Regen

1 AN ACT to amend 49.145 (3) (b) 1. of the statutes; relating to: exempting certain
2 income earned by a dependent child from consideration in determining
3 financial eligibility for Wisconsin works.

Analysis by the Legislative Reference Bureau

Under current law, an individual who has an gross income of 115% of the federal poverty line or less and who meets certain other financial and nonfinancial criteria is eligible for Wisconsin works (W-2). In calculating the gross income of an individual, a W-2 agency must include all earned and unearned income of that individual except amounts received under W-2 or as an earned income tax credit.

This bill prohibits a W-2 agency, in calculating an individual's earned and unearned income, from considering income earned by a dependent child of the individual through a school work training, work experience or work study program.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

PROOF w/STATS.

4 SECTION 1. 49.145 (3) (b) 1. of the statutes is amended to read:
5 49.145 (3) (b) 1. All earned and unearned income of the individual, except any
6 amount received under section 32 of the internal revenue code, as defined in s. 71.01

ASSEMBLY BILL 848

SECTION 1

PROOF W/STATS.

1 (6), any amount received under s. 71.07 (9e), any payment made by an employer
 2 under section 3507 of the internal revenue code, as defined in s. 71.01 (6), and any
 3 assistance received under s. 49.148. In determining the earned and unearned
 4 income of the individual, the Wisconsin works agency may not include income earned
 5 by a dependent child of the individual through a school work training, work
 6 experience or work study program.

The instructions I received for this draft were to include the income of "all high school students, not just those in work study programs." The original draft did not limit the excluded income to that earned by high school students, although it may have done so in effect by referring to "school work training, work experience or work study program." Did you want to limit excluded income to that earned by high school students; or did you want to exclude any dependent child's income regardless of the child's age?

1. **JACKET** the draft for introduction _____
in the **Senate** _____ or the **Assembly** (check only one). Only the requester under whose name the drafting request is entered in the LRB's drafting records may authorize the draft to be submitted. Please allow one day for the preparation of the required copies.

2. **REDRAFT**. See the changes indicated or attached _____.
A revised draft will be submitted for your approval with changes incorporated.

3. Obtain **FISCAL ESTIMATE NOW**, prior to introduction _____.
If the analysis indicates that a fiscal estimate is required because the proposal makes an appropriation or increases or decreases existing appropriations or state or general local government fiscal liability or revenues, you have the option to request the fiscal estimate prior to introduction. If you choose to introduce the proposal without the fiscal estimate, the fiscal estimate will be requested automatically upon introduction. It takes about 10 days to obtain a fiscal estimate. Requesting the fiscal estimate prior to introduction retains your flexibility for possible redrafting of the proposal.

If you have any questions regarding the above procedures, please call 266-3561. If you have any questions relating to the attached draft, please feel free to call me.
