**INSERT A:**

Under current law, the technology for educational achievement in Wisconsin board (TEACH board) provides financial assistance to public library boards from the capital improvement fund for the purpose of making certain upgrades in electrical wiring and installing and upgrading computer network wiring. The state may contract public debt in an amount up to \$10,000,000 for providing this assistance. This bill decreases this limit on public debt to \$6,000,000.

The bill also allows the TEACH board to provide financial assistance from the capital improvement fund to public library boards for the purpose of purchasing communications servers, routers, hubs or switches for connecting to the Internet. The financial assistance may not be used for purchasing personal computers. The bill allows the state to contract public debt in an amount up to \$4,000,000 for providing this assistance.

Also under current law, the TEACH board administers a program for providing certain educational agencies with access to either a data line or video link. The educational agencies eligible for this assistance include school districts, private schools, cooperative educational service agencies, technical college districts, private colleges and public library boards. If a school district operates more than one high school, then it may receive access to more than one data line or video link.

\*

This bill allows a public library board that operates more than library facility to also receive access to more than one data line or video link. The bill also allows an educational agency that receives access to a data line to enter into a shared service agreement with a city, village, town or county for access to any excess bandwidth on the data line that is not used by the educational agency. In addition, the bill prohibits an educational agency that receives access to a data line from providing access to the data line to any business entity.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
