### ***Analysis by the Legislative Reference Bureau***

Under current law, a child or pregnant woman is eligible for medical assistance (MA) if he or she meets certain income and asset requirements. Currently, a child or pregnant woman who would have been eligible to receive benefits under the former aid to families with dependent children (AFDC) program is eligible for MA if his or her assets do not exceed one automobile with an equity value of \$1,500 and \$1,000 in cash assets. A child under the age of six or a pregnant woman whose income does not exceed 185% of the federal poverty level or a child who is between the ages of six and 19 years of age and whose income does not exceed 133.33% of the maximum payment amount under the former AFDC program is eligible for MA if his or her assets do not exceed one home, one automobile and \$2,000 in cash assets for a single individual, \$3,000 in cash assets for a family of two plus \$300 for each additional dependent family member.

This bill eliminates the asset requirements for MA eligibility for children under age 19 and pregnant women.
