## Analysis by the Legislative Reference Bureau

Under current law, a school district may issue debt in the form of a promissory note for the purpose of paying unfunded prior service liability contributions under the Wisconsin retirement system (WRS) if all of the proceeds of the note are used for that purpose. Such borrowing is not subject to approval in a referendum by the electors in the district.

Under this bill, a county may issue debt in the form of a promissory note for the purpose of paying unfunded prior service liability contributions under WRS if all of the proceeds of the note are used for that purpose. Such borrowing is not subject to approval in a referendum by the electors in the political subdivision.
