### *Analysis by the Legislative Reference Bureau*

Currently, a sum sufficient appropriation is provided for the operation of the senate and assembly. The statutes do not specifically treat the use of that money for the cost of operating legislative offices.

This bill specifically empowers the joint committee on legislative organization or the committee on organization of either house of the legislature to provide an allowance for the office expenses of each member of the legislature, but stipulates that if any part of the allowance is used to purchase postage stamps, each stamp must be perforated in a design forming the letters "WIS".

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
