Assumptions Used in Arriving at Fiscal Estimate <u>Assembly Amendment 1:</u> It is anticipated that this amendment will not have a fiscal impact on the Department of Corrections (DOC). <u>Assembly Amendment 2:</u> Currently, DOC has 190 AODA programs: 60 support programs (administered by volunteers), 19 programs administered by DOC staff, and 111 programs administered by various vendors. This amendment would require each vendor administering AODA services to DOC to provide the department with the results of an evaluation of the effectiveness of services in reducing alcohol and other drug abuse by recipients of their services. In order to accomplish this, DOC would prepare performance measures for each vendor who provides AODA services to the department. A questionnaire developed by DOC would be completed by the vendor and returned to DOC for compilation of data. It is estimated that it will take approximately 40 hours to review each of the AODA programs annually. This extra work load will require an additional 2.00 new permanent FTE state employees (Program and Planning Analyst 4s). These new staff will collect and review the data from the vendors for accuracy and completeness, contact vendors for additional information, and respond to inquiries from vendors. Site visits may also be conducted. Annualized position costs are estimated at \$97,800. One time costs associated with these positions is \$16,000. It is expected that self-reporting from the AODA vendors will increase vendor administrative costs thus decreasing dollars spent on actual programming. At this time, DOC is unable to determine the amount of lost programming. <u>Assembly Amendment 3:</u> It is anticipated that this amendment will not have a fiscal impact on DOC. <u>Assembly Amendment 4:</u> It is anticipated that this amendment will not have a fiscal impact on DOC.				
Long-Range Fiscal Implications
