| This bill creates provisions that prohibit a person from bringing an action against a town or against the town's officials, employees or agents for the failure of the town's emergency vehicle to respond to an emergency because the emergency vehicle was unable to use a private road or driveway that failed to conform to the town's ordinance regarding the standards for a private road or driveway. | | | | | | | | | | | | |
| The Department of Transportation is unable to ascertain local impacts, as DOT only certifies mileage of public roads. How private roads are maintained are based on local decisions and the impacts of this bill are indeterminate. | | | | | | | | | | | | |
