Ayes, 6 – Senators Moen, Clausing, Shibilski, Rude, Welch and Farrow.

Noes, 0 – None.

Passage as amended.

Ayes, 6 – Senators Moen, Clausing, Shibilski, Rude, Welch and Farrow.

Noes, 0 – None.

Rodney Moen
Chairperson

PETITIONS AND COMMUNICATIONS

**State of Wisconsin
Legislative Audit Bureau**

March 23, 1998

The Honorable, The Legislature:

We have completed a review of the Department of Public Instruction's administration of the Wisconsin Student Assessment System's Knowledge and Concepts Examinations, as directed by the Joint Legislative Audit Committee. The tests measure the achievement of fourth-, eighth-, and tenth-grade students enrolled in Wisconsin's 426 school districts in five subject areas: reading, mathematics, science, social studies, and language arts, including writing.

Although the underlying cause of problems encountered with the testing process in the 1996-97 school year was a change in testing contractors, the Department's management of the program did little to mitigate the effects of this change. In particular, the Department's lack of specificity about its expectations of the new contractor contributed to delays in the availability of score reports and concerns about their content. Tardiness by the contractor also contributed to the problems encountered. However, problems with comparability of test results to prior years could not have been avoided.

Although the contractor did not meet expectations in 1996-97, the Department renewed its contract for \$1.5 million, which is an increase of \$250,000 over the 1996-97 contract when the costs associated with a one-time study are excluded. The Department, however, has taken steps to improve the process during the current school year. As a result, the testing process proceeded smoothly, and score reports have been available with minor delays.

The Department has requested and received permission from the Governor to negotiate successive one-year renewals of the current contract through 2001-02, in order to ensure program continuity. Such continuity may be difficult to achieve, however, given continually changing program and policy goals. For example, tenth graders will no longer be subject to the Knowledge and concepts Examinations process after the implementation of a high school graduation test beginning in 2000-01.

We appreciate the courtesy and cooperation of the Department of Public Instruction in completing this review. The Department's response is the appendix.

Sincerely,

JANICE MUELLER

State Auditor

State of Wisconsin

Southeast Wisconsin Professional Baseball Park District

March 19, 1998

The Honorable, The Legislature:

Enclosed please find the Miller Park monthly progress report for the month of February 1998 for your review and consideration.

During the month of February we effectively completed the deep foundation, service level walls and the majority of the field level supported slab. This allows us to begin structural steel

delivery and erection in March. The structural steel frame for the ball park will take shape quickly, with twin 250 foot tower cranes erecting up to 60 semi-truck loads of steel each day.

I'm pleased to report the Miller Park project continues to develop as a quality facility, on time, within budget and with strong community participation.

Please feel free to contact me if you should have any question or comments regarding the enclosed progress report.

Sincerely,

MICHAEL R. DUCKEET, P.E., R.L.S
Executive Director

EXECUTIVE COMMUNICATIONS

State of Wisconsin Office of the Governor
