

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-3575/1dn
RPN:cjs&ksh:kjf

September 9, 1999

I am concerned that the draft may create immunity in unintended situations, such as if the mother dies as a result of the birth of the child. Should we refer to wrongful birth and wrongful life actions as being subject to the immunity and then define those terms?
