**1999 ASSEMBLY BILL 660**

Due TODAY  
3/14

January 19, 2000 – Introduced by Representatives UNDERHEIM, GROTHMAN, MUSSER and RYBA, cosponsored by Senators DARLING and WELCH. Referred to Committee on Education.

*Regenerate*

1 **AN ACT to amend** 119.04 (1); and to create 115.28 (45), 120.12 (27) and 121.91  
2 **(4) (h) of the statutes; relating to:** measuring a pupil's awareness of individual  
3 words in sounds and school district revenue limits.

**Analysis by the Legislative Reference Bureau**

This bill requires a school board to administer to each pupil enrolled in a 5-year-old kindergarten program a standardized test that measures the pupil's awareness of individual sounds in words (phonological awareness test) and to report to the department of public instruction (DPI) the results on the third grade reading examination and the reading portion of the fourth grade assessment for those pupils whose score on the phonological awareness test shows that they are at risk for developing reading problems. The bill also requires DPI to report the results of the phonological awareness test by school district to the legislature and to make these results available to the public.

Current law generally limits the increase in the total amount of revenue that a school district may receive from general school aids and property taxes to approximately \$212 per pupil in the 1999-2000 school year and, in subsequent school years, to the amount of revenue increase allowed per pupil in the previous school year increased by the percentage change in the consumer price index. This bill increases a school district's revenue limit by an amount equal to the administrative and reporting costs of the phonological awareness test.

**ASSEMBLY BILL 660**
