

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-0874/2dn
PEN:wlj:jf

March 26, 1999

Rep. Ainsworth:

This bill allows amber strobe lights to be mounted on trucks, but does not require such lights.

The bill allows the lights to be lit only when the truck is traveling on a road having a speed limit of more than 35 miles per hour, but only when the truck is traveling ten or more miles per hour below the speed limit. This will practically prevent trucks from operating the lights when traveling at the speed limit on faster highways, such as interstates. In effect, the lights become lights warning of a slow moving truck on a fast highway. OK?
