# 1999-2000 DRAFTING INSERT FROM THE LEGISLATIVE REFERENCE BUREAU

Current law prohibits any person from making a bomb scare (intentionally conveying or causing to be conveyed any threat or false information, knowing such to be false, concerning an attempt or alleged attempt being made or to be made to destroy any property by the means of explosives). Making a bomb scare is a Class E felony, punishable by a fine not to exceed \$10,000 or imprisonment not to exceed 5 years, or both.

Current law prohibits, with exceptions, any person from knowingly possessing a firearm at a place that the individual knows, or has reasonable cause to believe, is a school zone. Such a violation is a Class A misdemeanor, punishable by a fine not to exceed \$10,000 or imprisonment not to exceed 9 months, or both.

Current law prohibits, with exceptions, any person from knowingly, or with reckless disregard for the safety of another, discharging or attempting to discharge a firearm at a place the individual knows is a school zone. Such a violation is a Class D felony, punishable by a fine not to exceed \$10,000 or imprisonment not to exceed/10 years, or both.

This bill requires a court who convicts a person of one of the firearms offenses described above or of a bornb scare involving the measured destruction of school premises, or who adjudicates a juvenile delinquent for one of those offenses, to suspend the violator's operating privilege for two years. If the violator's operating privilege is suspended or revoked at the time of conviction, or if the violator is not eligible for an operator's license at the time of conviction, the period of suspension does not begin to run until the violator is eligible and applies for an operator's license.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

Subject: Eligibility for occupational license (LRB-421 I/I)

#### Representative Leibham,

I am writing to correct an error in my drafter's note to LRB-421 I/I (mandatory operating privilege suspension for bomb scares and firearms violations involving school premises). My note incorrectly states that a person whose operating privilege is suspended under the draft would not be eligible for an occupational license. In fact, as the bill is drafted any adult whose operating privilege is suspended would be eligible for an occupational license. As drafted, a juvenile would not be eligible for an occupational license. An occupational license allows the travel to and from work or school.

Please let me know if that draft meets your intent, or whether you would like to specify a different treatment with respect to occupational license eligibility.
