Assumptions Used in Arriving at Fiscal Estimate:

Assembly Bill 510 would permit any employee of an employer of at least 50 full-time individuals to take up to 16 hours per year to attend school conferences and day care, preschool or school activities.

The bill is an expansion of the statute providing for family and medical leave, and many of the same rights and provisions apply to time off for school conferences and activities. In particular, AB 510 would allow employees to use any paid or unpaid leave provided by the employer to cover the time off. This aspect of the bill would not have a fiscal impact on the UW System.

It is likely that supervisors would create some method of documenting and tracking leave time used to attend school conferences and activities. It is assumed that any increased cost relating to this extra work would be absorbed.
