Analysis by the Legislative Reference Bureau

Assembly Rule 9 (7m): The rule is created to establish an assembly committee on information policy and to permit the referral of proposals to the assembly committee, not only to the joint committee on information policy.

Assembly Rule 11 (1) and (3m): The rule is changed to provide that a member who is connected to a committee meeting, not just to a committee hearing, by means of a 2-way, audiovisual transmission shall be considered present at the meeting.

Assembly Rule 13 (3): The rule is repealed because it conflicts with Assembly Rule 14 (1).

Assembly Rule 24 (2) (a) and (b): The rule is changed to correct a reference to the committee on rules.

Assembly Rule 25 (1): The rule is changed to correct a reference to members of the supreme court. They are referred to as justices, not judges.

Assembly Rule 32 (1) (intro.): The rule is changed to clarify that the introductory language ending with the colon is not independent of the rest of the subsection, but is limited by the rest of the subsection.

Assembly Rule 65 (2) (e) and (g): The rules are changed to delete incorrect cross-references.

Assembly Rule 95 (52): The rule is changed to reflect the possibility that, under Assembly Rule 79 (1), both members paired on a vote could be absent.
