Subject: AB311

Paul:

Pursuant to a suggestion by the State Patrol, Rep. Ainsworth would like to request drafting of an amendment to Assembly Bill 311.

The bill currently calls for a "360-degree flashing amber light having a flashrate of 60 to 120 per minute and mounted..."

Rep. Ainsworth would like to request the following change:

"360-degree amber rotating flashing light or amber strobe light and mounted..."

This amendment would not limit the light to a strobe light, but would require that it be rotating.

If you have any questions regarding this amendment, please contact me at 266-3097.

Thank you for your help,

Kristina Boardman

Paul:

Thank you for your help on the Assembly Amendment to AB 311. After again consulting with State Patrol, it looks as if we are going to need to make one more minor change to the amendment.

Could we request that amendment 0419/1 also delete reference to flashrate? Therefore page 1, line 5 would read:

"truck may be equipped with a 360 degree rotating or flashing amber light mounted at the highest practicable point."

If it is necessary to maintain reference to flashrate, could we then request that 45-90 rpms also be included?

A page will be delivering the amendment stripes to the LRB shortly.

Thank you for your help,

Kristina Boardman
