1. I created the posting requirement in s. 29.335 (4) because otherwise a defense to this prohibition could be that the hunter did not know someone was feeding deer nearby. If there is no type of notification requirement and anyone can establish a recreational feeding area, I think this prohibition would be extremely difficult to enforce.

2. Do you want a specific penalty for a violation of s. 29.335? As drafted, the default penalty is under s. 29.971 (3).
