

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-2522/P1dn
MES:jlg:km

April 27, 1999

This bill is based on WLCS 0006/P2 and I believe it meets your intent, but I'm not sure if anything under current law would prohibit a municipality from ensuring that funds that are raised to benefit a municipal fire department are used by the fire department. In other words, I'm not sure why current law is insufficient to meet your intent. If this bill does not meet your intent, please let me know exactly what problem exists that you would like to remedy.
