Budget Recommendation

Paper Ballot

P. 262, Item 6

Governor: Authorize DHFS to approve a request by a nursing home to delicense any of the nursing home's licensed beds if the bed occupancy of the nursing home is below the minimum occupancy standard (currently 91 percent) so that the nursing home can avoid the effect of the minimum occupancy standard on its MA reimbursement. Specify that if DHFS approves the request, certain prohibitions and penalties would apply.

Senator Moen: Currently, DHFS establishes a nursing home's occupancy rate based on the facilities' cost report for the most recent year available.

Motion: Amend the statutes (s. 49.45(6m)(ar)(intro.), Stats.) to provide that the department shall establish a nursing home's occupancy rate by taking an average of the 3 most recent years' cost reports as required to be submitted to the department.
