Affected Ch. 20 Appropriations

Assumptions Used in Arriving at Fiscal Estimate:

This bill would increase, from \$100 to \$300, the level of wages below which a county fair association would not be required to withhold income tax for an employee. The bill would not have a significant effect on state individual income tax revenues and would have no effect on Department of Revenue costs. The bill's only effect would be to delay the receipt of taxes on wages paid to county fair employees who earn between \$100 and \$300 to the time when they file their income tax returns. This shift in the timing of the receipt of the taxes is not expected to have a significant effect.

Long-Range Fiscal Implications:
