

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-3020/P1dn
TNF:wlj:hmh

May 5, 1999

Please review this draft carefully to ensure it is consistent with your intent. In particular, please note proposed s. 341.14 (6r) (h). This provision allows *any* son or daughter to obtain special plates in the event his or her parent has not been issued special plates. The provision does not require the parent's permission or any certification, such as certifying that the special plates are for a vehicle that will be used to transport the parent. Finally, the draft requires a son or daughter to dispose of the special plates and obtain replacement plates if his or her parent is issued special plates. It might be helpful for you to review s. 341.14 (6r) (g) and (8), stats. Much of the wording in proposed s. 341.14 (6r) (h) is taken from these provisions.
