| Assumptions Used in Arriving at | t Fiscal Estimate: | | | | | | | | | | | |
| This bill requires hospitals to provide hearing screening tests on newborn infants before their discharge. The bill requires the Department to pay for these tests for children who do not have insurance, Medical Assistance (MA) or other means to cover these tests. The test is a covered service under the MA flat payment (DRG) to hospitals for newborn delivery. MA covers approximately 1/3 (22,000) of the 66,000 births annually in Wisconsin. Thus, to the extent that private insurance does not cover the hearing screening test, the maximum number of children that would not otherwise be covered is 44,000. The bill provides \$942,000 GPR annually for the cost of these tests. The average cost of such a test is approximately \$25. At that rate, it is estimated the amount provided in this bill will cover approximately 37,700 of the approximately 44,000 children born annually in Wisconsin who are not covered by MA. | | | | | | | | | | | | |
