Analysis by the Legislative Reference Bureau

This bill is introduced under s. 230.12, stats., which requires that it be put on the calendar. The bill accomplishes certain statutory changes necessary to implement the nonrepresented state employee compensation plan, as modified and approved by the joint committee on employment relations.

Under current law, the state employee compensation plan provides that exceptional performance awards may be awarded to employees in accordance with eligibility determinations established by the secretary of employment relations. This bill eliminates exceptional performance awards.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
