This draft prohibits the sale of gasoline to which methyl tertiary butyl ether (MTBE) has been added. The prohibition takes effect on January 1, 2001. I do not know how much gasoline containing MTBE is sold in this state or whether it will be difficult to obtain enough gasoline without MTBE and, in the parts of the state in which reformulated gasoline must be sold, with ethanol. The California prohibition takes effect on December 31, 2002. Please let me know if you would prefer a different effective date for this draft.

1. **JACKET** the draft for introduction

in the Senate or the Assembly  (check only one). Only the requester under whose name the drafting request is entered in the LRB's drafting records may authorize the draft to be submitted. Please allow one day for the preparation of the required copies.

2. **REDRAFT.** See the changes indicated or attached \_\_\_\_\_

A revised draft will be submitted for your approval with changes incorporated.

3. Obtain **FISCAL ESTIMATE NOW**, prior to introduction \_\_\_\_\_

If the analysis indicates that a fiscal estimate is required because the proposal makes an appropriation or increases or decreases existing appropriations or state or general local government fiscal liability or revenues, you have the option to request the fiscal estimate prior to introduction. If you choose to introduce the proposal without the fiscal estimate, the fiscal estimate will be requested automatically upon introduction. It takes about 10 days to obtain a fiscal estimate. Requesting the fiscal estimate prior to introduction retains your flexibility for possible redrafting of the proposal.

If you have any questions regarding the above procedures, please call 266-3561. If you have any questions relating to the attached draft, please feel free to call me.
