

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-2504/1dn
PEN:jlg:km

March 16, 1999

Sen. Burke:

Because current law already allows the reduction of a speed limit that is found to be unreasonable or unsafe, I restructured the proposed draft a little to allow for the reduction of a speed limit that is reasonable and safe, but that is inconsistent with the goal of preserving the historic character of a historical district. OK?
