Budget Recommendation

Paper Ballot

P. 298, Item 1

Governor: Reduce funding by \$16,312,500 to reflect the loss of federal funds for community aids and the transfer of funding for tribal child care to DWD. Also replaces \$63,600,000 GPR with TANF funds.

Senator Moen: The replacement of GPR dollars with TANF dollars put future funding for community aids at risk. Wisconsin received TANF funding from the federal government to support the W-2 program. Currently, Wisconsin enjoys low AFDC caseloads and a good economy, but there is no telling what would happen to TANF funding for community aids if adverse economic conditions result in an increase in W-2 caseloads.

Motion: Request that the Joint Finance Committee assess the need to replace GPR with TANF funding for Community Aids and restore GPR funding to the greatest extent possible.

Aye

No
