Budget Recommendation

Paper Ballot

P. 278, Item 3

Governor: Delete \$5,320,000 to reflect the elimination of GPR funding for the state immunization program, leaving the program entirely supported through federal funding.

Senators Moen, Moore and Wirsch: Federal funds are sum sufficient only for the purchase of vaccines. State funding is necessary for the staffing at the local level for outreach programs, interpreters and special clinics. Wisconsin falls behind other Midwest states in its funding of public health programs, which save health care dollars in the long run.

Motion: Maintain current law.
