

1999 ASSEMBLY JOINT RESOLUTION 98

December 30, 1999 – Introduced by Representatives MUSSER, LA FAVE, RYBA, HASENOHRL, NASS, SPILLNER and HOVEN, cosponsored by Senators GROBSCHMIDT, WIRCH and RISSER. Referred to Committee on Rules.

1 **Relating to:** memorializing Congress to make daylight savings time permanent
2 throughout the United States.

3 Whereas, many persons enjoy daylight savings time during part of the year;
4 and

5 Whereas, daylight savings time accords better with the rhythms of human life
6 and allows people to spend more time in outdoor activities in the evening; and

7 Whereas, daylight savings time increases productivity, improves health,
8 increases recreational activities and reduces auto accidents, crime and energy
9 consumption; and

10 Whereas, during World Wars I and II and during the oil crises of 1974 and 1975,
11 our nation turned to year-round daylight savings time as an economy measure to
12 conserve energy and improve the quality of life; and

13 Whereas, arguments against daylight savings time, such as the claim that it is
14 dangerous in the morning, are not supported by statistics; and
