- 3 System.

Analysis by the Legislative Reference Bureau

This bill directs the board of regents of the University of Wisconsin System to ensure that any resident of this state who is a high school graduate and who meets the following criteria is admitted as an undergraduate to the campus to which he or she applies:

- 1. The person has served in the U.S. armed forces for his or her full service obligation or has been discharged or released early from service for certain specified reasons.
- 2. The person is a graduate of a Wisconsin high school or was a Wisconsin resident when he or she entered the U.S. armed forces.
- 3. The person applies for admission within two years of his or her discharge or release from the U.S. armed forces.

The bill allows the board to require that the student be admitted on a probationary basis for one semester. The bill also provides that a campus is not required to admit, under the above provision, a number of students that is greater than 0.3% of the number of undergraduates enrolled at the campus.

Finally, the bill provides that, if the board restricts the number of students who may be enrolled at any campus, the veterans admitted under the above provision are excluded from that restriction.
