~~PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION~~

1 AN ACT relating to: ✓ nonmoving traffic violations involving rented or leased  
2 motor vehicles.

**Analysis by the Legislative Reference Bureau**

Under current law, an authority that issues citations for nonmoving traffic violations (parking tickets) may notify the department of transportation (DOT) if a person fails to pay a parking ticket or appear in court in response to a parking ticket, and may require DOT to suspend the registration of the offending vehicle, or to refuse registration of any vehicle owned by the violator, or to do both. The suspension or refusal of vehicle registration continues until the person appears in court in response to the parking ticket or pays the amount of the parking ticket and costs, if any, of suspending or refusing vehicle registration.

When a parking ticket is issued to a motor vehicle that is rented or leased to another, the process of resolving the parking ticket is more complex. A person engaged in the business of renting or leasing vehicles (lessor) generally is responsible for the parking tickets issued to its vehicles. However, an authority may not provide notice to DOT to suspend registration or refuse registration if the vehicle involved in the parking ticket is owned by a lessor; the vehicle was rented or leased to another when the parking ticket was issued; the lessor timely identifies the renter or lessee to the authority; and if the renter or lessee, after receiving notice from the authority, timely pays the forfeiture or appears in court in response to the parking ticket. If the renter or lessee fails to pay or appear as required, the authority may require DOT to refuse to register any vehicle owned by the renter or lessee, and the lessor must pay 50% of the forfeiture and costs applicable to the parking ticket. If the lessor fails

to pay 50% of the forfeiture and costs, the authority may require DOT to suspend the registration of the vehicle involved in the parking ticket. If the lessor pays 50% of the forfeiture and costs of a parking ticket, and that ticket is later paid in full by the renter or lessee, the lessor is refunded the 50% payment.

This bill relieves a lessor from liability for a parking ticket if the lessor identifies the renter or lessee to the authority. The bill eliminates the requirement that the lessor pay any part of a parking ticket issued to the rented or leased vehicle. As under current law, the lessor generally is liable for the parking ticket unless the lessor identifies the renter or lessee. The bill retains the required reimbursement of a lessor who pays any part of a forfeiture or costs of a parking ticket that is later paid by a renter or lessee.

This bill does not affect the Alternative Traffic Violation and Registration Pilot Program, under which DOT may authorize the city of Milwaukee to suspend the registration of any vehicle for unpaid parking tickets, including vehicles owned by a lessor.

For further information see the *state* and *local* fiscal estimate, which will be printed as an appendix to this bill.

***Analysis by the Legislative Reference Bureau***

Under current law, an authority that issues citations for nonmoving traffic violations (parking tickets) may notify the department of transportation (DOT) if a person fails to pay a parking ticket or appear in court in response to a parking ticket, and may require DOT to suspend the registration of the offending vehicle, or to refuse registration of any vehicle owned by the violator, or to do both. The suspension or refusal of vehicle registration continues until the person appears in court in response to the parking ticket or pays the amount of the parking ticket and costs, if any, of suspending or refusing vehicle registration.

When a parking ticket is issued to a motor vehicle that is rented or leased to another, the process of resolving the parking ticket is more complex. 1 **AN ACT** *regen* ~~to amend~~ 345.28 (4) (e), 345.28 (4) (h), 345.28 (5m) (b) and 345.285 (2)  
2 (a) (intro.); and to create 345.285 (2) (bm) of the statutes; **relating to:**  
3 nonmoving traffic violations involving rented or leased motor vehicles.

***Analysis by the Legislative Reference Bureau***

Under current law, an authority that issues citations for nonmoving traffic violations (parking tickets) may notify the department of transportation (DOT) if a person fails to pay a parking ticket or appear in court in response to a parking ticket, and may require DOT to suspend the registration of the offending vehicle, or to refuse registration of any vehicle owned by the violator, or to do both. The suspension or refusal of vehicle registration continues until the person appears in court in response to the parking ticket or pays the amount of the parking ticket and costs, if any, of suspending or refusing vehicle registration.

When a parking ticket is issued to a motor vehicle that is rented or leased to another, the process of resolving the parking ticket is more complex. A person engaged in the business of renting or leasing vehicles (lessor) generally is responsible for the parking tickets issued to its vehicles. However, an authority may not provide notice to DOT to suspend registration or refuse registration if the vehicle involved in the parking ticket is owned by a lessor; the vehicle was rented or leased to another when the parking ticket was issued; the lessor timely identifies the renter or lessee to the authority; and if the renter or lessee, after receiving notice from the authority, timely pays the forfeiture or appears in court in response to the parking ticket. If the renter or lessee fails to pay or appear as required, the authority may require DOT

**BILL**

to refuse to register any vehicle owned by the renter or lessee, and the lessor must pay 50% of the forfeiture and costs applicable to the parking ticket. If the lessor fails to pay 50% of the forfeiture and costs, the authority may require DOT to suspend the registration of the vehicle involved in the parking ticket. If the lessor pays 50% of the forfeiture and costs of a parking ticket, and that ticket is later paid in full by the renter or lessee, the lessor is refunded the 50% payment.

This bill relieves a lessor from liability for a parking ticket if the lessor identifies the renter or lessee to the authority. The bill eliminates the requirement that the lessor pay any part of a parking ticket issued to the rented or leased vehicle. As under current law, the lessor generally is liable for the parking ticket unless the lessor identifies the renter or lessee. The bill retains the required reimbursement of a lessor who pays any part of a forfeiture or costs of a parking ticket that is later paid by a renter or lessee.

This bill also prohibits the city of Milwaukee from suspending a rented or leased vehicle's registration, or taking other action, under the Alternative Traffic Violation and Registration Pilot Program under certain circumstances. Under the program, DOT may authorize the city of Milwaukee to suspend the registration of any vehicle for unpaid parking tickets, including vehicles owned by a lessor. The bill exempts rented or leased vehicles from such action under the program if the vehicle was in the possession of the renter or lessee at the time of the parking violation, and the owner timely identifies that renter or lessee to the city.

For further information see the state **and local** fiscal estimate, which will be printed as an appendix to this bill.

Transportation - traffic laws

1. **JACKET** the draft for introduction

in the **Senate** or the **Assembly** \_\_\_\_\_ (check only one). **Only** the requester under whose name the

drafting request is entered in the **LRB's** drafting records may authorize the draft to be submitted. Please allow one day for the preparation of the required copies.

2. **REDRAFT.** See the changes indicated or attached \_\_\_\_\_

A revised draft will be submitted for your approval with changes incorporated.

3. Obtain **FISCAL ESTIMATE NOW**, prior to introduction \_\_\_\_\_

If the analysis indicates that a fiscal estimate is required because the proposal makes an appropriation or increases or decreases existing appropriations or state or general local government fiscal liability or revenues, you have the option to request the fiscal estimate prior to introduction. If you choose to introduce the proposal without the fiscal estimate, the fiscal estimate will be requested automatically upon introduction. It takes about 10 days to obtain a fiscal estimate. Requesting the fiscal estimate prior to introduction retains your flexibility for possible redrafting of the proposal.

If you have any questions regarding the above procedures, please call 266-3561. If you have any questions relating to the attached draft, please feel free to call me.
