Assumptions Used in Arriving at Fiscal Estimate:

This bill creates a new appropriation in the Office of Justice Assistance to award grants to law enforcement agencies for the purchase of cameras, other than video cameras. The cameras could be used to document traffic stops and domestic abuse incidents. Recipient agencies would be required to provide 50% matching funds.

Funding for the grants would be provided by a \$1 increase in the surcharge on a person who violates certain laws relating to driving while intoxicated and certain laws relating to domestic abuse. The Department of Health and Family Services will provide an estimate of those revenues.

The Office of Justice Assistance can administer the grant program within existing authority.
