

**DRAFTER'S NOTE  
FROM THE  
LEGISLATIVE REFERENCE BUREAU**

LRBa0517/1dn  
MDK:kmg:mrc

June 22, 1999

Representative Ziegelbauer:

Please note the following:

1. This amendment requires the PSC to promulgate rules that establish requirements for including the separate charge on a customer's bill. Is this okay?
2. The separate charge must be included on bills of electric utilities, not cooperative associations, which are generally not subject to the PSC's jurisdiction. Is this okay, or should cooperative associations be subject to the amendment's requirements?
