

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-1908/1dn
ISR:kmg:hmh

Monday, February 8, 1999

Maggie:

This draft is the same as last session's AB-173. I have changed the references to fiscal years 1997-98 and 1998-99 to 1999-00 and 2000-01 respectively. You may want to check the dollar amounts after the budget is passed to make sure that they are correct.

Also, I have delayed the effective date of this draft until September 1, 1999. This is to ensure that the budget is passed before these provisions take effect. If this draft were to take effect before the passage of the budget, the appropriation changes might not have your intended effect.

Please feel free to contact me if you have any questions about this draft.
