Subject: Youth Options Program

Lonnie,

This will just be a very informal message as to what Mickey's ideas are for modifying the Youth Options Program. Mickey wants to make the following changes regarding the responsibility of the school district:

-That the Youth Options Program is not available to students:

- (1) who have completed the necessary credits to graduate from H.S. -
- (2) whose original class has graduated
- (3) who have dropped out of H.S.
- (4) who have been expelled or suspended

-That the school district may seek restitution from the parents of an individual who participated in Youth Options Program and did not successfully complete the course.

Please let me know what questions you have. Our phone number is 267-2367

Thanks,

~~PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION~~

D-N

1 AN ACT ^{grad cat} ...; relating to: youth options program.

Analysis by the Legislative Reference Bureau

Under current law, with some exceptions, a public school pupil enrolled in the 11th or 12th grade may enroll in an institution of higher education or a technical college to take one or more courses if he or she notifies the school board of the school district in which he or she is enrolled of his or her intention, provides the title of and the number of credits for the course and indicates whether the course will be taken for high school or postsecondary credit. If the school board determines that the course is not comparable to any offered by the school board and that it satisfies high school graduation requirements, the school board must pay the institution of higher education or technical college a portion of the cost, or in some cases the entire cost, of the pupil's tuition, fees and educational materials.

This bill provides that a pupil may not enroll in an institution of higher education or a technical college to take a course for high school credit under the youth options program described above if the pupil has been suspended or has repeated a grade or if the pupil has the credits necessary to graduate from high school. The bill also provides that if a pupil enrolls in an institute of higher education or a technical college for high school credit under this program and fails to complete the course or receives a grade of failure or unsatisfactory in the course, the pupil, or if the pupil is a minor, the pupil's parents, must reimburse the school board for the cost of the course. If they fail to do so, the school board may file a court action against them for reimbursement.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 [✓]
SECTION 1. 118.55 (2) (a) of the statutes is amended to read:

4 an institution of higher education for the purpose of taking one or more nonsectarian
5 courses at the institution of higher education, subject to ~~par.~~ [✓] pars. (am) and (b). The
6 pupil shall submit an application to the institution of higher education in the
7 previous school semester. The pupil shall indicate on the application whether he or
8 she will be taking the course or courses for high school credit or postsecondary credit.
9 The pupil shall also specify on the application that if he or she is admitted the
10 institution of higher education may disclose the pupil's grades, the courses that he

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-1994/?dn

msj/cmh

You requested that the bill prohibit pupils who have dropped out of school or been expelled from participating in the youth options program. I believe that neither DPI nor the school board would consider these pupils to be enrolled in school, which is a prerequisite for participating in the program; thus, it is not necessary to prohibit these pupils from participating.
