**Senate Committee on Health, Human Services, Aging  
Corrections, Veterans and Military Affairs**

**Budget Recommendation**

Paper Ballot

**COP Cap on CBRFs (no provision)**

**Senator Buettner-Roessler:** The last budget bill included a provision to allow no more than 25 percent of COP funds to go to CBRFs. As a result, many older adults and disabled persons have been forced into more costly nursing homes when their private resources have run out.

**Motion:** Grandfather in persons who were in CBRFs before the cap became effective. Remove the 25 percent funding cap, but adding statutory language defining COP and COP-waiver as primarily a home care program and limiting use of COP and COP waiver funds to services to people who live in their own homes or apartments, except in certain conditions where in-home care is not feasible and alternate care is appropriate. Give county the authority to establish more restrictive conditions on the use of COP and COP waiver funds. CBRFs should be required to notify prospective residents of the requirement for preadmission assessment and care planning.

**Aye**

**No**
