

**DRAFTER'S NOTE**  
**FROM THE**  
**LEGISLATIVE REFERENCE BUREAU**

LRB-3138/1dn  
RJM:kmg:jf

June 7, 1999

1. For this draft, I have inserted an appropriation but have specified "\$-0-" for expenditure in fiscal year 2000-01. When you know the dollar amount that you need to include in the proposal, contact me and I will either redraft the proposal or draft an amendment, whichever is appropriate. You may want to obtain the fiscal estimate before deciding upon the dollar amount.

2. Because this draft does not appropriate any funds, I have changed the relating clause and the PREFATORY NOTE. Please contact me if any of these changes are inappropriate.

3. I have also changed the title of the appropriation to "authorized positions". The previous title did not seem appropriate because the text did not mention a public information officer. If this title is not appropriate or if you want the text to refer specifically to a public information officer position, please let me know.

4. The budget bill will establish the appropriations schedule for the 1999-2001 fiscal biennium. If this draft is enacted before the budget bill, the budget bill may change or eliminate the effect of this draft. Thus, you may want to consider accomplishing this appropriation by drafting a budget amendment. If you desire to choose this alternative approach, please contact me.
