Corrections, Veterans and Military Affairs**

Budget Recommendation

Paper Ballot

P. 185, Item 24

Governor: Repeal and recreate the provision related to the private business/prison employment program, increasing the number of allowed projects from three to eleven. Under the program, a certain number of private businesses may operate within adult and juvenile prisons under specific criteria. Eliminate current statutory language that provides that “[The department may select a business or enter into a lease under this paragraph only with the approval of the joint committee on finance.]”

Senators Moen and Moore: At this time, there are too many unanswered questions surrounding Fabry Glove and Mitten Company’s contract with the state to employ inmates in the Green Bay Correctional Institution. The state must ensure that private sector workers are not displaced by the private business/prison employment program before we increase the number of allowed projects under the program.

Motion: Eliminate governor’s recommendation and have it drafted and introduced as separate legislation. Make permanent the statutory language that provides that “the department may select a business or enter into a lease under this paragraph only with the approval of the joint committee on finance.”

- Aye**
- No**

Signature: R. C. Moore
