<b>Assumptions Used in Arriving at Fiscal Estimate</b>  Current law provides a procedure for the Department to involuntarily commit inmates to a mental health facility for mental health treatment under certain conditions. The total period of time the inmate may be committed may not exceed 180 days in any 365 day period.  This bill extends the time of the order of commitment for a state prison inmate from 180 days to a period not to exceed one year.  There could be some savings in legal services time to prepare documents for extending commitment orders. However, the total number of inmates that the Department directly seeks commitment orders for is only about a dozen per year, so that the time saved would not be a significant reduction in workload for the Department.  As far as can be determined, this bill will have no fiscal impact on the Department.		
<b>Long-Range Fiscal Implications</b>
