FYI

Dear Senator Moen,

I have recently been appointed by the Governor to serve a second term on the Medical Examining Board. My medical practice in Milwaukee is more than a full-time job but I believe strongly in public service and would like to serve a second term on this board.

Knowing that you are the Chairman of the Senate Health Committee, I want to assure you that I take this job seriously. You can count on me to do my homework and you can depend on me to judge the individuals, who come before the board, fairly.

I look forward to appearing before the Health Committee and would be happy to answer any questions you may have at that time. I hope you will support me for a second term on the Medical Examining Board.

Sincerely,

Ronald E. Grossman, M. D.

Dear Senator Moen,

On February 26 I am scheduled for a hearing on my nomination for a second term as a member of the Examining Board of Social Workers, Marriage and Family Therapists and Professional Counselors, to be held before the Committee on Health, Human Services, Aging, Corrections, Veterans and Military Affairs.

I am honored to have served as chair of the Social Worker section for the past four and a half years. All of us who serve on the Social Worker section, as well as on the entire Examining Board, have taken our responsibility regarding protection of the public very seriously. Our clients are highly vulnerable and often in states of crises when we professionals enter their lives. We have labored diligently to ensure that the administrative rules we developed, and subsequent new legislation incorporated into the original statutes regarding the board, will ensure competent professional attention to clients in need.

We take seriously any charges from the public about professional misconduct. We work with representatives from the Department of Regulation and Licensing to ensure that professionals who practice below standards of minimum competence, or who disregard professional ethics, are treated appropriately through discipline, reeducation, or an Impaired Professionals program.

I am enclosing a copy of my resume for your perusal. If you have any questions, you can contact me at 608-364-6689 (office) or 608-362-7511 (home). I look forward to meeting with you and your committee on February 26.

Yours sincerely,

Dear Senator,

I would like to take a moment of your time to introduce myself. I met this week with the Health, Human Services, Aging, Corrections, Veterans and Military Affairs Committee as they reviewed my appointment to serve as a public member on the Medical Examining Board.

My husband and I have made our home in Wausau for the last 26 years. We have raised our children here and become involved in various aspects of the life of this community. We find Wausau and indeed, Wisconsin, a wonderful place to live.

My educational background is a B.S. in General Science and Secondary Education. After college, I worked as an editorial assistant on Decision magazine. During our years here, I have been involved in community activities and organizations as my children have been growing up - school organizations, scouts, YMCA, YWCA, Wausau Child Care, church, etc. I served for six years on the Wausau School Board, two as President. Presently, I serve as a Red Cross volunteer at our local hospital and a volunteer at a local nursing home.

I bring these to your attention to illustrate my commitment of time and interest to our community and its betterment. The prospect of representing others in the capacity of a member of the Medical Examining Board would continue in the same path and I look forward to it. As a public member, I would see my role as being an advocate for the people to see that they have quality medical professionals and are protected from those who are not.

My appointment will soon be coming to you for approval. If you have any questions or need more information, please feel free to contact me.

Sincerely,
