another treatment facility when the condition of the patient requires such transfer without delay. The department shall notify the appropriate county department under s. 51.42 or 51.437 that the transfer has been made. Any patient so transferred may be returned to the treatment facility from which the transfer was made, upon orders from the department or the county department under s. 51.42 or 51.437, when such return would be in the best interests of the patient.

(d) 1. The department may, without approval of the appropriate county department under s. 51.42 or 51.437, transfer any patient from a state treatment facility or other inpatient facility to an approved treatment facility which is less restrictive of the patient's personal freedom.

2. Transfer under this subsection may be made only if the transfer is consistent with the requirements of par. (a), and the department finds that the appropriate county department under s. 51.42 or 51.437 is unable to locate an approved treatment facility in the community, or that such county department has acted in an arbitrary or capricious manner to prevent the transfer of the patient out of the state treatment facility or other inpatient facility contrary to medical and clinical judgment.

3. A transfer of a patient, made under authority of this subsection, may be made only after the department has notified the county department under s. 51.42 or 51.437 of its intent to transfer a patient in accordance with this subsection. The patient's guardian, if any, or if a minor his or her parent or person in the place of a parent shall be notified.

(e) 1. Whenever any transfer between different treatment facilities results in a greater restriction of personal freedom for the patient and whenever the patient is transferred from outpatient to inpatient status, the department or the county department specified under par. (a) shall inform the patient both orally and in writing of his or her right to contact an attorney and a member of his or her immediate family, the right to have counsel provided at public expense, as provided under s. 967.06 and ch. 977, if the patient is a child or is indigent, and the right to petition a court in the

county in which the patient is located or the committing court for a review of the transfer.

2. In addition to the rights and requirements specified in subd. 1., within 24 hours after any transfer which results in a greater restriction of personal freedom for the patient for a period of more than 5 days or any transfer from outpatient to inpatient status for a period of more than 5 days and if the transfer is due to an alleged violation of a condition of a transfer to less restrictive treatment, the department or the county department specified under par. (a) shall ensure that the patient is provided a written statement of the reasons for the transfer and the facts supporting the transfer and oral and written notice of all of the following:

a. The requirements and rights under subds. 3. to 5.

b. The patient's right to counsel.

c. The patient's right to have counsel provided at public expense, as provided under s. 967.06 and ch. 977, if the patient is a child or is indigent.

d. The rights of the patient's counsel to investigate the facts specified in the written statement of reasons for the transfer, to consult with the patient prior to the patient's waiving a hearing under subd. 3., to represent the patient at all proceedings on issues relating to the transfer, and to take any legal steps necessary to challenge the transfer.

3. Within 10 days after the transfer specified in subd. 2., a hearing shall be held on whether the form of treatment resulting from the transfer is least restrictive of the patient's personal liberty, consistent with the treatment needs of the patient, and on whether the patient violated a condition of a transfer to less restrictive treatment that resulted in a transfer under subd. 2. The hearing shall be held before a hearing officer designated by the director of the facility to which the patient has been transferred. The hearing officer may not be a person who has had direct responsibility for making treatment decisions for or providing treatment to the subject individual. The patient may appear at the hearing, either personally or by counsel, and may present and cross-examine witnesses and present documentary evidence. The hearing may be waived by the patient only after consultation with counsel. Any waiver made shall be in writing and witnessed by the patient's counsel.

4. The department or the county department seeking the transfer has the burden of proving, by a preponderance of the evidence, that the form of treatment resulting from the transfer is least restrictive of the patient's personal liberty, consistent with the treatment needs of the patient, and that the patient violated a condition of a transfer to less restrictive treatment that resulted in a transfer under subd. 2. Hearsay evidence is admissible if the hearing officer makes a determination that the evidence is reliable. Hearsay evidence may not be the sole basis for the decision of the hearing officer.

5. The hearing officer shall, as soon as possible after the hearing, issue a written statement setting forth his or her decision, the reasons for the decision and the facts upon which the decision is based. Within 30 days after the date on which the statement is issued, the patient or the department or the county department seeking the transfer may appeal the decision to a court in the county in which the facility to which the patient has been transferred is located or to the committing court.

6. This paragraph does not apply to a return to a more restrictive facility if the return occurs within 7 days after a temporary transfer from that facility and the return was part of a previously established plan of which the patient was notified at the time of the temporary transfer. This paragraph does not apply to a return of an inmate to a state or county treatment facility under s. 51.20 (13) (cm).

(f) The transfer of a patient or resident to a medical facility for nonpsychiatric medical services does not constitute a transfer within the meaning of this chapter and does not require the proce-

dural protections for return to the original facility which are required by this section for other transfers.

(2) TRANSFER OF CERTAIN DEVELOPMENTALLY DISABLED PATIENTS. The department may authorize a transfer of a patient from a center for the developmentally disabled to a state treatment facility if the patient is mentally ill and exhibits conduct which constitutes a danger as described in s. 51.20 (1) (a) 2. to himself or herself or to others in the treatment facility where he or she is present. The department shall file a statement of emergency detention with the committing court within 24 hours after receiving the person for emergency detention. The statement shall conform to the requirements specified in s. 51.15 (4).

(3) TRANSFER OF CERTAIN CHILDREN FROM JUVENILE CORRECTIONAL FACILITIES AND SECURED CHILD CARING INSTITUTIONS. (a) A licensed psychologist of a juvenile correctional facility or a secured child caring institution, as defined in s. 938.02 (15g), or a licensed physician of the department of corrections, who has reason to believe that any individual confined in the facility or institution is, in his or her opinion, in need of services for developmental disability, alcoholism or drug dependency or in need of psychiatric services, and who has obtained voluntary consent to make a transfer for treatment, shall make a report, in writing, to the superintendent of the facility or institution, stating the nature and basis of the belief and verifying the consent. In the case of a minor age 14 and over, the minor and the minor's parent or guardian shall consent unless the minor is admitted under s. 51.13 (1) (c); and in the case of a minor under the age of 14, only the minor's parent or guardian need consent. The superintendent shall inform, orally and in writing, the minor and the minor's parent or guardian, that transfer is being considered and shall inform them of the basis for the request and their rights as provided in s. 51.13 (3). If the department of corrections, upon review of a request for transfer, determines that transfer is appropriate, that department shall immediately notify the department of health and family services and, if the department of health and family services consents, the department of corrections may immediately transfer the individual. The department of corrections shall file a petition under s. 51.13 (4) (a) in the court assigned to exercise jurisdiction under chs. 48 and 938 of the county where the treatment facility is located.

(b) The court assigned to exercise jurisdiction under chs. 48 and 938 shall determine, based on the allegations of the petition and accompanying documents, whether the transfer is voluntary on the part of the minor if he or she is aged 14 or over, and whether the transfer of the minor to an inpatient facility is appropriate and consistent with the needs of the minor. In the event that the court is unable to make such determinations based on the petition and accompanying documents, it shall order additional information to be produced as it deems necessary to make such review, and make such determinations within 14 days of admission, or it may hold a hearing within 14 days of admission. If a notation of the minor's unwillingness appears on the face of the petition, or that a hearing has been requested by the minor, the minor's counsel, guardian ad litem, parent or guardian, the court shall hold a hearing and appoint counsel or a guardian ad litem for the minor as provided in s. 51.13 (4) (d). At the conclusion of the hearing, the court shall approve or disapprove the request for transfer. If the minor is under the continuing jurisdiction of the court of another county, the court may order the case transferred together with all appropriate records to that court.

(c) A licensed psychologist of a juvenile correctional facility or a secured child caring institution, as defined in s. 938.02 (15g), or a licensed physician of the department, who has reason to believe that any individual confined in the facility or institution, in his or her opinion, is mentally ill, drug dependent or developmentally disabled and is dangerous as described in s. 51.20 (1) (a) 2. a., b., c. or d., is mentally ill, is dangerous and satisfies the standard under s. 51.20 (1) (a) 2. e. or is an alcoholic and is dangerous as described in s. 51.45 (13) (a) 1. and 2., shall file a written report with the superintendent of the facility or institution, stating the

nature and basis of the belief. If the superintendent, upon review of the allegations in the report, determines that transfer is appropriate, he or she shall file a petition according to s. 51.20 or 51.45 in the court assigned to exercise jurisdiction under chs. 48 and 938 of the county where the correctional facility or secured child caring institution is located. The court shall hold a hearing according to procedures provided in s. 51.20 or 51.45 (13).

NOTE: Par. (c) is shown as affected by two acts of the 1995 legislature and as merged by the revisor under s. 13.93 (2) (c).

NOTE: Par. (c) is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

(c) A licensed psychologist of a juvenile correctional facility or a licensed physician of the department of corrections, who has reason to believe that any individual confined in the facility, in his or her opinion, is mentally ill, drug dependent or developmentally disabled and is dangerous as described in s. 51.20 (1) (a) 2., or is an alcoholic and is dangerous as described in s. 51.45 (13) (a) 1. and 2., shall file a written report with the superintendent of the facility, stating the nature and basis of the belief. If the superintendent, upon review of the allegations in the report, determines that transfer is appropriate, he or she shall file a petition according to s. 51.20 or 51.45 in the court assigned to exercise jurisdiction under ch. 48 of the county where the correctional facility is located. The court shall hold a hearing according to procedures provided in s. 51.20 or 51.45 (13).

(d) Within a reasonable time before the expiration of the confinement of an individual who is transferred under par. (a), if he or she is still in the treatment facility, the director shall make an application under s. 51.20 or 51.45 (13) to the court of the county in which the hospital is located for an inquiry into the individual's mental and physical condition, and thereafter the proceedings shall be as in other applications under such provisions. Notwithstanding ss. 51.20 (1) (b) and 51.45 (13) (a), the application of the director of the treatment facility alone is sufficient.

(e) The department of corrections may authorize emergency transfer of an individual from a juvenile correctional facility or a secured child caring institution, as defined in s. 938.02 (15g), to a state treatment facility if there is cause to believe that the individual is mentally ill, drug dependent or developmentally disabled and exhibits conduct which constitutes a danger as described under s. 51.20 (1) (a) 2. a., b., c. or d. to the individual or to others, is mentally ill, is dangerous and satisfies the standard under s. 51.20 (1) (a) 2. e. or is an alcoholic and is dangerous as provided in s. 51.45 (13) (a) 1. and 2. The custodian of the sending facility or institution shall execute a statement of emergency detention or petition for emergency commitment for the individual and deliver it to the receiving state treatment facility. The department of health and family services shall file the statement or petition with the court within 24 hours after the subject individual is received for detention or commitment. The statement or petition shall conform to s. 51.15 (4) or (5) or 51.45 (12) (b). After an emergency transfer is made, the director of the receiving facility may file a petition for continued commitment under s. 51.20 (1) or 51.45 (13) or may return the individual to the facility or institution from which the transfer was made. As an alternative to this procedure, the procedure provided in s. 51.15 or 51.45 (12) may be used, except that no prisoner may be released without the approval of the court which directed confinement in the correctional facility or secured child caring institution.

NOTE: Par. (e) is shown as affected by three acts of the 1995 legislature and as merged by the revisor under s. 13.93 (2) (c).

NOTE: Par. (e) is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

(e) The department may authorize emergency transfer of an individual from a juvenile correctional facility to a state treatment facility if there is cause to believe that the individual is mentally ill, drug dependent or developmentally disabled and exhibits conduct which constitutes a danger as described under s. 51.20 (1) (a) 2. to the individual or to others, or is an alcoholic and is dangerous as provided in s. 51.45 (13) (a) 1. and 2. The correctional custodian of the sending institution shall execute a statement of emergency detention or petition for emergency commitment for the individual and deliver it to the receiving state treatment facility. The department shall file the statement or petition with the court within 24 hours after the subject individual is received for detention or commitment. The statement or petition shall conform to s. 51.15 (4) or (5) or 51.45 (12) (b). After an emergency transfer is made, the director of the receiving facility may file a petition for continued commitment under s. 51.20 (1) or 51.45 (13) or may return the individual to the institution from which the transfer was made. As an alternative to this procedure, the procedure provided in s. 51.15 or 51.45

(12) may be used, except that no prisoner may be released without the approval of the court which directed confinement in the correctional facility.

(f) A copy of the patient's rights established in s. 51.61 shall be given and explained to the minor and his or her parent or guardian at the time of admission by the director of the facility or such person's designee.

(g) A minor 14 years of age or older who is transferred to a treatment facility under par. (a) may request in writing a return to the juvenile correctional facility or secured child caring institution, as defined in s. 938.02 (15g). In the case of a minor under 14 years of age, the parent or guardian may make the request. Upon receipt of a request for return from a minor 14 years of age or over, the director shall immediately notify the minor's parent or guardian. The minor shall be returned to the juvenile correctional facility or secured child caring institution within 48 hours after submission of the request unless a petition or statement is filed for emergency detention, emergency commitment, involuntary commitment or protective placement.

(4) DISCHARGE. (a) The county department under s. 51.42 or 51.437 shall grant a discharge from an order of commitment when it determines that the patient no longer meets the standard for recommitment under s. 51.20 (13) (g). The county department shall grant a discharge to a patient who is voluntarily admitted to an inpatient facility if the treatment director determines that treatment is no longer necessary or if the individual requests such discharge. Discharge or retention of a patient who is voluntarily admitted is subject to the procedures prescribed in ss. 51.10 (5) and 51.13 (7).

(b) The department shall grant a discharge from commitment or from voluntary admission for patients committed or voluntarily admitted to a facility under control of the department. The standards applied by the department in granting a discharge shall be the same as those provided in par. (a). The department may not discharge from a commitment an individual who has been committed to a county department under s. 51.42 or 51.437 without first obtaining approval of that county department. The department may discharge a voluntarily admitted patient if the appropriate county department is notified. Transfers of patients may be made by the department in accordance with sub. (1).

(c) The director of an inpatient facility may grant a discharge or may terminate services to any patient who is voluntarily admitted under s. 51.10 or 51.13 when, on the advice of the treatment staff, such discharge or termination is in the best interests of the patient.

(d) The director of an inpatient facility may grant a discharge or may terminate services to any patient voluntarily admitted under s. 51.10 or 51.13 when such patient requests a discharge. Such discharge shall conform to the requirements of s. 51.10 (5) (c) or 51.13 (7).

(e) A discharge may be issued to a patient who participates in outpatient, aftercare, or follow-up treatment programs. The discharge may permit the patient to receive necessary medication, outpatient treatment, consultation and guidance from the issuing facility at the request of the patient. Such discharge is not subject to withdrawal by the issuing agency.

(f) Notice of discharge shall be filed with the committing court, if any, by the department or the board which granted the discharge. After such discharge, if it becomes necessary for the individual who is discharged to have further care and treatment, and such individual cannot be voluntarily admitted, a new commitment must be obtained, following the procedure for the original commitment.

(4m) TRANSFER OR DISCHARGE OF PERSONS WITH CHRONIC MENTAL ILLNESS. The department or county department under s. 51.42 or any person authorized to discharge or transfer patients under this section shall, prior to the discharge of a patient with chronic mental illness from an inpatient facility, or prior to the transfer of a patient with chronic mental illness from inpatient to outpatient status, with the patient's permission if the patient is a voluntary patient, do all of the following:

(a) Refer the patient to the county department under s. 51.42 which is responsible for the patient's care for referral to a community support program in the county to which the patient will be discharged or transferred for evaluation of the need for and feasibility of the provision of community-based services and of the need for and feasibility of the provision of aftercare services.

(b) Assist the patient in applying for any public assistance for which he or she may qualify.

(5) RESIDENTIAL LIVING ARRANGEMENTS; TRANSITIONARY SERVICES. The department and any person, director or board authorized to discharge or transfer patients under this section shall ensure that a proper residential living arrangement and the necessary transitional services are available and provided for the patient being discharged or transferred. Under this subsection, a proper residential living arrangement may not include a shelter facility, as defined under s. 16.352 (1) (d), unless the discharge or transfer to the shelter facility is made on an emergency basis for a period not to exceed 10 days.

(6) VETERANS. (a) When the department has notice that any person other than a prisoner is entitled to receive care and treatment in a U.S. department of veterans affairs facility, the person may petition the department of health and family services for a transfer to such facility, and that department may procure admission to such facility in accordance with s. 45.30.

(b) If an individual who is committed under s. 51.37 is entitled to receive care and treatment in a U.S. department of veterans affairs facility, the person may petition the department of health and family services for a transfer to such facility. If the department declines to grant the request, it shall give the person a written reply, stating the reasons for its position. The decision of the department is subject to review by the court which passed sentence or ordered commitment of the person.

(7) GUARDIANSHIP AND PROTECTIVE SERVICES. Prior to discharge from any state treatment facility, the department shall review the possible need of a developmentally disabled, aged infirm or person with other like incapacities for protective services or placement under ch. 55 after discharge, including the necessity for appointment of a guardian or limited guardian. The department shall petition for limited or full guardianship, or for protective services or placement for the person if needed. When the department makes a petition for guardianship under this subsection, it shall not be appointed as guardian.

(8) HOME VISITS AND LEAVES AUTHORIZED. (a) The department or the county department under s. 51.42 or 51.437 may grant to a patient or resident who is committed to it under this chapter, or who is admitted or transferred under this chapter to a facility under its supervision or operating under a contractual agreement with it, a home visit for up to 15 days, or a leave for employment or education purposes in which the patient or resident is not absent from the facility for more than 15 days.

(b) If a patient or resident who is detained under s. 51.15, committed under s. 51.20 or transferred under sub. (3) does not return to the treatment facility by the time designated in the granting of the home visit or leave, the director of the treatment facility may request the sheriff of the county in which the individual is found to return the individual to the facility. The sheriff shall act in accordance with s. 51.39.

(c) This subsection does not apply to persons transferred from a prison or jail under s. 51.37 (5).

(d) A home visit or leave does not constitute a transfer under this chapter, and does not require a hearing under this section or s. 51.61.

NOTE: 1987 Wis. Act 366, which amended this section, contains notes by the Legislative Council following many of the statutes affected.

51.37 Criminal commitments; mental health institutes. (1) All commitments under s. 975.01, 1977 stats., and s.

975.02, 1977 stats., and under ss. 971.14 (5), 971.17 and 975.06 shall be to the department.

(3) The Mendota and Winnebago mental health institutes may be used for the custody, care and treatment of persons committed or transferred thereto pursuant to this section and chs. 971 and 975.

(4) The department may, with the approval of the committing court and the county department under s. 51.42 or 51.437, and subject to s. 51.35, transfer to the care and custody of a county department under s. 51.42 or 51.437 any person in an institution of the department committed under s. 971.14 or 971.17, if in its opinion, the mental condition of the person is such that further care is required and can be properly provided under the direction of the county department under s. 51.42 or 51.437.

(5) (a) When a licensed physician or licensed psychologist of a state prison, of a county jail or of the department of corrections reports in writing to the officer in charge of a jail or institution that any prisoner is, in his or her opinion, mentally ill, drug dependent, or developmentally disabled and is appropriate for treatment as described in s. 51.20 (1), or is an alcoholic and is dangerous as described in s. 51.45 (13) (a) 1. and 2.; or that the prisoner is mentally ill, drug dependent, developmentally disabled or is an alcoholic and is in need of psychiatric or psychological treatment, and that the prisoner voluntarily consents to a transfer for treatment, the officer shall make a written report to the department of corrections which may transfer the prisoner if a voluntary application is made and the department of health and family services consents. If voluntary application is not made, the department of corrections may file a petition for involuntary commitment under s. 51.20 (1) or 51.45 (13). Any time spent by a prisoner in an institution designated under sub. (3) or s. 51.37 (2), 1983 stats., shall be included as part of the individual's sentence.

(b) The department of corrections may authorize an emergency transfer of an individual from a prison, jail or other criminal detention facility to a state treatment facility if there is cause to believe that the individual is mentally ill, drug dependent or developmentally disabled and exhibits conduct which constitutes a danger as described in s. 51.20 (1) (a) 2. a., b., c. or d. of physical harm to himself or herself or to others, or is mentally ill and satisfies the standard under s. 51.20 (1) (a) 2. e. or is an alcoholic and is dangerous as provided in s. 51.45 (13) (a) 1. and 2. The correctional custodian of the sending institution shall execute a statement of emergency detention or petition for emergency commitment for the individual and deliver it to the receiving state treatment facility. The department of health and family services shall file the statement or petition with the court within 24 hours after receiving the subject individual for detention. The statement or petition shall conform to s. 51.15 (4) or (5) or 51.45 (12) (b). After an emergency transfer is made, the director of the receiving facility may file a petition for continued commitment under s. 51.20 (1) or 51.45 (13) or may return the individual to the institution from which the transfer was made. As an alternative to this procedure, the emergency detention procedure in s. 51.15 or 51.45 (12) may be used, except that no prisoner may be released without the approval of the court which directed confinement in the institution.

NOTE: Par. (b) is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

(b) The department of corrections may authorize an emergency transfer of an individual from a prison, jail or other criminal detention facility to a state treatment facility if there is cause to believe that the individual is mentally ill, drug dependent or developmentally disabled and exhibits conduct which constitutes a danger as described in s. 51.20 (1) (a) 2. of physical harm to himself or herself or to others, or is an alcoholic and is dangerous as provided in s. 51.45 (13) (a) 1. and 2. The correctional custodian of the sending institution shall execute a statement of emergency detention or petition for emergency commitment for the individual and deliver it to the receiving state treatment facility. The department of health and family services shall file the statement or petition with the court within 24 hours after receiving the subject individual for detention. The statement or petition shall conform to s. 51.15 (4) or (5) or 51.45 (12) (b). After an emergency transfer is made, the director of the receiving facility may file a petition for continued commitment under s. 51.20 (1) or 51.45 (13) or may return the individual to the institution from which the transfer was made. As an alternative to this procedure, the emergency detention procedure in s. 51.15 or 51.45

(12) may be used, except that no prisoner may be released without the approval of the court which directed confinement in the institution.

(c) No state treatment facility may accept for admission an individual who is being transferred from a county jail under par. (a) or (b) without the approval of the county department under s. 51.42 or 51.437 of the county in which the jail is located. No state treatment facility may retain such an individual beyond 72 hours without the approval of the county department under s. 51.42 or 51.437 of the county where the transferred individual has legal residence.

(6) After an emergency transfer is made, the director of the receiving facility may file a petition for continued commitment under s. 51.20 (1).

(7) Section 51.20 (18) applies to witness fees, attorney fees and other court fees incurred under this section.

(8) (a) Rights to reexamination under s. 51.20 (16) apply to a prisoner or inmate who is found to be mentally ill or drug dependent except that the petition shall be made to the court that made the finding or, if the prisoner or inmate is detained by transfer, to the circuit court of the county in which he or she is detained. If upon rehearing it is found that the standards for recommitment under s. 51.20 (13) (g) no longer apply to the prisoner or inmate or that he or she is not in need of psychiatric or psychological treatment, the prisoner or inmate shall be returned to the prison or county jail or house of correction unless it is past his or her release date as determined under s. 302.11, in which case he or she shall be discharged.

(b) If the condition of any prisoner or inmate committed or transferred under this section requires psychiatric or psychological treatment after his or her date of release as determined under s. 302.11, the director of the state treatment facility shall, within a reasonable time before the release date of the prisoner or inmate, make a written application to the court which committed the prisoner or inmate under sub. (5) (a). Thereupon, the proceeding shall be upon application made under s. 51.20, but no physician or psychologist who is connected with a state prison, Winnebago or Mendota mental health institute or any county jail or house of correction may be appointed as an examiner. If the court does not commit the prisoner or inmate, it may dismiss the application and order the prisoner or inmate returned to the institution from which he or she was transferred until the release date of the prisoner or inmate. If the court commits the prisoner or inmate for the period commencing upon his or her release date, the commitment shall be to the care and custody of the county department under s. 51.42 or 51.437.

(9) If in the judgment of the director of Mendota mental health institute, Winnebago mental health institute or the Milwaukee county mental health complex, any person who is committed under s. 971.14 or 971.17 is not in such condition as warrants his or her return to the court but is in a condition to receive a conditional transfer or discharge under supervision, the director shall report to the department of health and family services, the committing court and the district attorney of the county in which the court is located his or her reasons for the judgment. If the court does not file objection to the conditional transfer or discharge within 60 days of the date of the report, the director may, with the approval of the department of health and family services, conditionally transfer any person to a legal guardian or other person, subject to the rules of the department of health and family services. Before a person is conditionally transferred or discharged under supervision under this subsection, the department of health and family services shall so notify the municipal police department and county sheriff for the area where the person will be residing. The notification requirement does not apply if a municipal department or county sheriff submits to the department of health and family services a written statement waiving the right to be notified. The department of health and family services may contract with the department of corrections for the supervision of persons who are transferred or discharged under this subsection.

(10) (a) In this subsection:

1. “Crime” has the meaning designated in s. 949.01 (1).
2. “Extended home visit or leave” means a home visit or leave lasting 24 hours or longer.
3. “Member of the family” means spouse, child, sibling, parent or legal guardian.
4. “Victim” means a person against whom a crime has been committed.

(am) The director of a state treatment facility may grant to any patient admitted to the facility as a result of a commitment under ch. 971 or 975, a home visit for up to 15 days, or a leave for employment or education purposes in which the patient is not absent from the facility for more than 15 days.

(b) Such a home visit or leave may be granted by the department at its discretion when it is believed to be in the best therapeutic interests of the patient and it is reasonably believed not to present a substantial risk of harm to the community.

(c) Any patient who is granted a home visit or leave under this subsection shall be restricted to the confines of this state unless otherwise specifically permitted. The patient may, in addition, be restricted to a particular geographic area. Other conditions appropriate to the person’s treatment may also be imposed upon the home visit or leave.

(d) If such a patient does not return to the treatment facility by the time designated in the granting of the home visit or leave, or if the patient is believed to have violated other conditions of the home visit or leave, the director of the treatment facility may request the sheriff of the county in which the patient is found to return the patient to the facility. The sheriff shall act in accordance with s. 51.39.

(dg) If the department grants a patient an extended home visit or leave under this subsection, the department shall notify the following, if they can be found, in accordance with par. (dm):

1. The office of the judge who committed the patient.
2. The office of the district attorney who participated in the commitment proceedings.
3. The victim of the crime committed by the patient or, if the victim died as a result of the crime, an adult member of the victim’s family or, if the victim is younger than 18 years old, the victim’s parent or legal guardian, after the submission of a card under par. (dx) requesting notification.

(dm) 1. The notice under par. (dg) shall inform the offices and person under par. (dg) 1. to 3. of the patient’s name and of the date the patient will begin the home visit or leave. The department shall provide notice under this paragraph for a patient’s first extended home visit or leave and, upon request, for subsequent extended home visits or leaves.

2. The department shall send the notice, postmarked at least 7 days before the patient begins the extended home visit or leave, to the last-known address of the offices and person under par. (dg) 1. to 3.

3. If the notice is for a first extended home visit or leave, the notice shall inform the offices and person under par. (dg) 1. to 3. that notification of subsequent extended home visits or leaves will be provided only upon request.

(dx) The department shall design and prepare cards for persons specified in par. (dg) 3. to send to the department. The cards shall have space for these persons to provide their names and addresses, the name of the applicable patient and any other information the department determines is necessary. The department shall provide the cards, without charge, to district attorneys. District attorneys shall provide the cards, without charge, to persons specified in par. (dg) 3. These persons may send completed cards to the department. All departmental records or portions of records that relate to mailing addresses of these persons are not subject to inspection or copying under s. 19.35 (1).

51.40 Residence of developmentally disabled or chronically mentally ill adults. (1) DEFINITIONS. In this section:

(a) “Agency of a county department” means a public or private organization with which a county department contracts for provision of services under ch. 46, 51 or 55.

(b) “Arrange or make placement” means perform any action beyond providing basic information concerning the availability of services, facilities or programs in a county to an individual or the individual’s family.

(c) “Capable of indicating intent” means able to express by words or other means an informed choice of a place to live.

(d) “County department” means a county department under s. 46.23, 51.42 or 51.437.

(e) “County of responsibility” means the county responsible for funding the provision of services under ch. 46 or 55 to an individual.

(f) “Guardian” means a guardian of the person appointed by a court under ch. 880.

(g) “Incapable of indicating intent” means one of the following:

1. The status of an individual who has had a guardian appointed under ch. 880, unless the court made a specific finding under s. 880.33 (3) that the individual is competent to make an informed choice of a place to live.

2. The status of an individual for whom there is substantial evidence, based on documentation from a licensed physician or psychologist who has personally examined the individual and who has expertise concerning the type of mental disability evidenced by the individual, that the individual is incapable of indicating intent.

(h) “Nursing home” has the meaning specified under s. 50.01 (3), except that “nursing home” does not include a facility that is operated directly by the department.

(i) “Parent” has the meaning specified under s. 48.02 (13).

(j) “State facility” means a state mental health institute, center for the developmentally disabled, prison as specified in s. 302.01 or a facility that is operated directly by the department of health and family services or the department of corrections.

(2) DETERMINATION OF RESIDENCE. For purposes of determining responsibility for funding the provision of services under chs. 46, 51 and 55, the county of residence of individuals aged 18 or older with developmental disability or chronic mental illness in state facilities or nursing homes shall be determined as follows:

(a) *Directed placement.* 1. Commitment or protection placement. If an individual is under a court order of commitment under this chapter or protective placement under s. 55.06, the individual remains a resident of the county in which he or she has residence at the time the commitment or protective placement is made. If the court makes no specific finding of a county of residence, the individual is a resident of the county in which the court is located.

2. Placement by a county. Except for the provision of emergency services under s. 51.15, 51.42 (1) (b), 51.437 (4) (c), 51.45 (11) and (12) or 55.06 (11), if a county department or an agency of a county department arranges or makes placement of the individual into a state facility or nursing home, the individual is a resident of the county of that county department. Any agency of the county department is deemed to be acting on behalf of the county department in arranging or making placement.

(b) *Other admissions.* If par. (a) does not apply, one of the following shall apply:

1. Individuals in state facilities. An individual who is in a state facility is a resident of the county in which he or she was a resident at the time the admission to the state facility was made. This subdivision may not be applied to change residence from a county, other than the county in which the facility is located, which has accepted responsibility for or provided services to the individual prior to August 1, 1987.

2. Individuals in nursing homes. An individual in a nursing home who was admitted to the nursing home on or after August 1, 1987, is a resident of the county which approved the admission

under s. 50.04 (2r). An individual in a nursing home on August 1, 1987, is presumed to be a resident of the county in which the individual is physically present unless another county accepts the individual as a resident. The presumption of residence may be overcome by substantial evidence which clearly establishes residence in another county in one of the following ways:

a. The individual had an established residence in another county prior to entering the nursing home; the individual or the individual’s guardian, if any, indicates an intent that the individual will return to that county when the purpose of entering the nursing home has been accomplished or when needed care and services can be obtained in the other county; and the individual, when capable of indicating intent, or a guardian for the individual, has made no clearly documented expression to a court or county department of an intent to establish residence elsewhere since leaving that county.

b. The individual is incapable of indicating intent as determined by the county department, has no guardian, ordinarily resides in another county, and is expected to return to that county within one year.

c. Another county has accepted responsibility for or provided services to the individual prior to August 1, 1987.

d. The individual is incapable of indicating intent; the individual was living in another county outside of a nursing home or state facility on December 1, 1982, or under circumstances which established residence in that county after December 1, 1982; and that county was the last county in which the individual had residence while living outside of a nursing home or state facility.

(f) *Exception; county of guardian’s residence.* Notwithstanding pars. (a) and (b), an individual in a nursing home or state facility who is incapable of indicating intent and whose parent or sibling serves as his or her guardian is a resident of the guardian’s county of residence if the state facility or nursing home is located in that county or if the guardian states in writing that the individual is expected to return to the guardian’s county of residence when the purpose of entering the state facility or nursing home has been accomplished or when needed care and services can be obtained in that county.

(g) *Determination of county of responsibility.* 1. An individual, an interested person on behalf of the individual, or any county may request that the department make a determination of the county of responsibility of the individual. Within 10 days after receiving the request, the department shall provide written notice to the individual, to the individual’s guardian, if any, and to all potentially responsible counties that a determination of county of responsibility shall be made and that written information and comments may be submitted within 30 days after the date on which the notice is sent.

2. The department shall review information submitted under subd. 1. and make such investigation as it deems proper. Within 30 days after the end of the period for submitting information, the department shall make a decision as to residence, and send a copy of the decision to the individual and to all involved counties. The decision may be appealed under s. 227.44 by the individual or the county determined to be responsible.

3. Pending a determination under subd. 2., a county department which has been providing services to the individual shall continue to provide services if necessary to meet the individual’s needs. If no county department is currently providing services, the county in which the client is physically present shall provide necessary services pending the determination.

4. A determination under subd. 2. may provide for a period of transitional services to assure continuity of services by specifying a date until which the county department which has been providing services shall continue to do so.

5. The decision of the department under subd. 2. is binding on the individual and on any county which received notice of the proceeding. Except as provided in the determination, the county determined to be the county of responsibility shall act as the

county of responsibility immediately after receiving notice of the determination, and during the pendency of any appeal of the determination that is brought under ch. 227.

51.42 Community mental health, developmental disabilities, alcoholism and drug abuse services. (1) PROGRAM. (a) *Purpose and intent.* All of the following are the purposes and intent of this section:

1. To enable and encourage counties to develop a comprehensive range of services offering continuity of care.

2. To utilize and expand existing governmental, voluntary and private community resources for provision of services to prevent or ameliorate mental disabilities, including but not limited to mental illness, developmental disabilities, alcoholism and drug abuse.

3. To provide for the integration of administration of those services and facilities organized under this section through the establishment of a county department of community programs.

4. To authorize state consultative services, reviews and establishment of standards and grants-in-aid for such program of services and facilities.

(b) *County liability.* The county board of supervisors has the primary responsibility for the well-being, treatment and care of the mentally ill, developmentally disabled, alcoholic and other drug dependent citizens residing within its county and for ensuring that those individuals in need of such emergency services found within its county receive immediate emergency services. This primary responsibility is limited to the programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds. County liability for care and services purchased through or provided by a county department of community programs established under this section shall be based upon the client's county of residence except for emergency services for which liability shall be placed with the county in which the individual is found. For the purpose of establishing county liability, "emergency services" includes those services provided under the authority of s. 51.15, 51.45 (11) (a) or (b) or (12), 55.05 (4) or 55.06 (11) (a) for not more than 72 hours. Nothing in this paragraph prevents recovery of liability under s. 46.10 or any other statute creating liability upon the individual receiving a service or any other designated responsible party, or prevents reimbursement by the department of health and family services for the actual cost of all care and services from the appropriation under s. 20.435 (7) (da), as provided in s. 51.22 (3).

(2) **DEFINITION.** In this section, "program" means community services and facilities for the prevention or amelioration of mental disabilities, including but not limited to mental illness, developmental disabilities, alcoholism and drug abuse.

(3) **COUNTY DEPARTMENT OF COMMUNITY PROGRAMS.** (a) *Creation.* Except as provided under s. 46.23 (3) (b), the county board of supervisors of any county, or the county boards of supervisors of 2 or more contiguous counties, shall establish a county department of community programs on a single-county or multicounty basis to administer a community mental health, developmental disabilities, alcoholism and drug abuse program, make appropriations to operate the program and authorize the county department of community programs to apply for grants-in-aid under s. 51.423. The county department of community programs shall consist of a county community programs board, a county community programs director and necessary personnel.

(ar) *Duties.* A county department of community programs shall do all of the following:

1. Enter into contracts to render services to or secure services from other agencies or resources including out-of-state agencies or resources. Notwithstanding ss. 59.42 (1) and (2) (b) and

978.05, any multicounty department of community programs may contract for professional legal services that are necessary to carry out the duties of the multicounty department of community programs if the corporation counsel of each county of the multicounty department of community programs has notified the multicounty department of community programs that he or she is unable to provide those services in a timely manner.

2. Enter into contracts for the use of any facility as an approved public treatment facility under s. 51.45 for the treatment of alcoholics if the county department of community programs deems it to be an effective and economical course to follow.

3. Plan for and establish a community developmental disabilities program to deliver the services required under s. 51.437 if, under s. 51.437 (4g) (b), the county board of supervisors in a county with a single-county department of community programs or the county boards of supervisors in counties with a multicounty department of community programs transfer the powers and duties of the county department under s. 51.437 to the county department of community programs. The county board of supervisors in a county with a single-county department of community programs and the county boards of supervisors in counties with a multicounty department of community programs may designate the county department of community programs to which these powers and duties have been transferred as the administrative agency of the long-term support community options program under s. 46.27 (3) (b) 1. and 5. and the community integration programs under ss. 46.275, 46.277 and 46.278.

4. Within the limits of available state and federal funds and of county funds required to be appropriated to match state funds, provide for the program needs of persons suffering from mental disabilities, including mental illness, developmental disabilities, alcoholism or drug abuse, by offering the following services:

a. Collaborative and cooperative services with public health and other groups for programs of prevention.

b. Comprehensive diagnostic and evaluation services, including assessment as specified under ss. 343.30 (1q) and 343.305 (10) and assessments under ss. 48.295 (1) and 938.295 (1).

c. Inpatient and outpatient care and treatment, residential facilities, partial hospitalization, emergency care and supportive transitional services.

d. Related research and staff in-service training, including periodic training on emergency detention procedures under s. 51.15 and emergency protective placement procedures under s. 55.06 (11), for individuals within the jurisdiction of the county department of community programs who are authorized to take persons into custody under ss. 51.15 and 55.06 (11). In developing in-service training on emergency detention and emergency protective placement procedures, the county department of community programs shall consult the county department of developmental disabilities services under s. 51.437 in counties where these departments are separate.

e. Continuous planning, development and evaluation of programs and services for all population groups.

4m. If state, federal and county funding for alcohol and other drug abuse treatment services provided under subd. 4. are insufficient to meet the needs of all eligible individuals, ensure that first priority for services is given to pregnant women who suffer from alcoholism or alcohol abuse or are drug dependent.

5. Prepare a local plan which includes an inventory of all existing resources, identifies needed new resources and services and contains a plan for meeting the needs of the mentally ill, developmentally disabled, alcoholic, drug abusers and those with other psychiatric disabilities for citizens residing within the jurisdiction of the county department of community programs and for persons in need of emergency services found within the jurisdiction of the county department of community programs. The plan shall also include the establishment of long-range goals and intermediate-range plans, detailing priorities and estimated costs and providing for coordination of local services and continuity of care. The plan

shall state how the needs of homeless persons and adults with serious and persistent mental illness, children with serious emotional disturbances and minorities will be met by the county department of community programs. The county department of community programs shall submit the plan to the department for review under sub. (7) (a) 9. and s. 51.02 (1) (f) in accordance with the schedule and deadlines established under sub. (7) (a) 9.

6. Under the supervision of the county community programs director, using qualified personnel with training or experience, or both, in mental health, developmental disabilities, or in alcoholism and drug abuse, be responsible for the planning and implementation of programs relating to mental health, developmental disabilities, alcoholism or drug abuse. A single coordinator may be responsible for alcoholism, drug abuse, mental health and developmental disabilities programs.

7. Acknowledge receipt of the notification received under s. 115.85 (4).

8. By September 30, submit for inclusion as part of the proposed county budget to the county executive or county administrator or, in those counties without a county executive or county administrator, directly to the county board of supervisors in a county with a single-county department of community programs or the county boards of supervisors in counties with a multicounty department of community programs a proposed budget for the succeeding calendar year covering services, including active treatment community mental health center services, based on the plan required under subd. 5. The final budget shall be submitted to the department of health and family services.

9. Develop the cost of all services which it purchases based on the standards and requirements of s. 46.036.

11. Annually report to the department of health and family services regarding the use of any contract entered into under s. 51.87

13. Except in an emergency, review and approve or disapprove all admissions to nursing homes of mentally ill persons under age 65 who are residents of the county.

14. If the county board of supervisors establishes an integrated service program for children with severe disabilities under s. 59.53 (7), participate in and may administer an integrated service program for children with severe disabilities under s. 59.53 (7), including entering into any written interagency agreements or contracts.

15. Submit to the department in a timely fashion, as specified by the department, any reports necessary to comply with the requirements under 42 USC 300x–52.

(as) *Care in other facilities.* 1. A county department of community programs shall authorize all care of any patient in a state, local or private facility under a contractual agreement between the county department of community programs and the facility, unless the county department of community programs governs the facility. The need for inpatient care shall be determined by the program director or designee in consultation with and upon the recommendation of a licensed physician trained in psychiatry and employed by the county department of community programs or its contract agency. In cases of emergency, a facility under contract with any county department of community programs shall charge the county department of community programs having jurisdiction in the county where the patient is found. The county department of community programs shall reimburse the facility for the actual cost of all authorized care and services less applicable collections under s. 46.036, unless the department of health and family services determines that a charge is administratively infeasible, or unless the department of health and family services, after individual review, determines that the charge is not attributable to the cost of basic care and services. A county department of community programs may not reimburse any state institution or receive credit for collections for care received therein by nonresidents of this state, interstate compact clients, transfers under s. 51.35 (3), and transfers from Wisconsin state prisons under s.

51.37 (5) (a), commitments under s. 975.01, 1977 stats., or s. 975.02, 1977 stats., or s. 971.14, 971.17 or 975.06 or admissions under s. 975.17, 1977 stats., or children placed in the guardianship of the department of health and family services under s. 48.427 or 48.43 or under the supervision of the department of corrections under s. 938.183 or 938.355. The exclusionary provisions of s. 46.03 (18) do not apply to direct and indirect costs which are attributable to care and treatment of the client.

2. If a mental health institute has provided a county department of community programs with service, the department of health and family services shall regularly bill the county department of community programs, except as provided under subd. 2m. If collections for care exceed current billings, the difference shall be remitted to the county department of community programs through the appropriation under s. 20.435 (2) (gk). For care provided on and after February 1, 1979, the department of health and family services shall adjust collections from medical assistance to compensate for differences between specific rate scales for care charged to the county department of community programs and the average daily medical assistance reimbursement rate. Payment shall be due from the county department of community programs within 60 days of the billing date subject to provisions of the contract. If any payment has not been received within 60 days, the department of health and family services shall deduct all or part of the amount from any payment due from the department of health and family services to the county department of community programs.

2m. The department of health and family services may bill the county department of community programs under subd. 2. for inpatient services provided on or after October 1, 1987, by a mental health institute for individuals under 21 years of age or for individuals under 22 years of age who are receiving the services immediately prior to reaching age 21, only if the person lacks full means of payment, including payment from medical assistance and other sources.

3. Care, services and supplies provided after December 31, 1973, to any person who, on December 31, 1973, was in or under the supervision of a mental health institute, or was receiving mental health services in a facility authorized by s. 51.08 or 51.09, but was not admitted to a mental health institute by the department of health and family services, shall be charged to the county department of community programs which was responsible for such care and services at the place where the patient resided when admitted to the institution. The department of health and family services shall bill county departments of community programs for care provided at the mental health institutes which reflects the estimated per diem cost of specific levels of care, to be adjusted periodically by the department of health and family services.

(aw) *Powers.* 1. Within the limits of state and county appropriations and maximum available funding from other sources, a county department of community programs may provide for the program needs of persons suffering from mental disabilities, including but not limited to mental illness, developmental disability, alcoholism or drug abuse, by offering the following services:

- a. Precare, aftercare and rehabilitation and habilitation services.
- b. Professional consultation.
- c. Public informational and educational services.
- d. Provide treatment and services that are specified in a conditional release plan approved by a court for a person who is a county resident and is conditionally released under s. 971.17 (3) or (4) or that are specified in a supervised release plan approved by a court under s. 980.06 (2) (c) or 980.08 (5). If the county department provides treatment and services under this subdivision, the department of health and family services shall, from the appropriation under s. 20.435 (2) (bj), pay the county department for the costs of the treatment and services.

2. A county department of community programs may allocate services among service recipients to reflect the availability of limited resources.

3. A county department of community programs may own, lease or manage real property for the purposes of operating a treatment facility.

(b) *Other powers and duties.* The county board of supervisors of any county with a single-county department of community programs and the county boards of supervisors of counties with a multicounty department of community programs may designate the county department of community programs as the administrator of any other county health care program or institution, but the operation of such program or institution is not reimbursable under s. 51.423.

(bm) *Educational services.* A county department of community programs may not furnish services and programs provided by the department of education and local educational agencies.

NOTE: Par. (bm) is shown as amended eff. 1–1–96 by 1995 Wis. Act 27. The treatment by Act 27 was held unconstitutional and declared void by the Supreme Court in *Thompson v. Craney*, case no. 95–2168–OA. Prior to Act 27 it read:

(bm) *Educational services.* A county department of community programs may not furnish services and programs provided by the department of public instruction and local educational agencies.

(c) *Multicounty contract.* No grant-in-aid may be made under s. 51.423 to any multicounty department of community programs until the counties which established the multicounty department of community programs have drawn up a detailed contractual agreement, approved by the secretary, setting forth the plans for joint sponsorship.

(d) *Appointment of receiver.* 1. In this paragraph:

a. “Emergency” means a situation, physical condition or one or more practices, methods or operations that present imminent danger of death or serious physical or mental harm to a consumer of mental health, developmental disabilities, alcoholism or drug abuse services of a county department of community programs.

b. “Related program” means a program that is operated by the county department of community programs or under a contract under par. (ar) 1.

2. The department of health and family services may apply to a court for an order appointing a receiver to perform the functions of a county department of community programs or a related program if the department of health and family services determines that appointment of a receiver is necessary to address an emergency.

3. The department of health and family services, represented by the department of justice, may apply for a court order appointing a receiver for a county department of community programs or a related program. The department of health and family services, as represented, may apply by verified petition to the circuit court for Dane county for the order. The court shall hold a hearing on the petition within 5 days after the petition is filed. The petition and notice of the hearing shall be served on the county community programs director or the director of the related program as provided under ch. 801. If it appears from the petition filed under this subdivision, or from an affidavit or affidavits filed with the petition, or from testimony of witnesses under oath when the court determines that this is necessary, that there is probable cause that an emergency exists in the county department of community programs or related program, the court shall immediately issue the requested order for appointment of a receiver, ex parte and without further hearing. The court shall appoint the receiver for a specified time period, up to 120 days, requested by the department of health and family services. The court may extend the period of the receivership in 30-day increments only on the petition of the department of health and family services if the court finds that it is necessary for the receivership to be extended for the continued health, safety and welfare of the consumers of mental health, developmental disabilities, alcoholism or drug abuse services of the county department of community programs or related program. Notwithstanding s. 808.03 (1), any order issued at the

hearing on a petition for receivership under this subdivision or at a subsequent hearing concerning matters arising in the receivership or concerning termination of the receivership under subd. 11. may be appealed as a matter of right.

4. An appearance by the department of justice on behalf of the department of health and family services to obtain the order under subd. 3. is not a hearing of any preliminary contested matter for the purposes of s. 801.58 (1). After the hearing under subd. 3., the court may terminate, continue or modify the temporary order.

5. The receiver shall, with all reasonable speed, but in any event by the date on which the receivership ends under subd. 3. or 4., provide for the continued health, safety and welfare of consumers of mental health, developmental disabilities, alcoholism or drug abuse services of the county department of community programs or related program.

6. A receiver appointed under this paragraph:

a. May exercise those powers and shall perform those duties set out by the court.

b. Shall operate the county department of community programs or related program in such a manner as to assure safety and adequate care for the consumers of mental health, developmental disabilities, alcoholism and drug abuse services of the county department or related program.

c. Shall have the same rights to possession of the buildings occupied by the county department of community programs or related program and of all goods and fixtures in the buildings at the time that the petition for receivership is filed as the county department or related program would have had if the receiver had not been appointed. The receiver shall take action that is reasonably necessary to protect or conserve the tangible assets or property of which the receiver takes possession, or the proceeds of any transfer of those tangible assets or property, and may use them only in the performance of the powers and duties set forth in this paragraph and by order of the court.

d. May use the buildings, fixtures, furnishings and any accompanying consumer goods in the provision of care and services to consumers of mental health, developmental disabilities, alcoholism and drug abuse services of the county department of community programs or related program at the time that the petition for receivership was filed. The receiver shall collect payments for all goods and services provided to those consumers or others during the period of the receivership, at the same rate of payment as was charged by the county department of community programs or related program at the time that the petition for receivership was filed, unless a different rate is set by the court.

e. May let contracts and hire agents and employees to carry out the powers and duties created under this paragraph. Competitive bidding requirements under s. 16.75 do not apply to contracts for services or materials let by the receiver.

f. Shall honor all leases, mortgages and secured transactions governing a building in which the county department of community programs or related program is located and all goods and fixtures in the building of which the receiver has taken possession, but only to the extent of payments which, in the case of a rental agreement, are for the use of the property during the period of the receivership or which, in the case of a purchase agreement, come due during the period of the receivership.

g. Shall have full power to direct and manage and to discharge employees of the county department of community programs or related program, subject to any civil service provisions to which they may be subject or to any contract rights that they may have. The receiver shall pay employees at the same rate of compensation, including benefits, that the employees would have received from the county department of community programs or related program, except that the receiver shall compensate employees for time actually worked during the period of receivership and may reimburse for vacations or periods of sick leave. Receivership does not relieve the county department of community programs or related

program of any obligation to employes that is not carried out by the receiver.

h. Shall assume the powers and duties of the county community programs board under sub. (5).

7. a. A person who is served with notice of an order of the court appointing a receiver and of the receiver's name and address shall be liable to pay the receiver for any goods or services provided by the receiver after the date of the order if the person would have been liable for the goods or services if they had been supplied by the county department of community programs or related program. The receiver shall give a receipt for each payment and shall keep a copy of each receipt on file. The receiver shall deposit amounts received in a special account and shall use this account for all disbursements.

b. The receiver may bring an action to enforce the liability created under subd. 7. a. Proof of payment to the receiver is as effective in favor of the person making the payment as payment of the amount to the person who would, but for this subdivision, have been entitled to receive the sum so paid.

c. A consumer of mental health, developmental disabilities, alcoholism or drug abuse services provided by the county department of community programs or related program may not be discontinued from receiving services, nor may any contract or rights be forfeited or impaired, nor may forfeiture or liability be increased, by reason of an omission to pay the county department or related program a sum paid to the receiver.

8. No person may impede the operation of a receivership established under this paragraph. After the appointment of a receiver, any action that interferes with the functioning of the county department of community programs or related program, including cancellation of an insurance policy executed on behalf of the county department or related program, repossession of equipment used in the county department or related program or termination of utility services or other services or goods that are necessary to protect the health, safety or welfare of the consumers of mental health, developmental disabilities, alcoholism or drug abuse services of the county department or related program, is automatically stayed for not more than 60 days.

9. The court shall set the compensation of the receiver, which shall be considered a necessary expense of a receivership.

10. a. In any action or special proceeding brought against a receiver in the receiver's official capacity for acts committed while carrying out the powers and duties created under this paragraph, the receiver shall be considered a public employe for purposes of s. 895.46.

b. A receiver may be held liable in a personal capacity only for the receiver's own gross negligence, intentional acts or breach of fiduciary duty.

c. A receiver may not be required to post any bond.

11. The court may terminate a receivership only if the time period specified in the order appointing a receiver and any extended time period granted by the court have elapsed and if the receiver determines and notifies the court that the county department of community programs or related program is able to ensure continued compliance with federal statutes and regulations and state statutes and rules. If the court terminates a receivership, the court may require the county department of community programs or related program to post a bond for not less than 120 days in an amount fixed by the court as security for maintaining compliance with federal statutes and regulations and state statutes and rules. If the court, after notice to the parties in the receivership proceeding and after a hearing, finds that the standard for appointment of a receiver under subd. 2. is met, the court may reappoint the receiver. If the court reappoints the receiver, the receiver may use the security, if any has been required under this subdivision, in addition to any funds received under subds. 6. and 7. for purposes of the receivership.

12. a. Within 30 days after termination of a receivership, the receiver shall give the court a complete accounting of all property

of which the receiver has taken possession, of all funds collected under this paragraph and of the expenses of the receivership.

b. If the operating funds collected by the receiver under subds. 6. and 7. exceed the reasonable expenses of the receivership, the court shall order payment of the surplus to the county department of community programs or related program. If the operating funds are insufficient to cover the reasonable expenses of the receivership, the county department of community programs or related program shall be liable for the deficiency. The county department of community programs or related program may apply to the courts to determine the reasonableness of any expenses of the receivership. The county department of community programs or related program shall not be responsible for expenses in excess of what the court finds to be reasonable.

c. The receiver has a lien for any deficiency under subd. 12. b. upon any beneficial interest, direct or indirect, of the county department of community programs or related program in the building in which the county department or related program is located, the land on which the building is located, any fixtures, equipment or goods used in the operation of the county department or related program and the proceeds from the conveyance of any of the property described in this subd. 12. c. made by the county department or related program within one year prior to the filing of the petition for receivership.

d. The lien provided by subd. 12. c. is prior to any lien or other interest which originates subsequent to the filing of a petition for receivership under this paragraph, except for a construction or mechanic's lien arising out of work performed with the express consent of the receiver.

e. The clerk of circuit court for the county in which the facility is located shall record the filing of the petition for receivership in the judgment and lien docket kept under s. 779.07 opposite the name of the county department of community programs or related program named in the petition.

f. The receiver shall, within 60 days after termination of the receivership, file a notice of any lien created under this subdivision. No action on a lien created under this subdivision may be brought more than 2 years after the date of filing. If the lien is on real property, the notice shall be filed with the clerk of circuit court for the county in which the county department of community programs or related program is located and entered on the judgment and lien docket kept under s. 779.07. If the lien is on personal property, the lien shall be filed with the department of financial institutions. The department of financial institutions shall place the lien on personal property in the same file as financing statements are filed under ss. 409.401 and 409.402. The notice shall specify the name of the county department of community programs or related program against which the lien is claimed, the name of the receiver, the dates of the petition for receivership and the termination of receivership, a description of the property involved and the amount claimed. No lien may exist under this subdivision against any person, on any property or for any amount not specified in the notice filed under this subd. 12. f. To the extent applicable, ch. 846 controls the foreclosure of liens under this subdivision that attach to real property.

13. Nothing in this subdivision may be considered to relieve any county department of community programs or related program of any liability incurred, or any duty imposed by law, by reason of acts or omissions of personnel of the county department or related program prior to the appointment of a receiver under this paragraph, nor may anything contained in this subdivision be construed to suspend during the receivership any obligation of the county department or related program for the payment of operating and maintenance expenses of a building owned by the county department or related program or for the payment of mortgages or liens.

14. This paragraph does not apply after June 1, 2000.

51.421 Community support programs. (1) PURPOSE. In order to provide the least restrictive and most appropriate care and treatment for persons with chronic mental illness, community support programs should be available in all parts of the state. In order to integrate community support programs with other long-term care programs, community support programs shall be coordinated, to the greatest extent possible, with the community options program under s. 46.27, with the protective services system in a county, with the medical assistance program under subch. IV of ch. 49 and with other care and treatment programs for persons with chronic mental illness.

(2) SERVICES. If funds are provided, and within the limits of the availability of funds provided under s. 51.423 (2), each county department under s. 51.42 shall establish a community support program. Each community support program shall use a coordinated case management system and shall provide or assure access to services for persons with chronic mental illness who reside within the community. Services provided or coordinated through a community support program shall include assessment, diagnosis, identification of persons in need of services, case management, crisis intervention, psychiatric treatment including medica-

tion supervision, counseling and psychotherapy, activities of daily living, psychosocial rehabilitation which may include services provided by day treatment programs, client advocacy including assistance in applying for any financial support for which the client may be eligible, residential services and recreational activities. Services shall be provided to an individual based upon his or her treatment and psychosocial rehabilitation needs.

(3) DEPARTMENTAL DUTIES. The department shall:

(a) Promulgate rules establishing standards for the provision of community support programs by county departments under s. 51.42. The department shall establish standards that ensure that providers of services meet federal standards for certification of providers of community support program services under the medical assistance program, 42 USC 1396 to 1397e. The department shall develop the standards in consultation with representatives of county departments under s. 51.42, elected county officials and consumer advocates.

(b) Ensure the development of a community support program in each county through the provision of technical assistance, consultation and funding.

(c) Monitor the establishment and the continuing operation of community support programs and ensure that community support programs comply with the standards promulgated by rule. The department shall ensure that the persons monitoring community support programs to determine compliance with the standards are persons who are knowledgeable about treatment programs for persons with chronic mental illness.

(d) Develop and conduct training programs for community support program staff.

History: 1983 a. 441; 1985 a. 120, 176; 1987 a. 27, 368; 1989 a. 31; 1993 a. 16; 1995 a. 27.

51.423 Grants-in-aid. (1) The department shall fund, within the limits of the department's allocation for mental health services under s. 20.435 (7) (b) and (o) and subject to this section, services for mental illness, developmental disability, alcoholism and drug abuse to meet standards of service quality and accessibility. The department's primary responsibility is to guarantee that county departments established under either s. 51.42 or 51.437 receive a reasonably uniform minimum level of funding and its secondary responsibility is to fund programs which meet exceptional community needs or provide specialized or innovative services. Moneys appropriated under s. 20.435 (7) (b) and earmarked by the department for mental health services under s. 20.435 (7) (o) shall be allocated by the department to county departments under s. 51.42 or 51.437 in the manner set forth in this section.

(2) From the appropriations under s. 20.435 (7) (b) and (o), the department shall distribute the funding for services provided or purchased by county departments under s. 46.23, 51.42 or 51.437 to such county departments as provided under s. 46.40. County matching funds are required for the distributions under s. 46.40 (2). Each county's required match for a year equals 9.89% of the total of the county's distributions for that year for which matching funds are required plus the amount the county was required by s. 46.26 (2) (c), 1985 stats., to spend for juvenile delinquency-related services from its distribution for 1987. Matching funds may be from county tax levies, federal and state revenue sharing funds or private donations to the counties that meet the requirements specified in sub. (5). Private donations may not exceed 25% of the total county match. If the county match is less than the amount required to generate the full amount of state and federal funds distributed for this period, the decrease in the amount of state and federal funds equals the difference between the required and the actual amount of county matching funds.

(3) From the appropriation under s. 20.435 (7) (bL), the department shall award one-time grants to applying counties that currently do not operate certified community support programs, to enable uncertified community support programs to meet requirements for certification as providers of medical assistance services.

(4) The department shall prorate the amount allocated to any county department under sub. (2) to reflect actual federal funds available.

(5) (a) A private donation to a county may be used to match the state grant-in-aid under s. 46.495 (1) (d) or under sub. (2) only if the donation is both of the following:

1. Donated to a county department under s. 46.215, 46.22, 51.42 or 51.437 and the donation is under the administrative control of such county department.

2. Donated without restrictions as to use, unless the restrictions specify that the donation be used for a particular service and the donor neither sponsors nor operates the service.

(b) Voluntary federated fund-raising organizations are not sponsors or operators of services within the meaning of par. (a) 2. Any member agency of such an organization that sponsors or operates services is deemed an autonomous entity separate from the organization unless the board membership of the organization and the agency interlock.

(6) The county allocation to match aid increases shall be included in the contract under s. 46.031 (2g) and approved by January 1 of the year for which the funds are allocated, in order to generate state aid matching funds. All funds allocated under sub. (2) shall be included in the contract under s. 46.031 (2g) and approved.

(7) Each county department under either s. 51.42 or 51.437, but not both, shall be treated, for the purpose of this section only, as unified with any other county department established in its jurisdiction under either s. 51.42 or 51.437 and shall receive an amount determined under sub. (2).

(9) If the funds appropriated under s. 20.435 (7) (b) for any fiscal year are insufficient to provide county departments with the sums calculated under subs. (1) to (7), the appropriation shall be allocated among county departments in proportion to the sums they would receive under subs. (1) to (7).

(10) Each county department which is eligible under the state plan for medical assistance shall obtain a medical assistance provider number and shall bill for all eligible clients. A county department operating an inpatient facility shall apply for a special hospital license under s. 50.33 (2) (c). Under powers delegated under s. 46.10 (16), each county department shall retain 100% of all collections it makes and its providers make for care other than that provided or purchased by the state.

(11) Each county department under s. 51.42 or 51.437, or both, shall apply all funds it receives under subs. (1) to (7) to provide the services required under ss. 51.42, 51.437 and 51.45 (2) (g) to meet the needs for service quality and accessibility of the persons in its jurisdiction, except that the county department may pay for inpatient treatment only with funds designated by the department for inpatient treatment. The county department may expand programs and services with county funds not used to match state funds under this section subject to the approval of the county board of supervisors in a county with a single-county department or the county boards of supervisors in counties with multicounty departments and with other local or private funds subject to the approval of the department and the county board of supervisors in a county with a single-county department under s. 51.42 or 51.437 or the county boards of supervisors in counties with a multicounty department under s. 51.42 or 51.437. The county board of supervisors in a county with a single-county department under s. 51.42 or 51.437 or the county boards of supervisors in counties with a multicounty department under s. 51.42 or 51.437 may delegate the authority to expand programs and services to the county department under s. 51.42 or 51.437. The county department under s. 51.42 or 51.437 shall report to the department all county funds allocated to the county department under s. 51.42 or 51.437 and the use of such funds. Moneys collected under s. 46.10 shall be applied to cover the costs of primary services, exceptional and specialized services or to reimburse supplemental appropriations funded by counties. County depart-

ments under ss. 51.42 and 51.437 shall include collections made on and after October 1, 1978, by the department that are subject to s. 46.10 (8m) (a) 3. and 4. and are distributed to county departments under ss. 51.42 and 51.437 under s. 20.435 (7) (gg), as revenues on their grant-in-aid expenditure reports to the department.

(12) The department may not provide state aid to any county department under s. 51.42 or 51.437 for excessive inpatient treatment. For each county department under ss. 51.42 and 51.437 in each calendar year, sums expended for the 22nd and all subsequent average days of care shall be deemed excessive inpatient treatment. No inpatient treatment provided to children, adolescents, chronically mentally ill patients, patients requiring specialized care at a mental health institute, or patients at the centers for the developmentally disabled may be deemed excessive. If a patient is discharged or released and then readmitted within 60 days after such discharge or release from an inpatient facility, the number of days of care following readmission shall be added to the number of days of care before discharge or release for the purpose of calculating the total length of such patient's stay in the inpatient facility.

(15) Funds allocated under this section and recovered from audit adjustments from a prior fiscal year may be included in subsequent certifications only to pay counties owed funds as a result of any audit adjustment. By June 30 of each year the department shall submit to the chief clerk of each house of the legislature, for distribution to the appropriate standing committees under s. 13.172 (3), a report on funds recovered and paid out during the previous calendar year as a result of audit adjustments.

(4) **RESPONSIBILITY OF COUNTY GOVERNMENT.** (a) The county board of supervisors has the primary governmental responsibility for the well-being of those developmentally disabled citizens residing within its county and the families of the developmentally disabled insofar as the usual resultant family stresses bear on the well-being of the developmentally disabled citizen. This primary governmental responsibility is limited to the programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds.

(c) County liability for care and services purchased through or provided by a county department of developmental disabilities services established under this section shall be based upon the client's county of residence except for emergency services for which liability shall be placed with the county in which the individual is found. For the purpose of establishing county liability, "emergency services" means those services provided under the authority of s. 51.15, 55.05 (4) or 55.06 (11) (a). Nothing in this paragraph prevents recovery of liability under s. 46.10 or any other statute creating liability upon the individual receiving a service or any other designated responsible party.

(4g) **COUNTY DEPARTMENT OF DEVELOPMENTAL DISABILITIES SERVICES ESTABLISHED; INTEGRATION OF SERVICES.** (a) Except as provided under par. (b) and ss. 46.21 (2m) (b) and 46.23 (3) (b), every county board of supervisors shall establish a county department of developmental disabilities services on a single-county or multicounty basis to furnish services within its county. The county department of developmental disabilities services shall consist of a county developmental disabilities services board, a county developmental disabilities services director and necessary personnel.

Plans shall include, to the fullest extent possible, participation by existing and planned agencies of the state, counties, municipalities, school districts and all other public and private agencies as are required to, or may agree to, participate in the delivery of services. The plan shall, to the fullest extent possible, be coordinated with and integrated into plans developed by regional comprehensive health planning agencies.

Notwithstanding ss. 59.42 (1) and (2) (b) and 978.05, any multicounty department of developmental disabilities services may contract for professional legal services that are necessary to carry out the duties of the multicounty department of developmental disabilities services if the corporation counsel of each county of the multicounty department of developmental disabilities services has notified the multicounty department of developmental disabilities services that he or she is unable to provide those services in a timely manner.

(4r) POWERS OF COUNTY DEPARTMENT OF DEVELOPMENTAL DISABILITIES SERVICES. (a) A county department of developmental disabilities services:

1. May not furnish services and programs provided by the department of education and local educational agencies.

NOTE: Subd. 1. is shown as amended eff. 1–1–96 by 1995 Wis. Act 27. The treatment by Act 27 was held unconstitutional and declared void by the Supreme Court in *Thompson v. Craney*, case no. 95–2168–OA. Prior to Act 27 it read:

NOTE: Par. (b) is shown as affected by two acts of the 1995 legislature and as merged by the revisor under s. 13.93 (2) (c).

(4rm) COST OF SERVICES. (a) A county department of developmental disabilities services shall authorize all care of any patient in a state, local or private facility under a contractual agreement between the county department of developmental disabilities services and the facility, unless the county department of developmental disabilities services governs the facility. The need for inpatient care shall be determined by the program director or designee in consultation with and upon the recommendation of a licensed physician trained in psychiatry and employed by the county department of developmental disabilities services or its contract agency prior to the admission of a patient to the facility except in the case of emergency services. In cases of emergency, a facility under contract with any county department of developmental disabilities services shall charge the county department of developmental disabilities services having jurisdiction in the county where the individual receiving care is found. The county department of developmental disabilities services shall reimburse

the facility for the actual cost of all authorized care and services less applicable collections under s. 46.036, unless the department of health and family services determines that a charge is administratively infeasible, or unless the department of health and family services, after individual review, determines that the charge is not attributable to the cost of basic care and services. The exclusionary provisions of s. 46.03 (18) do not apply to direct and indirect costs which are attributable to care and treatment of the client. County departments of developmental disabilities services may not reimburse any state institution or receive credit for collections for care received therein by nonresidents of this state, interstate compact clients, transfers under s. 51.35 (3) (a), commitments under s. 975.01, 1977 stats., or s. 975.02, 1977 stats., or s. 971.14, 971.17 or 975.06, admissions under s. 975.17, 1977 stats., or children placed in the guardianship of the department of health and family services under s. 48.427 or 48.43 or under the supervision of the department of corrections under s. 938.183 (2) or 938.355.

(b) If any of the county developmental disabilities services authorized under par. (a) are provided by any of the institutions specified in s. 46.10, the costs of such services shall be segregated from the costs of residential care provided at such institutions. The uniform cost record-keeping system established under s. 46.18 (8) to (10) shall provide for such segregation of costs.

(c) If a center for the developmentally disabled has provided a county department of developmental disabilities services under this section with service, the department of health and family services shall:

1. Regularly bill the county department of developmental disabilities services for services provided prior to January 1, 1982. If collections for care received by the department of health and family services prior to January 1, 1982, exceed current billings, the difference shall be remitted to the county department of developmental disabilities services through the appropriation under s. 20.435 (2) (gk). If billings for the quarter ending December 31, 1981, exceed collections for care received by the department of health and family services during the quarter ending December 31, 1981, collections for care provided prior to January 1, 1982, shall be remitted to the county department of developmental disabilities services through the appropriation under s. 20.435 (2) (gk), up to the level of the net amount billed the county department of developmental disabilities services for the quarter ending December 31, 1981. Under this section, collections on or after January 1, 1976, from medical assistance shall be the approved amounts listed by the patient on remittance advices from the medical assistance carrier, not including adjustments due to retroactive rate approval and less any refunds to the medical assistance program. For care provided on and after January 1, 1978, the department of health and family services shall adjust collections from medical assistance to compensate for differences between specific rate scales for care charged to the county department of developmental disabilities services and the average daily medical assistance reimbursement rate. Payment shall be due from the county department of developmental disabilities services within 60 days of the billing date subject to provisions of the contract. If any payment has not been received within 60 days, the department of health and family services shall deduct all or part of the amount due from any payment due from the department of health and family services to the county department of developmental disabilities services.

2. a. Bill the county department of developmental disabilities services for services provided on or after January 1, 1982, to persons ineligible for medical assistance benefits and who lack other means of full payment, using the procedure established under subd. 1.

b. Bill the county department of developmental disabilities services for services provided on or after January 1, 1982, at 10% of the rate paid by medical assistance, excluding any retroactive rate adjustment, if an independent professional review established under 42 USC 1396a (a) (31) designates the person appropriate for community care. The department of health and family services

shall use money it receives from the county department of developmental disabilities services to offset the state's share of medical assistance. Payment is due from the county department of developmental disabilities services within 60 days of the billing date, subject to provisions of the contract. If the department of health and family services does not receive any payment within 60 days, it shall deduct all or part of the amount due from any payment the department of health and family services is required to make to the county department of developmental disabilities services. The department of health and family services shall first use collections received under s. 46.10 as a result of care at a center for the developmentally disabled to reduce the costs paid by medical assistance, and shall remit the remainder to the county department of developmental disabilities services up to the portion billed. The department of health and family services shall use the appropriation under s. 20.435 (2) (gk) to remit collection credits and other appropriate refunds to county departments of developmental disabilities services.

c. Regularly provide the county department of developmental disabilities services with a list of persons who are eligible for medical assistance benefits and who are receiving care in a center for the developmentally disabled.

2m. Bill the county department of developmental disabilities services for services provided under s. 51.06 (1) (d) to individuals who are eligible for medical assistance that are not provided by the federal government.

3. Establish by rule a process for appealing determinations of the independent professional review that result in billings under subd. 2. b.

(d) The department shall:

1. Ensure that each county receiving funding under par. (b) has in place not later than 12 months from the date the county initially receives the funding a coordinating council whose duties shall include the coordination of alcohol and other drug abuse activities relating to primary prevention with school districts, community service and treatment providers in the community, courts assigned to exercise jurisdiction under chs. 48 and 938, law enforcement agencies, parents, children and the alcohol and other drug abuse prevention specialist.
2. Promulgate rules establishing minimum qualifications for alcohol and other drug abuse prevention specialists appointed under par. (b).
3. Ensure that funds distributed to counties under par. (b) are not used to supplant federal, state or county funds for alcohol or other drug abuse programs relating to primary prevention.

(7) COMPREHENSIVE PROGRAM FOR TREATMENT. (a) The department shall establish a comprehensive and coordinated program for the treatment of alcoholics and intoxicated persons.

(b) The program of the department shall include:

1. Emergency medical treatment provided by a facility affiliated with or part of the medical service of a general hospital.
2. Nonmedical emergency treatment provided by a facility having a written agreement with a general hospital for the provision of emergency medical treatment to patients as may be necessary.
3. Inpatient treatment.
4. Intermediate treatment as a part-time resident of a treatment facility.
5. Outpatient and follow-up treatment.
6. Extended care in a sheltered living environment with minimal staffing providing a program emphasizing at least one of the following elements: the development of self-care, social and recreational skills or prevocational or vocational training.
7. Prevention and intervention services.

(c) The department shall provide for adequate and appropriate treatment for alcoholics and intoxicated persons admitted under subs. (10) to (13). Treatment may not be provided at a correctional institution except for inmates.

(d) The superintendent of each facility shall make an annual report of its activities to the secretary in the form and manner the secretary specifies.

(e) All appropriate public and private resources shall be coordinated with and utilized in the program if possible.

(f) The secretary shall prepare, publish and distribute annually a list of all approved public and private treatment facilities.

(g) The department may contract for the use of any facility as an approved public treatment facility if the secretary considers this to be an effective and economical course to follow.

(8) STANDARDS FOR PUBLIC AND PRIVATE TREATMENT FACILITIES; ENFORCEMENT PROCEDURES. (a) The department shall establish minimum standards for approved treatment facilities that must be met for a treatment facility to be approved as a public or private treatment facility, and fix the fees to be charged by the

department for the required inspections. The standards may concern only the health standards to be met and standards of treatment to be afforded patients and shall distinguish between facilities rendering different modes of treatment. In setting standards, the department shall consider the residents' needs and abilities, the services to be provided by the facility, and the relationship between the physical structure and the objectives of the program. Nothing in this subsection shall prevent county departments from establishing reasonable higher standards.

(b) The department periodically shall make unannounced inspections of approved public and private treatment facilities at reasonable times and in a reasonable manner.

(c) Approval of a facility must be secured under this section before application for a grant-in-aid for such facility under s. 51.423 or before treatment in any facility is rendered to patients.

(d) Each approved public and private treatment facility shall file with the department on request, data, statistics, schedules and information the department reasonably requires, including any data or information specified under s. 46.973 (2m). An approved public or private treatment facility that without good cause fails to furnish any data, statistics, schedules or information as requested, or files fraudulent returns thereof, shall be removed from the list of approved treatment facilities.

(e) The department, after notice and hearing, may suspend, revoke, limit, or restrict an approval, or refuse to grant an approval, for failure to meet its standards.

(f) The circuit court may restrain any violation of this section, review any denial, restriction, or revocation of approval, and grant other relief required to enforce its provisions.

(9) ACCEPTANCE FOR TREATMENT; RULES. The secretary shall promulgate rules for acceptance of persons into the treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of alcoholics and intoxicated persons. In promulgating the rules the secretary shall be guided by the following standards:

(a) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(b) A patient shall be initially assigned or transferred to outpatient or intermediate treatment, unless the patient is found to require inpatient treatment.

(c) No person may be denied treatment solely because the person has withdrawn from treatment against medical advice on a prior occasion or because the person has relapsed after earlier treatment.

(d) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(e) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and utilize other appropriate treatment.

(10) VOLUNTARY TREATMENT OF ALCOHOLICS. (a) An adult alcoholic may apply for voluntary treatment directly to an approved public treatment facility. If the proposed patient is an incompetent person who has not been deprived of the right to contract under subch. I of ch. 880, the person or a legal guardian or other legal representative may make the application. If the proposed patient is an incompetent person who has been deprived of the right to contract under subch. I of ch. 880, a legal guardian or other legal representative may make the application.

(am) A minor may apply for voluntary treatment directly to an approved public treatment facility, but only for those forms of treatment specified in sub. (7) (b) 5. and 7. Section 51.13 shall govern voluntary admission of a minor alcoholic to an inpatient treatment facility.

(b) Subject to rules promulgated by the department, the superintendent in charge of an approved public treatment facility may determine who shall be admitted for treatment. If a person is refused admission to an approved public treatment facility, the superintendent, subject to rules promulgated by the department,

shall refer the person to another approved public treatment facility for treatment if possible and appropriate.

(c) If a patient receiving inpatient care leaves an approved public treatment facility, the patient shall be encouraged to consent to appropriate outpatient or intermediate treatment. If it appears to the superintendent in charge of the treatment facility that the patient is an alcoholic or intoxicated person who requires help, the county department shall arrange for assistance in obtaining supportive services and residential facilities. If the patient is an incompetent person the request for discharge from an inpatient facility shall be made by a legal guardian or other legal representative or by the incompetent if he or she was the original applicant.

(d) If a patient leaves an approved public treatment facility, with or against the advice of the superintendent in charge of the facility, the county department may make reasonable provisions for the patient's transportation to another facility or to his or her home or may assist the patient in obtaining temporary shelter.

(e) This subsection applies only to admissions of alcoholics whose care and treatment is to be paid for by the department or a county department.

(11) TREATMENT AND SERVICES FOR INTOXICATED PERSONS AND OTHERS INCAPACITATED BY ALCOHOL. (a) An intoxicated person may come voluntarily to an approved public treatment facility for emergency treatment. Any law enforcement officer, or designated person upon the request of a law enforcement officer, may assist a person who appears to be intoxicated in a public place and to be in need of help to his or her home, an approved treatment facility or other health facility, if such person consents to the proffered help. Section 51.13 shall govern voluntary admission of an intoxicated minor to an inpatient facility under this paragraph.

(b) A person who appears to be incapacitated by alcohol shall be placed under protective custody by a law enforcement officer. The law enforcement officer shall either bring such person to an approved public treatment facility for emergency treatment or request a designated person to bring such person to the facility for emergency treatment. If no approved public treatment facility is readily available or if, in the judgment of the law enforcement officer or designated person, the person is in need of emergency medical treatment, the law enforcement officer or designated person upon the request of the law enforcement officer shall take such person to an emergency medical facility. The law enforcement officer or designated person, in detaining such person or in taking him or her to an approved public treatment facility or emergency medical facility, is holding such person under protective custody and shall make every reasonable effort to protect the person's health and safety. In placing the person under protective custody the law enforcement officer may search such person for and seize any weapons. Placement under protective custody under this subsection is not an arrest. No entry or other record shall be made to indicate that such person has been arrested or charged with a crime. A person brought to an approved public treatment facility under this paragraph shall be deemed to be under the protective custody of the facility upon arrival.

(bm) If the person who appears to be incapacitated by alcohol under par. (b) is a minor, either a law enforcement officer or a person authorized to take a child into custody under ch. 48 or 938 may take the minor into custody as provided in par. (b).

(c) A person who comes voluntarily or is brought to an approved treatment facility shall be examined by trained staff as soon as practicable in accordance with a procedure developed by the facility in consultation with a licensed physician. The person may then be admitted as a patient or referred to another treatment facility or to an emergency medical facility, in which case the county department shall make provision for transportation. Upon arrival, the person shall be deemed to be under the protective custody of the facility to which he or she has been referred.

(d) A person who by examination pursuant to par. (c) is found to be incapacitated by alcohol at the time of admission, or to have become incapacitated at any time after admission, shall be

detained at the appropriate facility for the duration of the incapacity but may not be detained when no longer incapacitated by alcohol, or if the person remains incapacitated by alcohol for more than 72 hours after admission as a patient, exclusive of Saturdays, Sundays and legal holidays, unless he or she is committed under sub. (12). A person may consent to remain in the facility as long as the physician or official in charge believes appropriate.

(e) The county department shall arrange transportation home for a person who was brought under protective custody to an approved public treatment facility or emergency medical facility and who is not admitted, if the home is within 50 miles of the facility. If the person has no home within 50 miles of the facility, the county department shall assist him or her in obtaining shelter.

(f) If a patient is admitted to an approved public treatment facility, the family or next of kin shall be notified as promptly as possible unless an adult patient who is not incapacitated requests that no notification be made.

(g) Any law enforcement officer, designated person or officer or employe of an approved treatment facility who acts in compliance with this section is acting in the course of official duty and is not criminally or civilly liable for false imprisonment.

(h) Prior to discharge, the patient shall be informed of the benefits of further diagnosis and appropriate voluntary treatment.

(i) No provision of this section may be deemed to require any emergency medical facility which is not an approved private or public treatment facility to provide to incapacitated persons non-medical services including, but not limited to, shelter, transportation or protective custody.

(12) EMERGENCY COMMITMENT. (a) An intoxicated person who has threatened, attempted or inflicted physical harm on himself or herself or on another and is likely to inflict such physical harm unless committed, or a person who is incapacitated by alcohol, may be committed to the county department and brought to an approved public treatment facility for emergency treatment. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment.

(b) The physician, spouse, guardian or a relative of the person sought to be committed, or any other responsible person, may petition a court commissioner or the circuit court of the county in which the person sought to be committed resides or is present for commitment under this subsection. The petition shall:

1. State facts to support the need for emergency treatment;
2. State that the person is a child or state facts sufficient for a determination of indigency of the person; and
3. Be supported by one or more affidavits which aver with particularity the factual basis for the allegations contained in the petition.

(c) Upon receipt of a petition under par. (b), the court commissioner or court shall:

1. Determine whether the petition and supporting affidavits sustain the grounds for commitment and dismiss the petition if the grounds for commitment are not sustained thereby. If the grounds for commitment are sustained by the petition and supporting affidavits, the court or court commissioner shall issue an order temporarily committing the person to the custody of the county department pending the outcome of the preliminary hearing under sub. (13) (d).

2. Assure that the person sought to be committed is represented by counsel and, if the person claims or appears to be indigent, refer the person to the authority for indigency determinations specified under s. 977.07 (1) or, if the person is a child, refer that child to the state public defender who shall appoint counsel for the child without a determination of indigency, as provided in s. 48.23 (4).

3. Issue an order directing the sheriff or other law enforcement agency to take the person into protective custody and bring him or her to an approved public treatment facility designated by

the county department, if the person is not detained under sub. (11).

4. Set a time for a preliminary hearing under sub. (13) (d), such hearing to be held not later than 48 hours after receipt of a petition under par. (b), exclusive of Saturdays, Sundays and legal holidays. If at such time the person is unable to assist in the defense because he or she is incapacitated by alcohol, an extension of not more than 48 hours, exclusive of Saturdays, Sundays and legal holidays, may be had upon motion of the person or the person's attorney.

(d) Upon arrival at the approved public treatment facility, the person shall be advised both orally and in writing of the right to counsel, the right to consult with counsel before a request is made to undergo voluntary treatment under sub. (10), the right not to converse with examining physicians, psychologists or other personnel, the fact that anything said to examining physicians, psychologists or other personnel may be used as evidence against him or her at subsequent hearings under this section, the right to refuse medication under s. 51.61 (6), the exact time and place of the preliminary hearing under sub. (13) (d), and of the reasons for detention and the standards under which he or she may be committed prior to all interviews with physicians, psychologists or other personnel. Such notice of rights shall be provided to the patient's immediate family if they can be located and may be deferred until the patient's incapacitated condition, if any, has subsided to the point where the patient is capable of understanding the notice. Under no circumstances may interviews with physicians, psychologists or other personnel be conducted until such notice is given, except that the patient may be questioned to determine immediate medical needs. The patient may be detained at the facility to which he or she was admitted or, upon notice to the attorney and the court, transferred by the county department to another appropriate public or private treatment facility, until discharged under par. (e).

(e) When on the advice of the treatment staff the superintendent of the facility having custody of the patient determines that the grounds for commitment no longer exist, he or she shall discharge a person committed under this subsection. No person committed under this subsection shall be detained in any treatment facility beyond the time set for a preliminary hearing under par. (c) 4. If a petition for involuntary commitment under sub. (13) has been filed and a finding of probable cause for believing the patient is in need of commitment has been made under sub. (13) (d), the person may be detained until the petition has been heard and determined.

(f) A copy of the written application for commitment and all supporting affidavits shall be given to the patient at the time notice of rights is given under par. (d) by the superintendent, who shall provide a reasonable opportunity for the patient to consult counsel.

(13) INVOLUNTARY COMMITMENT. (a) A person may be committed to the custody of the county department by the circuit court upon the petition of 3 adults, at least one of whom has personal knowledge of the conduct and condition of the person sought to be committed. A refusal to undergo treatment shall not constitute evidence of lack of judgment as to the need for treatment. The petition for commitment shall:

1. Allege that the condition of the person is such that he or she habitually lacks self-control as to the use of alcohol beverages, and uses such beverages to the extent that health is substantially impaired or endangered and social or economic functioning is substantially disrupted;

2. Allege that such condition of the person is evidenced by a pattern of conduct which is dangerous to the person or to others;

3. State that the person is a child or state facts sufficient for a determination of indigency of the person;

4. Be supported by the affidavit of each petitioner who has personal knowledge which avers with particularity the factual basis for the allegations contained in the petition; and

5. Contain a statement of each petitioner who does not have personal knowledge which provides the basis for his or her belief.

(b) Upon receipt of a petition under par. (a), the court shall:

1. Determine whether the petition and supporting affidavits meet the requirements of par. (a) and dismiss the petition if the requirements of par. (a) are not met thereby. If the person has not been temporarily committed under sub. (12) (c) and the petition and supporting affidavits meet the requirements of par. (a), the court may issue an order temporarily committing the person to the custody of the county department pending the outcome of the preliminary hearing under par. (d).

2. Assure that the person is represented by counsel and, if the person claims or appears to be indigent, refer the person to the authority for indigency determinations specified under s. 977.07 (1) or, if the person is a child, refer that child to the state public defender who shall appoint counsel for the child without a determination of indigency, as provided in s. 48.23 (4). The person shall be represented by counsel at the preliminary hearing under par. (d). The person may, with the approval of the court, waive his or her right to representation by counsel at the full hearing under par. (f).

3. If the court orders temporary commitment, issue an order directing the sheriff or other law enforcement agency to take the person into protective custody and to bring the person to an approved public treatment facility designated by the county department, if the person is not detained under sub. (11) or (12).

4. Set a time for a preliminary hearing under par. (d). If the person is taken into protective custody, such hearing shall be held not later than 72 hours after the person arrives at the approved public treatment facility, exclusive of Saturdays, Sundays and legal holidays. If at that time the person is unable to assist in the defense because he or she is incapacitated by alcohol, an extension of not more than 48 hours, exclusive of Saturdays, Sundays and legal holidays, may be had upon motion of the person or the person's attorney.

(c) Effective and timely notice of the preliminary hearing, together with a copy of the petition and supporting affidavits under par. (a), shall be given to the person unless he or she has been taken into custody under par. (b), the spouse or legal guardian if the person is incompetent, the person's counsel and the petitioner. The notice shall include a written statement of the person's right to an attorney, the right to trial by jury, the right to be examined by a physician, and the standard under which he or she may be committed under this section. If the person is taken into custody under par. (b), upon arrival at the approved public treatment facility, the person shall be advised both orally and in writing of the right to counsel, the right to consult with counsel before a request is made to undergo voluntary treatment under sub. (10), the right not to converse with examining physicians, psychologists or other personnel, the fact that anything said to examining physicians, psychologists or other personnel may be used as evidence against him or her at subsequent hearings under this section, the right to refuse medication under s. 51.61 (6), the exact time and place of the preliminary hearing under par. (d), the right to trial by jury, the right to be examined by a physician and of the reasons for detention and the standards under which he or she may be committed prior to all interviews with physicians, psychologists or other personnel. Such notice of rights shall be provided to the person's immediate family if they can be located and may be deferred until the person's incapacitated condition, if any, has subsided to the point where the person is capable of understanding the notice. Under no circumstances may interviews with physicians, psychologists or other personnel be conducted until such notice is given, except that the person may be questioned to determine immediate medical needs. The person may be detained at the facility to which he or she was admitted or, upon notice to the attorney and the court, transferred by the county department to another appropriate public or private treatment facility, until discharged under this subsection. A copy of the petition and all sup-

porting affidavits shall be given to the person at the time notice of rights is given under this paragraph by the superintendent, who shall provide a reasonable opportunity for the patient to consult counsel.

(d) Whenever it is desired to involuntarily commit a person, a preliminary hearing shall be held under this paragraph. The purpose of the preliminary hearing shall be to determine if there is probable cause for believing that the allegations of the petition under par. (a) are true. The person shall be represented by counsel at the preliminary hearing and, if the person is a child or is indigent, counsel shall timely be appointed at public expense, as provided in s. 967.06 and ch. 977. Counsel shall have access to all reports and records, psychiatric and otherwise, which have been made prior to the preliminary hearing. The person shall be present at the preliminary hearing and shall be afforded a meaningful opportunity to be heard. Upon failure to make a finding of probable cause under this paragraph, the court shall dismiss the petition and discharge the person from the custody of the county department.

(dg) The court shall proceed as if a petition were filed under s. 51.20 (1) if all of the following conditions are met:

1. The petitioner's counsel notifies all other parties and the court, within a reasonable time prior to the hearing, of his or her intent to request that the court proceed as if a petition were filed under s. 51.20 (1).

2. The court determines at the hearing that there is probable cause to believe that the subject individual is a fit subject for treatment under s. 51.20 (1).

(dm) For the purposes of this section, duties to be performed by a court shall be carried out by the judge of such court or a court commissioner of such court who is an attorney and is designated by the judge to so act, in all matters prior to a final hearing under this subsection.

(e) Upon a finding of probable cause under par. (d), the court shall fix a date for a full hearing to be held within 14 days. An extension of not more than 14 days may be granted upon motion of the person sought to be committed upon a showing of cause. Effective and timely notice of the full hearing, the right to counsel, the right to jury trial and the standards under which the person may be committed shall be given to the person, the immediate family other than a petitioner under par. (a) or sub. (12) (b) if they can be located, the spouse or legal guardian if the person is incompetent, the superintendent in charge of the appropriate approved public treatment facility if the person has been temporarily committed under par. (b) or sub. (12), the person's counsel, unless waived, and to the petitioner under par. (a). Counsel, or the person if counsel is waived, shall have access to all reports and records, psychiatric and otherwise, which have been made prior to the full hearing on commitment, and shall be given the names of all persons who may testify in favor of commitment and a summary of their proposed testimony at least 96 hours before the full hearing, exclusive of Saturdays, Sundays and legal holidays.

(f) The hearing shall be open, unless the person sought to be committed or the person's attorney moves that it be closed, in which case only persons in interest, including representatives of the county department in all cases, and their attorneys and witnesses may be present. At the hearing the jury, or, if trial by jury is waived, the court, shall consider all relevant evidence, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. Ordinary rules of evidence shall apply to any such proceeding. The person whose commitment is sought shall be present and shall be given an opportunity to be examined by a court-appointed licensed physician. If the person refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing the person to the county department for a period of not more than 5 days for purposes of diagnostic examination.

(g) 1. The court shall make an order of commitment to the county department if, after hearing all relevant evidence, including the results of any diagnostic examination, the trier of fact finds all of the following:

a. That the allegations of the petition under par. (a) have been established by clear and convincing evidence.

b. That there is a relationship between the alcoholic condition and the pattern of conduct during the 12-month period immediately preceding the time of petition which is dangerous to the person or others and that this relationship has been established to a reasonable medical certainty.

c. That there is an extreme likelihood that the pattern of conduct will continue or repeat itself without the intervention of involuntary treatment or institutionalization.

2. The court may not order commitment of a person unless it is shown by clear and convincing evidence that there is no suitable alternative available for the person and that the county department is able to provide appropriate and effective treatment for the individual.

(h) A person committed under this subsection shall remain in the custody of the county department for treatment for a period set by the court, but not to exceed 90 days. During this period of commitment the county department may transfer the person from one approved public treatment facility or program to another as provided in par. (k). At the end of the period set by the court, the person shall be discharged automatically unless the county department before expiration of the period obtains a court order for recommitment upon the grounds set forth in par. (a) for a further period not to exceed 6 months. If after examination it is determined that the person is likely to inflict physical harm on himself or herself or on another, the county department shall apply for recommitment. Only one recommitment order under this paragraph is permitted.

(j) Upon the filing of a petition for recommitment under par. (h), the court shall fix a date for a recommitment hearing within 10 days, assure that the person sought to be recommitted is represented by counsel and, if the person is indigent, appoint counsel for him or her, unless waived. The provisions of par. (e) relating to notice and to access to records, names of witnesses and summaries of their testimony shall apply to recommitment hearings under this paragraph. At the recommitment hearing, the court shall proceed as provided under pars. (f) and (g).

(k) The county department shall provide for adequate and appropriate treatment of a person committed to its custody. Any person committed or recommitted to custody may be transferred by the county department from one approved public treatment facility or program to another upon the written application to the county department from the facility or program treating the person. Such application shall state the reasons why transfer to another facility or program is necessary to meet the treatment needs of the person. Notice of such transfer and the reasons therefor shall be given to the court, the person's attorney and the person's immediate family, if they can be located.

(L) If an approved private treatment facility agrees with the request of a competent patient or a parent, sibling, adult child, or guardian to accept the patient for treatment, the county department may transfer the person to the private treatment facility.

(m) A person committed under this section may at any time seek to be discharged from commitment by habeas corpus proceedings.

(n) The venue for proceedings under this subsection is the place in which the person to be committed resides or is present.

(o) All fees and expenses incurred under this section which are required to be assumed by the county shall be governed by s. 51.20 (19).

(p) A record shall be made of all proceedings held under this subsection. Transcripts shall be made available under SCR 71.04. The county department may in any case request a transcript.

(14) CONFIDENTIALITY OF RECORDS OF PATIENTS. (a) Except as otherwise provided in s. 51.30, the registration and treatment records of alcoholism treatment programs and facilities shall remain confidential and are privileged to the patient. The application of s. 51.30 is limited by any rule promulgated under s. 51.30 (4) (c) for the purpose of protecting the confidentiality of alcoholism treatment records in conformity with federal requirements.

(b) Any person who violates this subsection shall forfeit not more than \$5,000.

(15) CIVIL RIGHTS AND LIBERTIES. (a) Except as provided in s. 51.61 (2), a person being treated under this section does not thereby lose any legal rights.

(b) No provisions of this section may be deemed to contradict any rules or regulations governing the conduct of any inmate of a state or county correctional institution who is being treated in an alcoholic treatment program within the institution.

(c) A private or public general hospital may not refuse admission or treatment to a person in need of medical services solely because that person is an “alcoholic”, “incapacitated by alcohol” or is an “intoxicated person” as defined in sub. (2). This paragraph does not require a hospital to admit or treat the person if the hospital does not ordinarily provide the services required by the person. A private or public general hospital which violates this paragraph shall forfeit not more than \$500.

(16) PAYMENT FOR TREATMENT. (a) Liability for payment for care, services and supplies provided under this section, the collection and enforcement of such payments, and the adjustment and settlement with the several counties for their proper share of all moneys collected under s. 46.10, shall be governed exclusively by s. 46.10.

(b) Payment for treatment of persons treated under s. 302.38 shall be made under that section.

(c) Payment of attorney fees for appointed attorneys in the case of children and indigents shall be in accordance with ch. 977.

(17) APPLICABILITY OF OTHER LAWS; PROCEDURE. (a) Nothing in this section affects any law, ordinance or rule the violation of which is punishable by fine, forfeiture or imprisonment.

(b) All administrative procedure followed by the secretary in the implementation of this section shall be in accordance with ch. 227.

(18) CONSTRUCTION. This section shall be so applied and construed as to effectuate its general purpose to make uniform the law with respect to the subject of this section insofar as possible among states which enact similar laws.

(19) SHORT TITLE. This section may be cited as the “Alcoholism and Intoxication Treatment Act”.

51.47 Alcohol and other drug abuse treatment for minors.

(1) Except as provided in subs. (2) and (3), any physician or health care facility licensed, approved or certified by the state for the provision of health services may render preventive, diagnostic, assessment, evaluation or treatment services for the abuse of alcohol or other drugs to a minor 12 years of age or over without obtaining the consent of or notifying the minor’s parent or guardian. Unless consent of the minor’s parent or guardian is required under sub. (2), the physician or health care facility shall obtain the minor’s consent prior to billing a 3rd party for services under this section. If the minor does not consent, the minor shall be solely responsible for paying for the services, which the department shall bill to the minor under s. 46.03 (18) (b).

(2) The physician or health care facility shall obtain the consent of the minor’s parent or guardian:

(a) Before performing any surgical procedure on the minor, unless the procedure is essential to preserve the life or health of the minor and the consent of the minor’s parent or guardian is not readily obtainable.

(b) Before administering any controlled substances to the minor, except to detoxify the minor under par. (c).

(c) Before admitting the minor to an inpatient treatment facility, unless the admission is to detoxify the minor for ingestion of alcohol or other drugs.

(d) If the period of detoxification of the minor under par. (c) extends beyond 72 hours after the minor’s admission as a patient.

(3) The physician or health care facility shall notify the minor’s parent or guardian of any services rendered under this section as soon as practicable.

(4) No physician or health care facility rendering services under sub. (1) is liable solely because of the lack of consent or notification of the minor’s parent or guardian.

History: 1979 c. 331; 1985 a. 281.

Except for those services for which parental consent is necessary under (2), physician or health care facility may release outpatient or detoxification services information only with consent of minor patient, provided minor is twelve years of age or over. 77 Atty. Gen. 187.

51.59 Incompetency not implied. **(1)** No person is deemed incompetent to manage his or her affairs, to contract, to hold professional, occupational or motor vehicle operator’s licenses, to marry or to obtain a divorce, to vote, to make a will or to exercise any other civil right solely by reason of his or her admission to a facility in accordance with this chapter or detention or commitment under this chapter.

(2) This section does not authorize an individual who has been involuntarily committed or detained under this chapter to refuse treatment during such commitment or detention, except as provided under s. 51.61 (1) (g) and (h).

History: 1977 c. 428; 1987 a. 366.

51.61 Patients rights. **(1)** In this section, “patient” means any individual who is receiving services for mental illness, developmental disabilities, alcoholism or drug dependency, including any individual who is admitted to a treatment facility in accordance with this chapter or ch. 55 or who is detained, committed or placed under this chapter or ch. 55, 971, 975 or 980, or who is transferred to a treatment facility under s. 51.35 (3) or 51.37 or who is receiving care or treatment for those conditions through the department or a county department under s. 51.42 or 51.437 or in a private treatment facility. “Patient” does not include persons committed under ch. 975 who are transferred to or residing in any state prison listed under s. 302.01. In private hospitals and in public general hospitals, “patient” includes any individual who is admitted for the primary purpose of treatment of mental illness, developmental disability, alcoholism or drug abuse but does not include an individual who receives treatment in a hospital emergency room nor an individual who receives treatment on an outpatient basis at those hospitals, unless the individual is otherwise covered under this subsection. Except as provided in sub. (2), each patient shall:

(a) Upon admission or commitment be informed orally and in writing of his or her rights under this section. Copies of this section shall be posted conspicuously in each patient area, and shall be available to the patient's guardian and immediate family.

(b) 1. Have the right to refuse to perform labor which is of financial benefit to the facility in which the patient is receiving treatment or service. Privileges or release from the facility may not be conditioned upon the performance of any labor which is regulated by this paragraph. Patients may voluntarily engage in therapeutic labor which is of financial benefit to the facility if such labor is compensated in accordance with a plan approved by the department and if:

a. The specific labor is an integrated part of the patient's treatment plan approved as a therapeutic activity by the professional staff member responsible for supervising the patient's treatment;

b. The labor is supervised by a staff member who is qualified to oversee the therapeutic aspects of the activity;

c. The patient has given his or her written informed consent to engage in such labor and has been informed that such consent may be withdrawn at any time; and

d. The labor involved is evaluated for its appropriateness by the staff of the facility at least once every 120 days.

2. Patients may also voluntarily engage in noncompensated therapeutic labor which is of financial benefit to the facility, if the conditions for engaging in compensated labor under this paragraph are met and if:

a. The facility has attempted to provide compensated labor as a first alternative and all resources for providing compensated labor have been exhausted;

b. Uncompensated therapeutic labor does not cause layoffs of staff hired by the facility to otherwise perform such labor; and

c. The patient is not required in any way to perform such labor. Tasks of a personal housekeeping nature are not to be considered compensable labor.

3. Payment to a patient performing labor under this section shall not be applied to costs of treatment without the informed, written consent of such patient. This paragraph does not apply to individuals serving a criminal sentence who are transferred from a state correctional institution under s. 51.37 (5) to a treatment facility.

(c) Have an unrestricted right to send sealed mail and receive sealed mail to or from legal counsel, the courts, governmental officials, private physicians and licensed psychologists, and have reasonable access to letter writing materials including postage stamps. A patient shall also have a right to send sealed mail and receive sealed mail to or from other persons, subject to physical examination in the patient's presence if there is reason to believe that such communication contains contraband materials or objects which threaten the security of patients, prisoners or staff. Such reasons shall be written in the individual's treatment record. The officers and staff of a facility may not read any mail covered by this paragraph.

(d) Except in the case of a person who is committed for alcoholism, have the right to petition the court for review of the commitment order or for withdrawal of the order or release from commitment as provided in s. 51.20 (16).

(e) Except in the case of a patient who is admitted or transferred under s. 51.35 (3) or 51.37 or under ch. 971 or 975, have the right to the least restrictive conditions necessary to achieve the purposes of admission, commitment or protective placement, under programs, services and resources that the county board of supervisors is reasonably able to provide within the limits of available state and federal funds and of county funds required to be appropriated to match state funds.

(f) Have a right to receive prompt and adequate treatment, rehabilitation and educational services appropriate for his or her condition, under programs, services and resources that the county board of supervisors is reasonably able to provide within the limits

of available state and federal funds and of county funds required to be appropriated to match state funds.

(fm) Have the right to be informed of his or her treatment and care and to participate in the planning of his or her treatment and care.

(g) Have the following rights, under the following procedures, to refuse medication and treatment:

1. Have the right to refuse all medication and treatment except as ordered by the court under subd. 2., or in a situation in which the medication or treatment is necessary to prevent serious physical harm to the patient or to others. Medication and treatment during this period may be refused on religious grounds only as provided in par. (h).

2. At or after the hearing to determine probable cause for commitment but prior to the final commitment order, other than for a subject individual who is alleged to meet the commitment standard under s. 51.20 (1) (a) 2. e., the court shall, upon the motion of any interested person, and may, upon its own motion, hold a hearing to determine whether there is probable cause to believe that the individual is not competent to refuse medication or treatment and whether the medication or treatment will have therapeutic value and will not unreasonably impair the ability of the individual to prepare for or participate in subsequent legal proceedings. If the court determines that there is probable cause to believe the allegations under this subdivision, the court shall issue an order permitting medication or treatment to be administered to the individual regardless of his or her consent. The order shall apply to the period between the date of the issuance of the order and the date of the final order under s. 51.20 (13), unless the court dismisses the petition for commitment or specifies a shorter period. The hearing under this subdivision shall meet the requirements of s. 51.20 (5), except for the right to a jury trial.

NOTE: Subd. 2. is repealed and recreated eff. 12-1-01 by 1995 Wis. Act 292 to read:

2. At or after the hearing to determine probable cause for commitment but prior to the final commitment order, the court shall, upon the motion of any interested person, and may, upon its own motion, hold a hearing to determine whether there is probable cause to believe that the individual is not competent to refuse medication or treatment and whether the medication or treatment will have therapeutic value and will not unreasonably impair the ability of the individual to prepare for or participate in subsequent legal proceedings. If the court determines that there is probable cause to believe the allegations under this subdivision, the court shall issue an order permitting medication or treatment to be administered to the individual regardless of his or her consent. The order shall apply to the period between the date of the issuance of the order and the date of the final order under s. 51.20 (13), unless the court dismisses the petition for commitment or specifies a shorter period. The hearing under this subdivision shall meet the requirements of s. 51.20 (5), except for the right to a jury trial.

3. Following a final commitment order, other than for a subject individual who is determined to meet the commitment standard under s. 51.20 (1) (a) 2. e., have the right to exercise informed consent with regard to all medication and treatment unless the committing court or the court in the county in which the individual is located, within 10 days after the filing of the motion of any interested person and with notice of the motion to the individual's counsel, if any, the individual and the applicable counsel under s. 51.20 (4), makes a determination, following a hearing, that the individual is not competent to refuse medication or treatment or unless a situation exists in which the medication or treatment is necessary to prevent serious physical harm to the individual or others. A report, if any, on which the motion is based shall accompany the motion and notice of motion and shall include a statement signed by a licensed physician that asserts that the subject individual needs medication or treatment and that the individual is not competent to refuse medication or treatment, based on an examination of the individual by a licensed physician. The hearing under this subdivision shall meet the requirements of s. 51.20 (5), except for the right to a jury trial. At the request of the subject individual, the individual's counsel or applicable counsel under s. 51.20 (4), the hearing may be postponed, but in no case may the postponed hearing be held more than 20 days after a motion is filed.

NOTE: Subd. 3. is repealed and recreated eff. 12–1–01 by 1995 Wis. Act 292 to read:

3. Following a final commitment order, have the right to exercise informed consent with regard to all medication and treatment unless the committing court or the court in the county in which the individual is located, within 10 days after the filing of the motion of any interested person and with notice of the motion to the individual's counsel, if any, the individual and the applicable counsel under s. 51.20 (4), makes a determination, following a hearing, that the individual is not competent to refuse medication or treatment or unless a situation exists in which the medication or treatment is necessary to prevent serious physical harm to the individual or others. A report, if any, on which the motion is based shall accompany the motion and notice of motion and shall include a statement signed by a licensed physician that asserts that the subject individual needs medication or treatment and that the individual is not competent to refuse medication or treatment, based on an examination of the individual by a licensed physician. The hearing under this subdivision shall meet the requirements of s. 51.20 (5), except for the right to a jury trial. At the request of the subject individual, the individual's counsel or applicable counsel under s. 51.20 (4), the hearing may be postponed, but in no case may the postponed hearing be held more than 20 days after a motion is filed.

3m. Following a final commitment order for a subject individual who is determined to meet the commitment standard under s. 51.20 (1) (a) 2. e., the court shall issue an order permitting medication or treatment to be administered to the individual regardless of his or her consent. This subdivision does not apply after November 30, 2001.

4. For purposes of a determination under subd. 2. or 3., an individual is not competent to refuse medication or treatment if, because of mental illness, developmental disability, alcoholism or drug dependence, and after the advantages and disadvantages of and alternatives to accepting the particular medication or treatment have been explained to the individual, one of the following is true:

a. The individual is incapable of expressing an understanding of the advantages and disadvantages of accepting medication or treatment and the alternatives.

b. The individual is substantially incapable of applying an understanding of the advantages, disadvantages and alternatives to his or her mental illness, developmental disability, alcoholism or drug dependence in order to make an informed choice as to whether to accept or refuse medication or treatment.

(h) Have a right to be free from unnecessary or excessive medication at any time. No medication may be administered to a patient except at the written order of a physician. The attending physician is responsible for all medication which is administered to a patient. A record of the medication which is administered to each patient shall be kept in his or her medical records. Medication may not be used as punishment, for the convenience of staff, as a substitute for a treatment program, or in quantities that interfere with a patient's treatment program. Except when medication or medical treatment has been ordered by the court under par. (g) or is necessary to prevent serious physical harm to others as evidenced by a recent overt act, attempt or threat to do such harm, a patient may refuse medications and medical treatment if the patient is a member of a recognized religious organization and the religious tenets of such organization prohibit such medications and treatment. The individual shall be informed of this right prior to administration of medications or treatment whenever the patient's condition so permits.

(i) 1. Except as provided in subd. 2., have a right to be free from physical restraint and isolation except for emergency situations or when isolation or restraint is a part of a treatment program. Isolation or restraint may be used only when less restrictive measures are ineffective or not feasible and shall be used for the shortest time possible. When a patient is placed in isolation or restraint, his or her status shall be reviewed once every 30 minutes. Each facility shall have a written policy covering the use of restraint or isolation which ensures that the dignity of the individual is protected, that the safety of the individual is ensured and that there is regular, frequent monitoring by trained staff to care for bodily needs as may be required. Isolation or restraint may be used for emergency situations only when it is likely that the patient may physically harm himself or herself or others. The treatment director shall specifically designate physicians who are authorized to

order isolation or restraint, and shall specifically designate licensed psychologists who are authorized to order isolation. In the instance where the treatment director is not a physician, the medical director shall make the designation. In the case of a center for the developmentally disabled, use shall be authorized by the director of the center. The authorization for emergency use of isolation or restraint shall be in writing, except that isolation or restraint may be authorized in emergencies for not more than one hour, after which time an appropriate order in writing shall be obtained from the physician or licensed psychologist designated by the director, in the case of isolation, or the physician so designated in the case of restraint. Emergency isolation or restraint may not be continued for more than 24 hours without a new written order. Isolation may be used as part of a treatment program if it is part of a written treatment plan and the rights specified in this subsection are provided to the patient. The use of isolation as a part of a treatment plan shall be explained to the patient and to his or her guardian, if any, by the person who undertakes such treatment. Such treatment plan shall be evaluated at least once every 2 weeks. Patients who have a recent history of physical aggression may be restrained during transport to or from the facility. Persons who are committed or transferred under s. 51.35 (3) or 51.37 or under ch. 971 or 975 and who, while under this status, are transferred to a hospital, as defined in s. 50.33 (2), for medical care may be isolated for security reasons within locked facilities in the hospital. Patients who are committed or transferred under s. 51.35 (3) or 51.37 or under ch. 971 or 975 may be restrained for security reasons during transport to or from the facility.

2. Patients in the maximum security facility at the Mendota mental health institute may be locked in their rooms during the night shift and for a period of no longer than one hour and 30 minutes during each change of shift by staff to permit staff review of patient needs. Patients in the maximum security facility at the Mendota mental health institute may also be locked in their rooms on a unit-wide or facility-wide basis as an emergency measure as needed for security purposes to deal with an escape or attempted escape, the discovery of a dangerous weapon in the unit or facility or the receipt of reliable information that a dangerous weapon is in the unit or facility or to prevent or control a riot or the taking of a hostage. A unit-wide or facility-wide emergency isolation order may only be authorized by the director of the unit or maximum security facility or his or her designee and shall be approved within one hour after it is authorized by the director of the Mendota mental health facility or the director's designee. An emergency order for unit-wide or facility-wide isolation may only be in effect for the period of time needed to preserve order while dealing with the situation and may not be used as a substitute for adequate staffing. During a period of unit-wide or facility-wide isolation, the status of each patient shall be reviewed every 30 minutes to ensure the safety and comfort of the patient and each patient who is locked in a room without a toilet shall be given an opportunity to use a toilet at least once every hour, or more frequently if medically indicated. Each unit in the maximum security facility at the Mendota mental health institute shall have a written policy covering the use of isolation which ensures that the dignity of the individual is protected, that the safety of the individual is secured and that there is regular, frequent monitoring by trained staff to care for bodily needs as may be required. Each policy shall be reviewed and approved by the director of the Mendota mental health institute or the director's designee.

(j) Have a right not to be subjected to experimental research without the express and informed consent of the patient and of the patient's guardian after consultation with independent specialists and the patient's legal counsel. Such proposed research shall first be reviewed and approved by the institution's research and human rights committee created under sub. (4) and by the department before such consent may be sought. Prior to such approval, the committee and the department shall determine that research complies with the principles of the statement on the use of human subjects for research adopted by the American Association on Mental

Deficiency, and with the regulations for research involving human subjects required by the U.S. department of health and human services for projects supported by that agency.

(k) Have a right not to be subjected to treatment procedures such as psychosurgery, or other drastic treatment procedures without the express and informed consent of the patient after consultation with his or her counsel and legal guardian, if any. Express and informed consent of the patient after consultation with the patient's counsel and legal guardian, if any, is required for the use of electroconvulsive treatment.

(L) Have the right to religious worship within the facility if the patient desires such an opportunity and a member of the clergy of the patient's religious denomination or society is available to the facility. The provisions for such worship shall be available to all patients on a nondiscriminatory basis. No individual may be coerced into engaging in any religious activities.

(m) Have a right to a humane psychological and physical environment within the hospital facilities. These facilities shall be designed to afford patients with comfort and safety, to promote dignity and ensure privacy. Facilities shall also be designed to make a positive contribution to the effective attainment of the treatment goals of the hospital.

(n) Have the right to confidentiality of all treatment records, have the right to inspect and copy such records, and have the right to challenge the accuracy, completeness, timeliness or relevance of information relating to the individual in such records, as provided in s. 51.30.

(o) Except as otherwise provided, have a right not to be filmed or taped, unless the patient signs an informed and voluntary consent which specifically authorizes a named individual or group to film or tape the patient for a particular purpose or project during a specified time period. The patient may specify in such consent periods during which, or situations in which, the patient may not be filmed or taped. If a patient is legally incompetent, such consent shall be granted on behalf of the patient by the patient's guardian. A patient in Goodland hall at the Mendota mental health institute may be filmed or taped for security purposes without the patient's consent, except that such a patient may not be filmed in patient bedrooms or bathrooms for any purpose without the patient's consent.

(p) Have reasonable access to a telephone to make and receive telephone calls within reasonable limits.

(q) Be permitted to use and wear his or her own clothing and personal articles, or be furnished with an adequate allowance of clothes if none are available. Provision shall be made to launder the patient's clothing.

(r) Be provided access to a reasonable amount of individual secure storage space for his or her own private use.

(s) Have reasonable protection of privacy in such matters as toileting and bathing.

(t) Be permitted to see visitors each day.

(u) Have the right to present grievances under the procedures established under sub. (5) on his or her own behalf or that of others to the staff or administrator of the treatment facility or community mental health program without justifiable fear of reprisal and to communicate, subject to par. (p), with public officials or with any other person without justifiable fear of reprisal.

(v) Have the right to use his or her money as he or she chooses, except to the extent that authority over the money is held by another, including the parent of a minor, a court-appointed guardian of the patient's estate or a representative payee. If a treatment facility or community mental health program so approves, a patient or his or her guardian may authorize in writing the deposit of money in the patient's name with the facility or program. Any earnings attributable to the money accrue to the patient. The treatment facility or community mental health program shall maintain a separate accounting of the deposited money of each patient. The patient or his or her guardian shall receive, upon written request by the patient or guardian, a written monthly account of any finan-

cial transactions made by the treatment facility or community mental health program with respect to the patient's money. If a patient is discharged from a treatment facility or community mental health program, all of the patient's money, including any attributable accrued earnings, shall be returned to the patient. No treatment facility or community mental health program or employee of such a facility or program may act as representative payee for a patient for social security, pension, annuity or trust fund payments or other direct payments or monetary assistance unless the patient or his or her guardian has given informed written consent to do so or unless a representative payee who is acceptable to the patient or his or her guardian and the payer cannot be identified. A community mental health program or treatment facility shall give money of the patient to him or her upon request, subject to any limitations imposed by guardianship or representative payeeship, except that an inpatient facility may, as a part of its security procedures, limit the amount of currency that is held by a patient and may establish reasonable policies governing patient account transactions.

(w) 1. Have the right to be informed in writing, before, upon or at a reasonable time after admission, of any liability that the patient or any of the patient's relatives may have for the cost of the patient's care and treatment and of the right to receive information about charges for care and treatment services.

2. If the patient is a minor, if the patient's parents may be liable for the cost of the patient's care and treatment and if the patient's parents can be located with reasonable effort, the treatment facility or community mental health program shall notify the patient's parents of any liability that the parents may have for the cost of the patient's care and treatment and of their right to receive information under subd. 3., except that a minor patient's parents may not be notified under this subdivision if the minor patient is receiving care under s. 51.47 without the consent of the minor patient's parent or guardian.

3. A patient, a patient's relative who may be liable for the cost of the patient's care and treatment or a patient's guardian may request information about charges for care and treatment services at the treatment facility or community mental health program. If a treatment facility or community mental health program receives such a request, the treatment facility or community mental health program shall promptly provide to the individual making the request written information about the treatment facility's or community mental health program's charges for care and treatment services. Unless the request is made by the patient, the guardian of a patient adjudged incompetent under ch. 880, the parent or guardian of a minor who has access to the minor's treatment records under s. 51.30 (5) (b) 1. or a person designated by the patient's informed written consent under s. 51.30 (4) (a) as a person to whom information may be disclosed, information released under this subdivision is limited to general information about the treatment facility's or community mental health program's charges for care and treatment services and may not include information which may not be disclosed under s. 51.30.

(x) Have the right to be treated with respect and recognition of the patient's dignity and individuality by all employees of the treatment facility or community mental health program and by licensed, certified, registered or permitted providers of health care with whom the patient comes in contact.

(2) A patient's rights guaranteed under sub. (1) (p) to (t) may be denied for cause after review by the director of the facility, and may be denied when medically or therapeutically contraindicated as documented by the patient's physician or licensed psychologist in the patient's treatment record. The individual shall be informed in writing of the grounds for withdrawal of the right and shall have the opportunity for a review of the withdrawal of the right in an informal hearing before the director of the facility or his or her designee. There shall be documentation of the grounds for withdrawal of rights in the patient's treatment record. After an informal hearing is held, a patient or his or her representative may petition for review of the denial of any right under this subsection

through the use of the grievance procedure provided in sub. (5) or, alternatively or in addition to the use of such procedure, may bring an action under sub. (7).

(3) The rights accorded to patients under this section apply to patients receiving services in outpatient and day–service treatment facilities, as well as community mental health programs, insofar as applicable.

(4) (a) Each facility which conducts research upon human subjects shall establish a research and human rights committee consisting of not less than 5 persons with varying backgrounds to assure complete and adequate review of research activities commonly conducted by the facility. The committee shall be sufficiently qualified through the maturity, experience and expertise of its members and diversity of its membership to ensure respect for its advice and counsel for safeguarding the rights and welfare of human subjects. In addition to possessing the professional competence necessary to review specific activities, the committee shall be able to ascertain the acceptability of proposals in terms of commitments of the facility and federal regulations, applicable law, standards of professional conduct and practice, and community attitudes.

(b) No member of a committee may be directly involved in the research activity or involved in either the initial or continuing review of an activity in which he or she has a conflicting interest, except to provide information requested by the committee.

(c) No committee may consist entirely of persons who are officers, employes or agents of or are otherwise associated with the facility, apart from their membership on the committee.

(d) No committee may consist entirely of members of a single professional group.

(e) A majority of the membership of the committee constitutes a quorum to do business.

(5) (a) The department shall establish procedures to assure protection of patients' rights guaranteed under this chapter, and shall, except for the grievance procedures of the Mendota and Winnebago mental health institutes and the state centers for the developmentally disabled, implement a grievance procedure which complies with par. (b) to assure that rights of patients under this chapter are protected and enforced by the department, by service providers and by county departments under ss. 51.42 and 51.437. The procedures established by the department under this subsection apply to patients in private hospitals or public general hospitals.

(b) The department shall promulgate rules that establish standards for the grievance procedure used as specified in par. (a) by the department, county departments under ss. 51.42 and 51.437 and service providers. The standards shall include all of the following components:

1. Written policies and procedures regarding the uses and operation of the grievance system.
2. A requirement that a person, who is the contact for initiating and processing grievances, be identified within the department and in each county department under ss. 51.42 and 51.437 and be specified by each service provider.
3. An informal process for resolving grievances.
4. A formal process for resolving grievances, in cases where the informal process fails to resolve grievances to the patient's satisfaction.
5. A process for notification of all patients of the grievance process.
6. Time limits for responses to emergency and nonemergency grievances, as well as time limits for deciding appeals.
7. A process which patients may use to appeal unfavorable decisions within the department or county department under s. 51.42 or 51.437 or through the service provider.
8. A process which may be used to appeal final decisions under subd. 7. of the department, county department under s.

51.42 or 51.437 or service provider to the department of health and family services.

9. Protections against the application of sanctions against any complainant or any person, including an employe of the department, county department under s. 51.42 or 51.437 or service provider who assists a complainant in filing a grievance.

(c) Each county department of community programs shall attach a statement to an application for recertification of its community mental health programs or treatment facilities that are operated by or under contract with the county. The statement shall indicate if any complaints or allegations of violations of rights established under this section were made during the certification period immediately before the period of recertification that is requested and shall summarize any complaints or allegations made. The statement shall contain the date of the complaint or allegation, the disposition of the matter and the date of disposition. The department shall consider the statement in reviewing the application for recertification.

(d) No person may intentionally retaliate or discriminate against any patient or employe for contacting or providing information to any official or to an employe of any state protection and advocacy agency, or for initiating, participating in, or testifying in a grievance procedure or in an action for any remedy authorized under this section. Whoever violates this paragraph may be fined not more than \$1,000 or imprisoned for not more than 6 months or both.

(6) Subject to the rights of patients provided under this chapter, the department, county departments under s. 51.42 or 51.437 and any agency providing services under an agreement with the department or those county departments have the right to use customary and usual treatment techniques and procedures in a reasonable and appropriate manner in the treatment of patients who are receiving services under the mental health system, for the purpose of ameliorating the conditions for which the patients were admitted to the system. The written, informed consent of any patient shall first be obtained, unless the person has been found not competent to refuse medication and treatment under s. 51.61 (1) (g). In the case of a minor, the written, informed consent of the parent or guardian is required. Except as provided under an order issued under s. 51.14 (3) (h) or (4) (g), if the minor is 14 years of age or older, the written, informed consent of the minor and the minor's parent or guardian is required. A refusal of either a minor 14 years of age or older or the minor's parent or guardian to provide written, informed consent for outpatient mental health treatment is reviewable under s. 51.14.

(7) (a) Any patient whose rights are protected under this section who suffers damage as the result of the unlawful denial or violation of any of these rights may bring an action against the person, including the state or any political subdivision thereof, which unlawfully denies or violates the right in question. The individual may recover any damages as may be proved, together with exemplary damages of not less than \$100 for each violation and such costs and reasonable actual attorney fees as may be incurred.

(b) Any patient whose rights are protected under this section may bring an action against any person, including the state or any political subdivision thereof, which wilfully, knowingly and unlawfully denies or violates any of his or her rights protected under this section. (9) The department shall promulgate rules to implement this section.

(10) No person who, in good faith, files a report with the appropriate examining board concerning the violation of rights under this section by persons licensed, certified, registered or permitted under ch. 441, 446, 450, 455 or 456, or who participates in an investigation of an allegation by the appropriate examining board, is liable for civil damages for the filing or participation.

51.67 Alternate procedure; protective services. If the court orders temporary protective placement for an individual under the age of 22 years in a center for the developmentally disabled, this placement may be made only at the central center for the developmentally disabled unless the department authorizes the placement or transfer to the northern or southern center for the developmentally disabled. Any interested party may then file a petition for permanent guardianship or protective placement or services, including medication, under ch. 55. If the individual is in a treatment facility, the individual may remain in the facility during the period of temporary protective placement if no other appropriate facility is available. The court may order psychotropic medication as a temporary protective service under this section if it finds that there is probable cause to believe the individual is not competent to refuse psychotropic medication and that the medication ordered will have therapeutic value and will not unreasonably impair the ability of the individual to prepare for and participate in subsequent legal proceedings. An individual is not competent to refuse psychotropic medication if, because of chronic mental illness, and after the advantages and disadvantages of and alternatives to accepting the particular psychotropic medication have been explained to the individual, one of the following is true:

(1) The individual is incapable of expressing an understanding of the advantages and disadvantages of accepting treatment and the alternatives.

(2) The individual is substantially incapable of applying an understanding of the advantages, disadvantages and alternatives to his or her chronic mental illness in order to make an informed choice as to whether to accept or refuse psychotropic medication.

51.75 Interstate compact on mental health. The interstate compact on mental health is enacted into law and entered into by this state with all other states legally joining therein substantially in the following form:

THE INTERSTATE COMPACT ON MENTAL HEALTH.

The contracting states solemnly agree that:

(1) **ARTICLE I.** The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount

importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

(2) ARTICLE II. As used in this compact:

(a) “Aftercare” means care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(b) “Institution” means any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(c) “Mental deficiency” means mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself or herself and his or her affairs, but shall not include mental illness as defined herein.

(d) “Mental illness” means mental disease to such extent that a person so afflicted requires care and treatment for the person’s welfare, or the welfare of others, or of the community.

(e) “Patient” means any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment or supervision pursuant to the provisions of this compact.

(f) “Receiving state” means a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(g) “Sending state” means a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(h) “State” means any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

(3) ARTICLE III. (a) Whenever a person physically present in any party state is in need of institutionalization by reason of mental illness or mental deficiency, the person shall be eligible for care and treatment in an institution in that state irrespective of the person’s residence, settlement or citizenship, qualifications.

(b) The provisions of par. (a) to the contrary notwithstanding any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion thereof. The factors referred to in this paragraph include the patient’s full record with due regard for the location of the patient’s family, character of the illness and probable duration thereof, and such other factors as are considered appropriate.

(c) No state is obliged to receive any patient under par. (b) unless the sending state has given advance notice of its intention to send the patient, furnished all available medical and other pertinent records concerning the patient and given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish, and unless the receiving state agrees to accept the patient.

(d) If the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that the interstate patient would be taken if the interstate patient were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

(4) ARTICLE IV. (a) Whenever, pursuant to the laws of the state in which a patient is physically present, it is determined that the patient should receive aftercare or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state have reason to believe that aftercare in another state would be in the best interest of the patient and would not jeopardize the public safety,

they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such aftercare in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient’s intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient and such other documents as are pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive aftercare or supervision in the receiving state.

(c) In supervising, treating or caring for a patient on aftercare pursuant to the terms of this subsection, a receiving state shall employ the same standards of visitation, examination, care and treatment that it employs for similar local patients.

(5) ARTICLE V. Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape, in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, the patient shall be detained in the state where found, pending disposition in accordance with law.

(6) ARTICLE VI. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any state party to this compact, without interference.

(7) ARTICLE VII. (a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any 2 or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient or any statutory authority pursuant to which such agreements may be made.

(8) ARTICLE VIII. (a) Nothing in this compact shall be construed to abridge, diminish or in any way impair the rights, duties and responsibilities of any patient’s guardian on the guardian’s own behalf or in respect of any patient for whom the guardian may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall, upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court by law requires, relieve the previous guardian of power

and responsibility to whatever extent is appropriate in the circumstances. In the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state has the sole discretion to relieve a guardian appointed by it or continue the guardian's power and responsibility, whichever it deems advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in par. (a) includes any guardian, trustee, legal committee, conservator or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

(9) ARTICLE IX. (a) No provision of this compact except sub. (5) applies to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it is the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

(10) ARTICLE X. (a) Each party state shall appoint a "compact administrator" who, on behalf of that state, shall act as general coordinator of activities under the compact in that state and who shall receive copies of all reports, correspondence and other documents relating to any patient processed under the compact by that state either in the capacity of sending or receiving state. The compact administrator or the duly designated representative of the compact administrator shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

(11) ARTICLE XI. The duly constituted administrative authorities of any 2 or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned find that such agreements will improve services, facilities or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

(12) ARTICLE XII. This compact enters into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with all states legally joining therein.

(13) ARTICLE XIII. (a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal takes effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by sub. (7) (b) as to costs or from any supplementary agreement made pursuant to sub. (11) shall be in accordance with the terms of such agreement.

(14) ARTICLE XIV. This compact shall be liberally construed so as to effectuate the purpose thereof. The provisions of this compact are severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any

party state, or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact is held contrary to the constitution of any party state thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

51.76 Compact administrator. Pursuant to the interstate compact on mental health, the secretary shall be the compact administrator and, acting jointly with like officers of other party states, may promulgate rules to carry out more effectively the terms of the compact. The compact administrator shall cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact or any supplementary agreement entered into by this state thereunder.

51.77 Transfer of patients. (1) In this section "relatives" means the patient's spouse, parents, grandparents, adult children, adult siblings, adult aunts, adult uncles and adult cousins, and any other relative with whom the patient has resided in the previous 10 years.

(2) Transfer of patients out of Wisconsin to another state under the interstate compact on mental health shall be upon recommendation of no less than 3 physicians licensed under ch. 448 appointed by the court of competent jurisdiction and shall be only in accord with the following requirements:

(a) That the transfer be requested by the patient's relatives or guardian or a person with whom the patient has resided for a substantial period on other than a commercial basis. This requirement does not preclude the compact administrator or the institution in which the patient is in residence from suggesting that relatives or the guardian request such transfer.

(b) That the compact administrator determine that the transfer of the patient is in the patient's best interest.

(c) That the patient have either interested relatives in the receiving state or a determinable interest in the receiving state.

(d) That the patient, guardian and relatives, as determined by the patient's records, whose addresses are known or can with reasonable diligence be ascertained, be notified.

(e) That none of the persons given notice under par. (d) object to the transfer of said patient within 30 days of receipt of such notice.

(f) That records of the intended transfer, including proof of service of notice under par. (d) be reviewed by the court assigned to exercise probate jurisdiction for the county in which the patient is confined or by any other court which a relative or guardian requests to do so.

(3) If the request for transfer of a patient is rejected for any of the reasons enumerated under sub. (2), the compact administrator shall notify all persons making the request as to why the request was rejected and of the patient's right to appeal the decision to a competent court.

(4) If the patient, guardian or any relative feels that the objections of other relatives or of the compact administrator raised under sub. (2) are not well-founded in preventing transfer, such person may appeal the decision not to transfer to a competent court having jurisdiction which shall determine, on the basis of evidence by the interested parties and psychiatrists, psychologists and social workers who are acquainted with the case, whether transfer is in the best interests of the patient. The requirements of sub. (2) (c) shall apply to this subsection.

(5) The determination of mental illness or developmental disability in proceedings in this state requires a finding of a court in accordance with the procedure contained in s. 51.20.

If such supplementary agreements require or contemplate the use of any institution or facility of this state or county or require or contemplate the provision of any service by this state or county, no such agreement shall take effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service.

The terms "flight" and "fled" as used in ss. 51.81 to 51.85 shall be construed to mean any voluntary or involuntary departure from the jurisdiction of the court where the proceedings hereinafter mentioned may have been instituted and are still pending with the effect of avoiding, impeding or delaying the action of the court in which such proceedings may have been instituted or be pending, or any such departure from the state where the person demanded then was, if the person then was under detention by law as a person of unsound mind and subject to detention. The word "state" wherever used in ss. 51.81 to 51.85 shall include states, territories, districts and insular and other possessions of the United States. As applied to a request to return any person within the purview of ss. 51.81 to 51.85 to or from the District of Columbia, the words, "executive authority," "governor" and "chief magistrate," respectively, shall include a justice of the supreme court of the District of Columbia and other authority.

(6) **RESIDENCE NOT ESTABLISHED.** No person establishes legal residence in the state where the receiving agency is located while the person is receiving services pursuant to a contract under this section.

The laws and regulations of the sending state relating to length of confinement, reexaminations and extensions of confinement shall apply. (e) Termination of eligibility for aid under s. 51.26, 1971 stats., shall terminate eligibility for aid for the construction of mental health facilities, and failure to meet the requirements established for public medical institutions by rule of the department shall terminate eligibility for aid for the construction of public medical institutions.
