

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-3162/1dn
PJK:jlj:jf

June 11, 1999

1. I required that the court or family court commissioner order attendance at a program if the action is one for divorce or legal separation (the amendment applied only to divorces). Let me know if you want the requirement to apply strictly to divorces only.
2. For the exception, I included undue hardship, which is included in the exception to the mediation requirement under s. 767.11 (8) (b). Let me know if you want the exception to include only endangering the health or safety of one of the parties.
